to what the kids are saying i had a lot of fun with steps 1 to 7 they really helped me with my work

comments from an 8th grade student the first thing i learned was steps 1 7 i learned how to write better paragraphs

comments from an 8th grade student i learned how to web my ideas using complete sentences

comments from an 8th grade student i did really well on my writing assessment because i used the 7 steps

comments from a 9th grade student i couldn t write a complete sentence with these steps i can write complete paragraphs and essays for language arts and geography i did well in my writing test too

comments from a 9th grade student listen to what teachers are saying i have been in meetings where parents have commented how effective her writing program has been with helping their kids i ve often heard parents express their gratitude for their child s success due to ms posey s teaching

comments from a junior high teacher after the 9th graders took the writing assessment several of the students commented on how good they felt about their writing abilities that were a direct result of the efforts of ms posey

comments from a junior high teacher her strategies and writing techniques resulted in 50 improvement an impressive increase in the scores of resource students for the 9th grade direct writing assessment this is the highest achievement i ve seen in my 30 years of teaching

held 5 7 october 2015 in leipzig germany this conference is a collaborative venture by researchers
from the south african research programme in concrete materials based at the universities of cape
town and the witwatersrand and the material science group at leipzig university and the leipzig
institute for materials research and testing mfra in germany iccrrr 2015 continues to seek and to
extend a sound base of theory and practice in repair and rehabilitation through both theoretical
and experimental studies and through good case study literature two key aspects need to be
addressed that of developing sound and easily applied standard practices for repair possibly codified
and the need to study seriously the service performance of repaired structures and repair systems in
fact without making substantial efforts to implement the latter goal much of the effort in repair and
rehabilitation may prove to be less than economical or satisfactory the conference proceedings
contain papers presented at the conference which can be grouped under the six main themes of i
concrete durability aspects ii condition assessment of concrete structures iii modern materials
