we are drowning in paper we keep stacks of it on the kitchen counter stash it in drawers and stuff file cabinets full of documents just one file cabinet can hold 18 000 sheets of paper yikes despite this clear crisis of paper there hasn t been a book devoted to managing and organizing this single most abundant item in our homes until now in the paper solution lisa woodruff delivers a proven step by step guide to decluttering the paper in our lives and sorting what s left behind into easily accessible structured and most importantly manageable files the system woodruff offers isn t based on unrealistic advice such as touch a piece of paper only once instead it accounts for paper s unique qualities its sentimental value ability to accumulate astonishingly fast the generational differences in how it s treated and the fact that it s not going anywhere despite the popularity of minimalism movements such as kon mari woodruff s approach is doable effective and compassionate much more than simply cleaning out your files the paper solution will help you organize your paperwork with a purpose removing the heavy burden of a chaotic mess and giving you the space and time to enjoy what you love and discover a sense of peace
