**Pedro Páez's History of Ethiopia, 1622 /
Volume II**

1961

this book in two volumes contains an annotated english translation of
the história da etiópia by the spanish jesuit missionary priest pedro
páez pêro pais in portuguese 1564 1622 who worked in the portuguese
padroado missions first in india and then in ethiopia long thought to be
the kingdom of the legendary prester john his history of ethiopia was
written in portuguese in the last ten years of his life and survives in only
two manuscripts the translation by christopher j tribe is based on the
new critical edition of the portuguese text by isabel boavida hervé
pennec and manuel joão ramos which was published in lisbon in 2008
they are also the editors of this english version the history of ethiopia is
an essential source for several areas of study from the history of the
catholic missions in that country and the relations between the
european religious orders to the history of art and religions from the
history of geographical exploration to the ideological contextualization
of the ethiopian kingdom from material culture to abyssinian political
and territorial administration and from an analysis of local
circumstances to changes in human ecology in the horn of africa and the
indian ocean it is a repository of empirical knowledge on the political
geography religion customs flora and fauna of ethiopia it combines
travel narrative with a historico ethnographic monograph and is a
chronicle of the activities of jesuit missionaries in their ethiopian

first imperial powers on a worldwide scale between 1580 and 1640

when these two entities were united they achieved an almost global hegemony constituting the largest political force in europe and abroad although they lost their political primacy in the seventeenth century both monarchies survived and were able to enjoy a relative success until the early 19th century the aim of this collection is to answer the question how and why their cultural and political legacies persist to date part i focuses on the construction of the monarchy examining the ways different territories integrated in the imperial network mainly by inquiring to what extent local political elites maintained their autonomy and to what a degree they shared power with the royal administration part ii deals primarily with the circulation of ideas models and people observing them as they move in space but also as they coincide in the court which was a veritable melting pot in which the various administrations that served the kings and the various territories belonging to the monarchy developed their own identities fought for recognition and for what they considered their proper place in the global hierarchy part iii explains the forms of dependence and symbiosis established with other european powers such as genoa and the united provinces attempting to reorient the politics of these states political and financial co dependence often led to bad economic choices the editors and contributors discard the portrayal of the iberian monarchies as the accumulation of many bilateral relations arranged in a radial pattern arguing that these political entities were polycentric that is to say they allowed for the existence of many different centres which interacted and thus participated in the making of empire the resulting political structure was complex and unstable albeit with a general adhesion to a discourse of loyalty to king and religion

Caste, Catholic Christianity, and the Language of Conversion

1994

o presente volume publica as atas do iº encontro internacional pensar o barroco em portugal 26 28 de junho de 2017 que se ocupou do pensamento metafísico ético e político de francisco suárez contando com a colaboração de alguns dos maiores especialistas internacionais na obra e no pensamento deste famoso professor da universidade de coimbra no século xvii este volume celebra os 400 anos da sua morte e assinala a produtividade do seu legado filosófico teológico
