cominciai a seguire l'insegnamento del buddha dal momento in cui capii che il vero e proprio non è una religione una fede in una divinità e in una relazione con essa comunque articolata ma un umanesimo e più concretamente un sistema etico psicologico che propone metodi pratici per raggiungere qui e ora la piena realizzazione delle proprie potenzialità benefiche in occidente l'insegnamento del buddha è stato più volte interpretato in senso più o meno teistico il buddha come dio o come sua rappresentazione manifestazione ma quando mi resi conto che il buddha il risvegliato non pretendeva essere un dio o un profeta bensì esempio supremo di ciò che l'essere umano può diventare mi dissi questo sì che ha un senso il risvegliato insegna agli altri come risvegliarsi questo testo vuole contribuire alla comprensione della natura pratica e concreta dell'insegnamento del buddha il cui cuore è l'esercizio meditativo vi sono delineate le sue caratteristiche essenziali per offrire al lettore non specializzato un'introduzione generale che possa incoraggiare a farne esperienza nel 1972 in sri lanka ebbi la fortuna di leggere le parole del buddha la spiegazione di quello che lui stesso aveva sperimentato e di come anche altri possano arrivare alla stessa esperienza e così scoprii la straordinaria semplicità e la profonda concretezza del sentiero di quiete e visione profonda da lui indicato mi dedicai quindi allo studio dell'antica lingua pali e dei testi nel 1974 feci un corso di meditazione vipassana con il maestro indo birmano s n goenka questa pratica dell'insegnamento del buddha mi convinse ad accettare la sua validità come guida di vita e ad impegnarmi da allora al continuativo esercizio meditativo di vipassana ben sapendo che è una strada lunga a ogni passo mi appare giusta e benefica

demetrius of phalerum c 355 280bce of phalerum was a philosopher statesman he studied in the peripatos under theophrastus and subsequently used his political influence to help his teacher acquire property for the peripatetic school as overseer of athens his governance was characterized by a decade of domestic peace exiled to alexandria in egypt he became the adviser of ptolemy he is said to have been in charge of legislation and it is likely that he influenced the founding of the museum and the library this edition of the fragments of demetrius of phalerum reflects the growing interest in the hellenistic period and the philosophical schools of that age as a philosopher statesman demetrius appears to have combined theory and practice for example in the work on behalf of the politeia he almost certainly explained his own legislation and governance by appealing to the aristotelian notion of politeia that is a constitution in which democratic and oligarchic elements are combined in on peace he may have defended his subservience to macedon by appealing to aristotle who repeatedly recognized the importance of peace over war and in on fortune he will have followed theophrastus emphasizing the way fortune can determine the success or failure of sound policy whatever the case concerning any one title we can well understand why cicero regarded demetrius as a unique individual the educated statesman who was able to bring learning out of the shadows of erudition into the light of political conflict and that despite an oratorical style more suited to the shadows of the peripatos then to political combat the new edition of secondary reports by stork van ophuijsen and dorandi brings together the evidence for these and other judgments the facing translation which accompanies the greek and latin texts opens up the material to readers who lack

the ancient languages and the accompanying essays introduce us to important issues the volume will be of interest to those interested in greek literature hellenistic philosophy hellenistic history and generally to persons captivated by the notion of philosopher statesman william w forttenbaugh is professor of classics at rutgers university in addition to the other books in this series and his many articles professor forttenbaugh has written aristotle on emotion and quellen zur ethik theophrasts eckart schÄ³trumpf is professor of classics at the university of colorado at boulder he has recently been a member of the institute for advanced study in princeton new jersey his interests include ancient literary criticism rhetoric and political theory his extensive commentary on aristotle s politics is in progress three volumes on books 1 6 have appeared and a final volume on books 7 8 will be published soon

il secondo libro del digha nikāya la raccolta dei lunghi discorsi del buddha a causa della loro lunghezza non si tratta di discorsi veri e propri ma di lunghi testi scritti per un pubblico esterno all'insegnamento il che indica che furono creati come supporto per i missionari buddisti il libro dei grandi raccoglie 10 sutte in cui sono inclusi i quattro grandi discorsi il mahapadana il mahanidana il mahaparinibbana e il mahasatipatthana le altre sono sutte false nemmeno falsificate raccontano storie poco interessanti di personaggi improbabili che alla fine si rivelano essere antiche rinascite del buddha giustificando così la loro esistenza sono storie per intrattenere in contrasto con le storie di dibattito del primo libro non cercano di imitare la struttura regolare delle sutte e la loro formulazione è peggio ancora il loro contenuto il che dimostra una scarsa conoscenza da parte dei loro autori del resto dei nikaya sono contrassegnati da un doppio asterisco sebbene la misoginia sia una motivazione abbastanza comune nelle false sutte qui incontriamo un elemento nuovo la rinuncia alla femminilità per rinascere come uomo ho perso il mio attaccamento alla femminilità e ho sviluppato la mascolinità ma guarda come mi sono trasformata ero una donna e vivevo una vita banale ma ora sono nato di nuovo come uomo e io vivo nella gloria celeste tra i devas ma la macchia della falsità si estende anche a due dei grandi discorsi il mahapadana o la grande cronaca dei buddha che è un pamphlet di un barocco esagerato ed eccessivo anche per il gusto orientale e l'ampio mahaparinibbana che non è esente da falsità diffuse in tutta la sua vasta scrittura al contrario il mahanidana o grande discorso delle cause è una raccolta esaustiva della teoria dell'origine dipendente in un unico testo e il mahasatipatthana o grande discorso delle istruzioni della pratica fa lo stesso con diverse pratiche non sono tutte ma quelle che vengono trattate lo fanno in modo approfondito queste due sutte e una parte del mahaparinibbana rendono questo libro utile da solo

ricci s book ranges widely over calvino s oeuvre to illustrate the accuracy of the idea articulated by calvino himself that a visual image lies at the origin of all his narrative the book s main theme is the difficult interface between word and image that calvino struggled with throughout his career the act of perception that rendered visible that which was invisible and transformed what was seen into what is read ricci holds that calvino s narrative has an imagocentric program and that his literary strategy is ekphrastic i e it is characterized by literary description of visual representation real or imaginary the book is interdisciplinary in nature and will interest not only scholars of literature but also those who work with the visual arts and with information technology

the kilns at morgantina site of the well known excavations in central sicily are an outstanding example of multiple potters workshops in use during the late hellenistic period in fully documenting these ten kilns excavated between 1955 and 1963 ninina cuomo di caprio offers both a representative cross section of the physical setting of ceramic production in this ancient greek city and evidence for its daily industrial activity she includes detailed plans and section drawings of each kiln and formulates hypotheses on its operation in light of modern thermodynamics the text which is in italian is preceded by an english language summary cuomo di caprio s archaeological study of the kiln structures and their ceramic products is supplemented by such diagnostic tools as thermoluminescence analysis neutron activation analysis x ray diffraction and optical examination by

polarizing microscope opening an entirely new window into the everyday working practices of the morgantina potters this study demonstrates that they operated at a very sophisticated level selecting and purifying specific clays and adding certain materials to manipulate their working and firing characteristics originally published in 1992 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905
