a very practical text that provides professionals new to this arena with a good introduction to  
what they can expect to encounter in online work the book contains numerous thought  
provoking examples and exercises for those contemplating work in virtual arenas terry hanley

lecturer in counselling university of manchester it s tempting to think that face to face experience translates straightforwardly to online work but it doesn t jane evans shows how many different aspects there are to counselling on line my advice would be don t attempt it until you have worked through this book professor michael jacobson author of psychodynamic counselling in action counsellors and other professionals who provide emotional support and guidance are increasingly working online the difference between online and face to face interaction with clients is vast and practitioners need to equip themselves with specialist knowledge and skills to ensure that they are being effective online counselling and guidance skills is the first book to deal with the practicalities of this mode of working it looks at how practitioners need to adapt their basic counselling skills to the online environment and guides them through the process of setting up defining and maintaining a working relationship with a client within professional ethical and legal boundaries case studies and extracts from online

sessions show how the skills are put into practice while practical exercises and points for further consideration help readers to develop their own knowledge and skills until now books and articles have generally focused on the therapeutic work done by counsellors online however this book addresses people who use counselling skills in a wide range of contexts including counselling education mental health social care and careers guidance
