The closest we'll ever get to a straight-up Bowie autobiography but who'd ever want anything straight up from Bowie? Rolling Stone in 2002, David Bowie and Mick Rock created *Moonage Daydream*, the defining document of the life and times of Ziggy Stardust. Twenty years later, it remains the closest readers will get to understanding Bowie through his own words, alongside over 600 photographs taken by Mick Rock. Bowie's intimate and often humorous commentary gives unprecedented insight into his best and most memorable creation. Readers can see how Bowie singlehandedly challenged and elevated 1970s culture through his style, his inspirations, which ranged from Kubrick to Kabuki, and his creative spirit which persevered through the decades. *Moonage Daydream* is the essential David Bowie book, first published as a signed limited edition. *Moonage Daydream* sold out in a matter of months and became lore among David Bowie fans. Now on the 50th anniversary of Bowie's acclaimed album *The Rise and Fall of Ziggy Stardust and the Spiders from Mars*, the book is available again in a brand new unabridged edition, keeping to Bowie and Rock's original vision, allowing readers to explore *Moonage Daydream* the way the authors intended. This is a book of extraordinary photographs. Ziggy Stardust blazed briefly but intensely, and I am delighted to see his life and times as a rock n roll star immortalised in this book. David Bowie

After the long exile on Earth, John Carter finally returned to his beloved Mars, but beautiful Dejah Thoris, the woman he loved, had vanished. Now he was trapped in the legendary Eden of Mars, an Eden from which none ever escaped alive. *The Gods of Mars* is a science fantasy novel by American writer Edgar Rice Burroughs, the second of his Barsoom series. It was first published in the *All-Story* as a five-part serial in the issues for January and May 1913. It was later published as a complete novel by a McClurg in September 1918. Excerpt: "For moments after that awful laugh had ceased reverberating through the rocky room, Tars Tarkas and I stood in tense and expectant silence, but no further sound broke the stillness, nor within the range of our vision did aught move. At length Tars Tarkas laughed softly, after the manner of his strange kind, when in the presence of the horrible or terrifying it is not an hysterical laugh, but rather the genuine expression of the pleasure they derive from the things that move Earth men to loathing or to tears. Often and again have I seen them roll upon the ground in mad fits of uncontrollable mirth when witnessing the death

agonies of women and little children beneath the torture of that hellish green martian fete the great games i looked up at the thark a smile upon my own lips for here in truth was greater need for a smiling face than a trembling chin
