The Dao of SEO 2008-04-01

Figuring out the SEO world is like trying to solve a great mystery with every truth having an exception and every exception being someone's truth. All too often it is a world full of half truths and urban myths for those of you just looking for tips or step by step guidelines these first few pages may be a hard read unless you like philosophy. The reason is simple I have to tell you why I have called this book The Dao of SEO. It concerns the number one mistake people make when trying to succeed on the internet and it concerns the philosophical reasons for that mistake. I have to talk about the philosophy of Daoism and Yin Yang theory. Don't worry it will be fun. In my book you will learn industry jargon such as optimization, SEO spiders and crawlers, algorithm, search engine ranking, SERP, on page versus off page ranking factors, link popularity, page rank, toolbar page rank, white hat SEO, black hat SEO, source and source code and much much more.

Take Control of Siri, 2nd Edition 2020-12-21

make the most of apple s digital assistant version 2 0 published december 22 2020 when it comes to using your apple devices siri is increasingly the hands free time saving and fun technology that ties everything together whether you want to ask a question make a call find your iphone or set a timer not only can siri do it but it usually offers the fastest way this book explores how to get the most out of siri on your iphone ipad ipod touch apple watch mac and homepod siri apple s voice controlled digital assistant has been around since 2011 when it debuted on the iphone but since then it has become vastly more powerful and useful and has spread across apple s entire ecosystem it now runs on ios ipados macos apple watch apple tv and homepod siri can listen and speak in a wide range of languages and accents perform a long list of helpful day to day tasks and keep you entertained in the process although siri is easy to use it s so multitasking that you might easily overlook some of its best features in this book former macworld editor scholle mcfarland takes you deep into siri s capabilities you ll learn tons of tips and tricks about making the most of siri discover how siri can increase your efficiency and productivity lend a hand when you re in the car or out for a jog and even make it simpler to play music or find movies and tv shows to watch among many other things this book teaches you what hardware and software you need to use siri how to change siri s language and voice ways to personalize siri by telling it about yourself your contacts and more the numerous ways to activate siri by touch or by voice how to use siri with airpods wired earbuds or third party headphones what to do if the wrong device answers your hey siri request how to ask siri about sports math and conversions time food health movies people stocks the weather jokes real world sounds and random facts tips for asking siri follow up questions how to control music on any device with or without an apple music subscription techniques for using siri to get directions set reminders and appointments send messages and email and take notes ways to use siri to search for files on your mac what siri can and can t do for you on an apple tv or homepod how to make and use shortcuts for use with siri on an ios ipados device or apple watch how to get your homepod to recognize different people s voices everything you need to know about your privacy where siri is involved plus bonus videos since siri is an audio based interactive tool there are some things that are more readily demonstrated than written about so scholle has put together a series of videos that illustrate techniques from her book allowing you to see and hear exactly what happens as you use siri whether you re new to siri or a seasoned pro you re sure to find lots of tricks and suggestions in this book to improve your experience of using siri

Take Control of Managing Your Files, 2nd Edition 2023-05-23

take the pain out of dealing with files and folders version 2 0 updated may 23 2023 your apple devices contain an overwhelming number of files and folders and as these items accumulate they create more work for you does your file management system involve throwing everything on the desktop and then pawing through it laboriously when you need to find something do you even have a system there s a better way this book helps you organize search and clean up the files on your mac iphone and ipad providing practical steps and realistic strategies to save time reduce clutter and decrease stress n apple users have fantastic tools at their disposal for using creating and editing files of all kinds but few of us have any real strategy for naming organizing or tagging those files making them increasingly difficult to find later on in this book veteran technology author jeff carlson helps you make sense of what could be millions of files on your mac iphone or ipad so that you can spend less time hunting for things and more time doing useful work or having fun jeff starts by helping you set appropriate file management goals and develop overall strategies that fit your needs and preferences then he gets into the details of how to use the finder on a mac the files app in ios and ipados and third party tools to make sense of your files and folders and easily find what you re looking for this book covers topics such as how to keep important items in sync among your devices choosing when to use internal storage vs external storage such as an external hard drive a nas or the cloud whether and how to use icloud drive to sync your files including desktop and documents folders how to create shortcuts to your favorite files and folders understanding how the macos folder hierarchy works the best ways to use the desktop what you should consider when creating a folder hierarchy why and how to use tags to categorize files how you can automatically sort rename and file items on your mac ways you can collaborate with others on the same files and folders when to consider third party information management apps such as devonthink how to find files and folders with spotlight in macos ios and ipados alternative search tools you might want to consider how to work your way through a long backlog of unsorted or poorly sorted files techniques for encrypting sensitive files and other data ways to free up storage space if you re struggling with file management this book will help you get a grip on the process and get your devices to do more of the hard work for you

Take Control of Your Digital Storage, 2nd Edition 2022-07-07

the mac user s guide to mass storage version 2 3 updated july 7 2023 this book demystifies storage on the mac from mechanical hard drives to solid state disks and covering topics such as network attached storage nas cloud storage repairing and managing disks encryption filesystems including apfs and managing data as the amount of data we store continues to grow figuring out where to put it and how to access it becomes more complicated it s not just that we need to find space for our increasingly large collections of photos videos music and

apps we want it to be available whenever we need it and be sure that it's safe from hackers and thieves every mac includes internal storage in the form of a hard drive ssd or fusion drive but you may also have one or more external devices such as hard drives flash drives sd cards or raid devices not to mention network attached storage nas devices or cloud storage like dropbox or icloud drive making sense of all your options managing your stored data choosing new devices or services when you're running out of space or even just figuring out what's where can drive anyone to distraction fortunately jeff carlson has a book with all the answers after decades of working with macs and accumulating massive collections of photos and videos jeff has pulled together a wide ranging book about mac storage that contains just the help you're looking for among many other topics this book covers how to choose a new internal or external hard drive ssd or hybrid drive determining how much storage space you need what you need to know about apfs apple's new filesystem how to use apfs snapshots aka a time machine local snapshots formatting and partitioning disks using disk utility how to repair a misbehaving disk raids what they are and how different types compare how to tell when a hard drive is about to fail and what to do about it what to do with a hard drive when it has outlived its usefulness when to use a flash drive or sd card how to create and use disk images deciding among local network and cloud storage for various types of files what a personal cloud is and why you might consider using one strategies for freeing up extra disk space nas devices get special coverage including why you might want a nas how to choose a nas and when it's a better idea than an external hard drive using a nas with your mac for a wide variety of purposes special considerations when using a nas for digital photos jeff also digs into details about numerous storage related technologies how to tell if your third party ssd needs to have trim enabled and what to do if the answer is yes how to create a software raid using disk utility or softraid what you need to know about filesystems and how to choose among apfs mac os extended fat and exfat why and how to encrypt a disk using filevault or the finder using icloud drive's optimized mac storage feature if you've ever been stumped at the difference between a volume and a partition need help figuring out whether to buy a big external hard drive or a nas for extra storage or wonder whether apple's new apfs filesystem is right for your needs this book will tell you what you need to know

Take Control of Calendar and Reminders, 5th Edition 2023-11-16

manage your schedule more effectively using calendar and reminders version 5.0 updated november 16 2023 learn how to unlock the full potential of apple's calendar and reminders this book helps you get the most out of these two apps showing you how to customize them sync data across devices and share meeting invitations and reminder lists you'll also learn how to use siri as a shortcut and how to fix common problems n in the days before personal computers and mobile devices we had to rely on paper calendars and to do lists to help us organize our time and activities now we have powerful tools like apple's calendar and reminders that are much more responsive to our needs put an event on your schedule invite others to join or set yourself an alarm or more than one or keep a list of to do items add to it and view it on all your apple devices and share your list with family or friends this book was originally written by veteran mac journalist and editor scholle mcfarland and the fifth edition was revised by glenn fleishman with complete coverage of macos 14 sonoma macos 13 ventura ios 17 ipados 17 ios 16 ipados 16 and watchos 10 and considerably more information about using these apps on an iphone or ipad than in previous editions scholle and glenn guide you through getting to know these incredibly helpful apps including lesser known but handy features for example did you know that calendar lets you set an alert that factors in public transportation schedules and time to get to your starting point so you can leave early enough to catch the train bus tram or ferry you need and any connections and arrive at your event on time or that reminders can prompt you to do something not only at a certain time but also once you've reached a specific destination like the grocery store if you've

never taken the opportunity to explore calendar and reminders this book will show you how to make them an important part of your daily routine if you ve already been using calendar and reminders you ll learn how to use them more effectively troubleshoot common problems and delve deeper into their capabilities learn how to get the best out of calendar and reminders including how to customize calendar to your liking from setting time zones to color coding specific calendars create events making them repeat at regular intervals or on certain dates set up notifications and alerts so you never miss an event invite people to events or share your calendar with them create manage and share lists in reminders including powerful new smart lists organize reminder lists into categories and optionally view them in columns designate a list as a grocery list so that items auto sort into supermarket departments set alarms in reminders at a certain time or a certain place tag entries for better searching and organizing in reminders use siri to save time when creating events or reminders easily check events and reminders on your mac iphone ipad apple watch or homepod troubleshoot common problems in calendar and reminders share calendars and reminders using icloud family sharing and assign reminders to a specific person sort reminders on your mac print a calendar to paper or pdf embed video links in calendar events for quick launching
