the main difference between legislation and policy is that policy involves a course of action an organization or individual proposes or adopts in order to achieve rational goals whereas legislation involves laws and rules the government creates and implement this fact sheet is designed to shed light on what can often be a confusing area in public health the differences between legislative and administrative terms such as laws policies rules and regulations the definitions below are brief general and restricted to tobacco control examples legislation the preparing and enacting of laws by local state or national legislatures in other contexts it is sometimes used to apply to municipal ordinances and to the rules and regulations of administrative agencies passed in the exercise of delegated legislative functions as this chapter demonstrates there are a lot of different paths for policymaking policy is made by legislatures executives bureaucrats judges and the public it is also made at the federal state and local levels laws begin as ideas first a representative sponsors a bill the bill is then assigned to a committee for study if released by the committee the bill is put on a calendar to be voted on debated or amended if the bill passes by simple majority 218 of 435 the bill moves to the senate this report begins by summarizing how new legislation affects existing law the general approaches to amending federal law and how the organization of federal laws bears on the format of legislation the report then sets out the major components of federal bills such as findings and a policy is not in itself a law but the policy making process can identify laws that are needed to accomplish the policy s goals policies set out goals and planned activities laws establish institutional and legal frameworks to achieve them legislation refers to the preparation and enactment of laws by a legislative body through its lawmaking process the legislative process includes evaluating amending and voting on proposed laws and is concerned with the words used in the bill to communicate the values judgments and purposes of the proposal in general public policy refers to the concepts that underlie social rules which are frequently unwritten and implemented through programs as a course of action established and or legislated generally by a government or non profit organization in response to social challenges policy refers to a set of guidelines principles or rules formulated by an organization government agency or institution policies are typically developed to guide decision making and action within a specific context they serve as a framework for establishing standards and promoting consistency in how certain matters are addressed public policy generally consists of the set of actions plans laws and behaviours adopted by a government concern with the new governance draws attention to the extent to which these actions are often performed now by agents of the state rather than directly by the state according to this understanding legislation and regulation are two separate concepts that maintain a clear division of labor while legislation sets out the principles of public policy regulation implements these principles bringing legislation into effect public policy and legislation public policy encompasses the decisions regulations guidelines and rules that governments undertake to address and solve societal issues and fulfill the needs of the general public policy making and legislating executives and legislatures
