## **When Mongrel Dogs Teach**

2016-08-17

imagine being able to ask your poodle who s at the door and having her respond it s katy or asking your golden retriever do you want a treat and him responding no water or asking your border collie which toy do you want and getting the response stick if you ve ever wondered what dogs would tell us if they could now you can find out the k9sign system teaches dogs to communicate to us making it a first in any dog training book category dogs can sign too is the first book dedicated exclusively to the k9sign system for teaching dogs to communicate to their human companions using a vocabulary of gestures this extraordinary education tool developed by the creator of animalsign language exclusively for the canine community teaches people and their pets a unique mode of communication that employs an extensive lexicon of specific signs sample signs range from general concepts such as food or play to identifying special treats such as liver or cheese and specifying a favorite toy such as ball or frisbee signs also include useful questions such as who s that or what type to naming a particular friend or family member or even indicating a stranger learning and practicing k9sign is a fun challenging and rewarding experience for both you and your dog that is sure to deepen the human canine bond while expanding our ideas about interspecies communication

## **Teacher's Pet**

2017-04-20

teaching dogs effective learning is the second in a series of ebooks that present collected essays by author and dog trainer eric brad previously published for an online magazine these essays have been put together on the theme of how and why we train our dogs training our dogs has evolved mostly out of necessity and science has not had much to do with it over the past 40 years dog trainers have become familiar with behavioural science pioneered by ivan pavlov b f skinner and

others and a new kind of dog training is emerging these essays offer a look into the author s journey from more traditional methods of dog training to a more modern scientific approach it is a journey filled with delightful surprises frustrations and a lot of learning each essay is introduced by the author with some insight on its inspiration and how it came to be written the book also includes all new introduction and epilogue essays that highlight the thematic nature of the book and discuss the larger concepts that the author tries to cover
