## My Story 2013-08-20

my story an autobiography by mary astor prologue people have often said to me you haven t changed a bit they meant it as a compliment but i could hear it only as an accusation a statement of brutal fact and i have thought bitterly you are so right for i knew that if i had not changed i had not grown to be a perennial child an ethereal peter pan playing with pirates and indians throughout all eternity can be a lovely thing in the never never land of fantasy but it is an unhappy thing in life the child is born so that he may become a man it is his destiny to grow to learn to understand to assume responsibilities growth can be painful i know but i have found that a stunted and retarded growth can be a pain beyond belief my father often used to rebuke me by saying you are almost nine years old and then ten and then eleven and twelve and you haven t learned a thing well here i was fifty years old and i still hadn t learned a thing my father s rebuke had always seemed to imply a promise that years the very accumulation of years would bring experience and understanding so at whatever age i was i wished i were older at seventeen i longed to be twenty five at twenty i wanted to be a woman of the world of thirty at thirty i read that the french thought a woman did not reach a full maturity of beauty and attractiveness until she was forty finally at forty five i decided that the whole thing was a pack of lies where was the serenity that the years were to bring where was the cooling of passion s blood i realized that i who leaned on so many people and things had been leaning even on the abstraction of time i was still refusing to grow up to face the oppressive fact that i should long since have become a responsible mature adult i continued to seek people and things i could lean on to escape the need for making my own decisions and assuming responsibility for my own acts one event above all others should have brought me to a full realization of my responsibility and dignity as an individual but even in that i failed my conversion to the catholic church was almost purely emotional i felt instinctively that i had finally found something substantial to lean on never realizing that it is the church above all else that demands a stern and courageous individuality so my conversion did not turn out to be the conventional conversion story where the sinner is baptized and lives happily ever after i leaned and i fell it is true the church would repeatedly pick me up and dust me off after each fall she would dry my tears and heal my wounds and comfort me then she would gently say go walk alone with god but i couldn t walk alone so i windham press is committed to bringing the lost cultural heritage of ages past into the 21st century through high quality reproductions of original classic printed works at affordable prices this book has been carefully crafted to utilize the original images of antique books rather than error prone ocr text this also preserves the work of the original typesetters of these classics unknown craftsmen who laid out the text often by hand of each and every page you will read their subtle art involving judgment and interaction with the text is in many ways superior and more human than the mechanical methods utilized today and gave each book a unique hand crafted feel in its text that connected the reader organically to the art of bindery and book making we think these benefits are worth the occasional imperfection resulting from the age of these books at the time of scanning and their vintage feel provides a connection to the past that goes beyond the mere words of the text

the story of my life may be the most extraordinary autobiography ever written its author was only 22 when it was published in 1903 but her life to that point had already been most uncommon she had been rendered deaf blind and later mute by an illness at the age of 19 months and only years later learned to read speak and understand others through the dedication of a teacher extraordinary in her own right american author and activist helen adams keller 1880 1968 became famous thanks to the story of my life which was later adapted for stage and screen in various incarnations under the title the miracle worker a reference to that special teacher annie sullivan here in her own words is keller s firsthand experience of the dawning of enlightenment on the severely isolated child she was and her evolution into the educated and erudite young woman she became

it is with a kind of fear that i begin to write the history of my life i have as it were a superstitious hesitation in lifting the veil that clings about my childhood like a golden mist the task of writing an autobiography is a difficult one when i try to classify my earliest impressions i find that fact and fancy

look alike across the years that link the past with the present the woman paints the child s experiences in her own fantasy a few impressions stand out vividly from the first years of my life but the shadows of the prison house are on the rest besides many of the joys and sorrows of childhood have lost their poignancy and many incidents of vital importance in my early education have been forgotten in the excitement of great discoveries in order therefore not to be tedious i shall try to present in a series of sketches only the episodes that seem to me to be the most interesting and important
