Man's Measure 2005-10-30

this book explores the answers to fundamental questions about the human mind and human behaviour with the help of two ancient texts the first is oedipus rex oedipus tyrannus by sophocles written in the 5th century bce the second is human dna with its origins around 4 billion years ago and continuously revised by chance and evolution with sophocles as a guide the authors take a journey into the genomic era an age marked by ever expanding insights into the human genome over the course of this journey the book explores themes of free will fate and chance prediction misinterpretation and the burden that comes with knowledge of the future self fulfilling and self defeating prophecies the forces that contribute to similarities and differences among people roots and lineage and the judgement of oneself and others using oedipus rex as its lens this novel work provides an engaging overview of behavioural genetics that demonstrates its relevance across the humanities and the social and life sciences it will appeal in particular to students and scholars of genetics education psychology sociology and law

Oedipus at Colonus 2021-04-07

the exodus has a risky and combative character that links individuals to their unconscious to the uncertainty of their reality and to the possibility of the disturbing event of the incalculable arrival of the other this encounter with the unknown does not expect a messianic salvation but a human solution which is aware that change requires the abandonment of self referential identities this eccentricity is more than evasive desertion or escapism but an experiment with new modes of organizing community that grows on the responsibilities that go with it this collected volume gathers contemporary philosophical perspectives on the exodus examining the story's symbolic potentials and dynamics in the light of current social political events the imagination of the promised land the figure of the migrant the provisional and precarious dwelling of the camp the promise of a better future or the gradual estrangement from inherited habits are all challenges of our time that are already conceptualized in the exodus the authors reaffirm the pertinence of the story by addressing the fundamental link between the ancient narrative and the human condition of the 21st century

Masterpieces of Classic Greek Drama 2021-10-30

How the Socratic Method Engenders Authentic

Educational Experiences 2019-10-15

get the most out of reading with this an engaging and fun guide to the deeper meanings in great works of literature from the epic of gilgamesh to aristotle and cicero and from shakespeare and the king james bible to wuthering heights war and peace the adventures of huckleberry finn and the nobel winning lyrics of bob dylan the world of literature is an integral part of our lives great literature can shape and form thoughts and opinions as well as influence politics and predict the future reading can truly enrich our lives but it can sometimes be daunting to get the most out of a great work of literature the handy literature answer book understand and enjoy meanings symbolism and signs in great works is an engaging easy to read look at literature basics such as themes symbols context and other literary devices different literary forms including novels poems plays short stories memoirs and literary nonfiction are analyzed hundreds of important stories and great works are used as illustrative examples learn about the five basic questions for any work of literature including what is the significance of a title what is conflict what is character development what is point of view how does a setting affect a story what are the different schools of literary criticism and many more bringing the most out of the reading experience the handy literature answer book deciphers and analyzes stories novels and verses through insightful in depth answers to nearly 400 common questions you will also read about such fascinating tidbits as what are the key components of literature how is reading literature different from other kinds of reading why is artful reading so hard what do poems do how should a poem be read for its comparisons metaphors and similes what according to poe should be the method of the short story writer how do you recognize the difference between story and plot in a short story how can you recognize a symbol what are the defining characteristics of the novel how did the novel evolve from a popular literary entertainment to the modern novel what is the difference between drama and theater what is the best way to understand and appreciate shakespearean drama what approaches should you take in reading an essay what are characteristics of a memoir this handy primer from two highly regarded experts also includes a glossary of essential literary terms a timeline a helpful bibliography and an extensive index adding to its usefulness making reading more enriching rewarding and enjoyable the handy literature answer book is a wonderful eye opening read

Oedipus Rex in the Genomic Era 2013-10-08

this book simultaneously tells a story or rather stories and a history the stories are those of greek leftists as paradigmatic figures of abjection given that between 1929 and 1974 tens of thousands of greek dissidents were detained and tortured in prisons places of exile and concentration camps they were sometimes held for decades in subhuman conditions of toil and deprivation the history is that of how the greek left was constituted by the greek state as a zone of danger legislation put in place in the early twentieth century postulated this zone once the zone was created there was always the possibility which came to be a horrific reality after the greek civil war of 1946 to 1949 that the state would populate it with its own citizens indeed the greek state started to do so in 1929 by identifying ever increasing numbers of citizens as leftists and persecuting them with means extending from indefinite detention to execution in a striking departure from conventional treatments neni panourgia places the civil war in a larger historical context within ruptures that have marked greek society for centuries she begins the story in 1929 when the greek state set up numerous exile camps on isolated islands in the greek archipelago the legal justification for these camps drew upon laws reaching back to 1871 originally directed at controlling brigands that allowed the death penalty for those accused and the banishment of their family members and anyone helping to conceal them she ends with the 2004 trial of the revolutionary organization 17 november drawing on years of fieldwork panourgia uses ethnographic interviews archival material unpublished personal narratives and memoirs of political prisoners and dissidents to piece together the various microhistories of a generation stories that reveal how the modern greek citizen was created as a fraught political subject her book does more than give voice to feelings and experiences suppressed for decades it establishes a history for the notion of indefinite detention that appeared as a legal innovation with the bush administration part of its roots panourgia shows lie in the laboratory that greece provided for neo colonialism after the truman doctrine and under the marshall plan

The Pertinence of Exodus: Philosophical Questions on the Contemporary Symbolism of the Biblical Story 2018-07-01

the typical american family has changed dramatically since the days of ozzie and harriet and father knows best double income families are now

the rule and fathers are much more involved in raising the children and cleaning house reactions to these changes have been diverse ranging from grave misgivings to a sense of liberation and new possibility groups as diverse as promise keepers the million man march and robert bly's mythopoetic men's movement tell us that fathers are important from the fundamentalist right to the feminist left opinions about the changing nature of the family and the consequent rethinking of gender roles have been vehement if not always very well founded in family man sociologist scott coltrane brings a wealth of compelling evidence to this debate over the american family drawing on his own extensive research and many fascinating interviews coltrane explodes many of the common myths about shared parenting provides first hand accounts of men's and women's feelings in two job families and reveals some innovative solutions that couples have developed to balance job and family commitments readers will find an insightful discussion of precisely how and why family life has changed what forms it may take in the future and what new kinds of fathers may be on the horizon the author firmly places these questions within a broad contextual framework he provides for instance an illuminating history of the family that shows that far from being a fixed structure the family has always adapted to changing economic social and ideological pressures and by examining how families operate in a variety of non industrial societies he demonstrates that our own notions of gender specific work and parenting roles are culturally rather than biologically determined and thus inherently flexible and indeed these roles are changing while contemporary american women still perform the bulk of domestic tasks family man gives us decisive evidence that men are becoming increasingly involved in both housework and childrearing coltrane argues convincingly that this trend will continue given the current economic situation with two job households now the norm and the gradual ideological shift away from restrictive gender roles more and more couples will find it both necessary and desirable to share the workload more important coltrane suggests that as fathers participate more fully in raising their children and performing traditionally female household tasks men will themselves be transformed by the experience in profoundly positive ways and american society as a whole will move closer to true gender equity family man succeeds brilliantly in bringing clarity perspective and above all hope to a discussion that is too often shrill chaotic and beset with the rhetoric of nostalgia it shows us not only exactly where the family is today but where it has been and what it may become

OCR Psychology: AS Revision Guide 2009-08-25

a companion to sophocles presents the first comprehensive collection of essays in decades to address all aspects of the life works and critical reception of sophocles first collection of its kind to provide introductory essays to the fragments of his lost plays and to the remaining fragments of one satyr play the ichneutae in addition to each of his extant tragedies features new essays on sophoclean drama that go well beyond the current state of scholarship on sophocles presents readings that historicize sophocles in relation to the social cultural and intellectual world of fifth century athens seeks to place later interpretations and adaptations of sophocles in their historical context includes essays dedicated to issues of gender and sexuality significant moments in the history of interpreting sophocles and reception of sophocles by both ancient and modern playwrights

Family Man 2016-08-09

in hidden questions clinical musings m robert gardner chronicles an odyssey of self discovery that has taken him beneath and beyond the categories and conventions of traditional psychoanalysis his essays offer a vision of psychoanalytic inquiry that blends art and science a vision in which the subtly intertwining not quite conscious questions of analysand and analyst gradually discerned open to ever widening vistas of shared meaning gardner is wonderfully illuminating in exploring the associations images and dreams that have fueled his own analytic inquiries but he is no less compelling in writing about the different perceptual modalities and endlessly variegated strategies that can be summoned to bring hidden questions to light this masterfully assembled collection exemplifies the lived experience of psychoanalysis of one of its most gifted and reflective practitioners in his vivid depictions of analysis oscillating between the poles of art and science word and image inquiry and self inquiry gardner offers precious insights into tensions that are basic to the analytic endeavor evincing rare virtuosity of form and content these essays are evocative clinical gems radiating the humility gentle skepticism and abiding wonder of this lifelong self inquirer gardner s most uncommon musings are a gift to the reader

A Companion to Sophocles 1999

the solo singer takes center stage in euripides late tragedies solo song what the ancient greeks called monody is a true dramatic innovation combining and transcending the traditional poetic forms of greek tragedy at the same time euripides uses solo song to explore the realm of the interior and the personal in an expanded expressive range contributing

to the current scholarly debate on music emotion and characterization in greek drama this book presents a new vision for the role of monody in the musical design of ion iphigenia among the taurians phoenician women and orestes drawing on her practical experience in the theater catenaccio establishes the central importance of monody in euripides art
