stearns but the very foundations of wall street a few years after i had been out of high school i had started to learn how to write poetry i was about 23 years old at the time i was learning how to write and at the same time i was helping around the family farm while growing up on the farm we had a prime example to follow because our grandmother agnes just reid was a well known local author she had written and published a book about her mother s life along with three volumes of poetry i am the fifth of seven children with an older sister three older brothers and two younger sisters early in my experimental writing stage i had one of my first pieces of poetry published my grandmother was still alive at the time of all of my family members i am the only one who cared about carrying on the writing tradition that our grandmother started writing has been a life long interest of mine and the thing i cared about most in my whole life minnesota archive editions uses digital technology to
