The Unbearable Lightness of Being 1992 slowness was milan kundera's first novel written in french disconcerted and enchanted the reader follows him through a midsummer's night in which two tales of seduction separated in time by more than two hundred years interweave and oscillate between the sublime and ridiculous as kundera's readers would expect slowness is at the same time a formidable display of existential analysis slowness and rapidity discretion and exhibitionism are the principal concepts and those which are to the reader like vital keys for understanding life in our contemporary world

Slowness 2020-11-09 this breathtaking reverberating survey of human nature finds kundera still attempting to work out the meaning of life without losing his acute sense of humour it is one of those great unclassifiable masterpieces that appear once every twenty years or so it will make you cleverer maybe even a better lover not many novels can do that nicholas lezard gg

The Lightness of Hands 2020-04-14 wilson has blended h p lovecraft s dark vision with his own revolutionary philosophy and unique narrative powers to produce a stunning high tension story of vaulting imagination a professor makes a horrifying discovery while excavating a sinister archaeological site for over 200 years mind parasites have been lurking in the deepest layers of human consciousness feeding on human life force and steadily gaining a foothold on the planet now they threaten humanity s extinction they can be fought with one weapon only the mind pushed to and beyond its limits pushed so far that humans can read each other s thoughts that the moon can be shifted from its orbit by thought alone pushed so that man can at last join battle with the loathsome parasites on equal terms

The Mind Parasites 2013-05-15 the classic of literary criticism from one of the world s greatest novelists in seven independent but closely related chapters milan kundera presents his personal conception of the european novel which he describes as an art born of the laughter of god invigoratingly suggestive kundera s map of the development of the european novel is outlined with the reckless brevity of the man who knows exactly what and where the salient points are london review of books kundera is the saddest funniest and most loveable of authors the times

The Art of the Novel 2020-12-23 a man and a woman meet by chance while returning to their homeland which they had abandoned twenty years earlier when they chose to become exiles will they manage to pick up the thread of their strange love story interrupted almost as soon as it began and then lost in the tides of history the truth is that after such a long absence their memories no longer match we always believe that our memories coincide with those of the person we loved that we experienced the same thing but this is just an illusion then again what can we expect of our weak memory it records only an insignificant minuscule particle of the past and no one knows why it s this bit and not any other bit we live our lives sunk in a vast forgetting a fact we refuse to recognise only those who return after twenty years like odysseus returning to his native ithaca can be dazzled and astounded by observing the goddess of ignorance first hand milan kundera is the only author today who can take such dizzying concepts as absence memory forgetting and ignorance and transform them into material for a novel masterfully orchestrating them into a polyphonic and moving work

Ignorance 2020-12-23 with the same dazzling mix of emotion and idea that characterizes his novels he illuminates the art and artists who remain important to him and whose work helps us better understand the world an astute and brilliant reader of fiction kundera applies these same gifts to the reading of francis bacon s paintings leos janáček s music the films of federico fellini as well as to the novels of philip roth dostoyevsky and garcía márquez among others he also takes up the challenge of restoring to their rightful place the work of major writers like anatole france and curzio malaparte who have fallen into obscurity milan kundera s signature themes of memory and forgetting the experience of exile and his spirited championing of modernist art mark these essays art he argues is what we have to cleave to in the face of evil against the expression of the darker side of human nature elegant startlingly original and provocative encounter follows kundera s essay collections the art of the novel testaments betrayed and the curtain

Encounter 2020-10-09 sometimes perhaps only for an instant we fail to recognise a companion for a moment their identity ceases to exist and thus we come to doubt our own the effect is at its most acute in a couple where our existence is given meaning by our perception of a lover and theirs of us with his astonishing skill at building on and out from the significant moment kundera has placed such a situation and the resulting wave of panic at the core of the novel in a narrative as intense as it is brief a moment of confusion sets in motion a complex chain of events which forces the reader to cross and recross the divide between fantasy and reality profound sad and disquieting but above all a love story identity provides further proof of kundera s astonishing gifts as a novelist

Birds of America 2012-03-07 in this entertaining and always stimulating collection of seven essays kundera deftly sketches out his personal view of the history and value of the novel too often he suggests a novel is thought about only within the confines of the nation of its origin when in fact the novel's development has always occurred across borders laurence Sterne learned from Rabelais Henry Fielding from Cervantes Joyce from Flaubert García Márquez from Kafka the real work of a novel is not bound up in the specifics of any one language what makes a novel matter is its ability to reveal some previously unknown aspect of our existence in the curtain kundera skillfully describes how the best novels do just that

The Curtain 2020-10-09 casting light on the most serious of problems and at the same time saying not one serious sentence being fascinated by the reality of the contemporary world and at the same time completely avoiding realism that's the festival of insignificance readers who know kundera's earlier books know that the wish to incorporate an element of the unserious in a novel is not at all unexpected of him in *Immortality* Goethe and Hemingway stroll through several chapters together talking and laughing and in *Slowness* Vera the author's wife says to her husband you've often told me you meant to write a book one day that would have not a single serious word in it i warn you watch out your enemies are lying in wait now far from watching out kundera is finally and fully realizing his old aesthetic dream in this novel that we could easily view as a summation of his whole work a strange sort of summation strange sort of epilogue strange sort of laughter inspired by our time which is comical because it has lost all sense of humor what more can we say nothing just read
