The Splendour of Doctrine

2011-12-22

the new catechism of the catholic church the first since the council of trent four centuries ago will play a major part in shaping the consciousness of roman catholic christians of the foreseeable future not only will it remain the foundational text for teaching catholic doctrine for years to come but it successfully consolidates the achievements of the second vatican council and presents the definitive modern synthesis of the church s ever living tradition aidan nichol s study introduces the reader to the doctrinal

teaching of this massive text of almost three thousand clauses commenting on the vital first part of the catechism section by section he succeeds in highlighting its principal themes while drawing attention to the significance of the way they have been handled more sympathetic to the intentions of the catechism s authors than some other recent commentators nichols is sensitive to the nuances of this magisterial text and its immense theological import

Catholic Christianity

2001

using the catechism of the catholic church as a basis the author presents a complete compendium of all the major beliefs of catholicism he offers a thorough summary of catholic doctrine morality and worship in a popular format with less technical language he presents a synthesis of the essential and fundamental catholic teachings in the light of the second vatican council and the whole of the church s tradition adapted from back cover

The Catholic Moment

1987

the catechism of the catholic church is the sure norm for teaching the faith apostolic constitution fidei depositum still the

language and wording of both the catechism and the second vatican council is one full of poetic beauty and soft diplomacy this style of poetry and diplomacy is not the most appropriate for clarity in many places the language results hard to understand and multiple contradictory interpretations are possible due precisely to the language full of charity but not of clarity the purpose of the compendium of the traditional catechism of the catholic church is to provide absolute clarity about the faith of all times and less room for open interpretations and ambiguity the world today in order to keep the faith of all times needs more than poetic words it needs clear teachings with full power strength and clarity above no room for misinterpretations no wiggle room for heretical interpretations at all that is the purpose of this work high clarity above all with total clarity several subjects are covered the definition of schismatic the limbo freemasons heretic the so called marriage among homosexuals the doctrine of the church regarding the liberal freemasonic democracy the responsibility that catholics must have when voting or taking action on the political field the so called new atheists movement the consecration of russia according to our lady of fatima the future of the world according to the city of god of st agustin etc all of these subjects of today and many others are addressed in this work with extreme and total clarity here there is no room for error and no room for misunderstanding this is the traditional catechism that is really needed in the year of the faith and in any year

Compendium of the Traditional Catechism of the Catholic Church

2013-09

cardinal schönborn the editor of the monumental catechism of the catholic church a worldwide best seller provides a brief and profound commentary on the first part of the catechism the creed schönborn gives an incisive detailed analysis of the creed providing a specific meditation for each week of the year on how to better live the catholic faith as expressed in the creed and explained in the catechism through these 52 meditations schönborn's hope is for the reader to not just have a better grasp of catholic doctrine and belief but especially to grow in a greater love of and devotion to the person of jesus christ faith is whole it has only one heart one center jesus christ the son of the living god christ must therefore also be the center of catechesis whose object is putting people in communion with jesus christ only he can lead us to the love of the father in the spirit and make us share in the life of the holy trinity ccc 426 for in him are hid all the treasures of wisdom and knowledge col 2 3 in a certain sense the essential elements of the faith have their origin in a treasury of the heart of jesus cardinal christoph schönborn

Living the Catechism of the Catholic Church: The Creed

1995

the catholic church is the longest enduring institution in the world beginning with the first christians and continuing in our present day the church has been planted in every nation on earth the catholic church claims jesus christ himself as her founder and in spite of heresy from within and hostility from without she remains in the twenty first century the steadfast guardian of belief in his life death and resurrection the teachings and redemptive works of jesus as told in the gospels are expressed by the church in a coherent and consistent body of doctrine the likes of which cannot be found in any other christian body the history of the catholic church is long complicated and fascinating and in this book it is expertly and ably told by historian james hitchcock as in the parable of christ about the weeds that were sown in a field of wheat evil and good have grown together in the church from the start as hitchcock honestly records he brings before us the many characters some noble some notorious who have left an indelible mark on the church while never losing sight of the saints who have given living testimony to the salvific power of christ in every age this ambitious work is comprehensive in its scope and incisive in its understanding a valuable addition to any school or home library

United States Catholic Catechism for Adults

2006

we are going through a period of liturgical exile explains bishop athanasius schneider in this enlightening book and the vast proliferation of modern abuses are crying out for liturgical reform the primary source of most modern abuses he declares is man's narcissistic tendency to idolize himself instead of paying homage to god in what is sure to be seen as one of the most impressive and authoritative books ever written on the catholic mass bishop schneider reestablishes what catholics have known for centuries but have largely forgotten today that the mass is the highest form of christian prayer which enables us to express with exterior worship our interior belief he describes how saints such as padre pio and john vianney helped the faithful enter into a profound spiritual experience during mass and he explains why the mass should serve as a means to lift our hearts to god so we can surrender to his will you'll come to understand why the rubrics are vital to p

an interview in the late 1990s with the future pope then an important vatican official explores his life and role in the church the problems faced by the catholic church at the time and its future in the twenty first century

A Short History of the Catholic Church

1974

one cannot understand latin america without understanding the history of the catholic church in the region catholicism has been predominant in latin america and it has played a definitive role in its development it helped to spur the conquest of the new world with its emphasis on missions to the indigenous peoples controlled many aspects of the colonial economy and played key roles in the struggles for independence the history of the catholic church in latin america offers a concise yet far reaching synthesis of this institution's role from the earliest contact between the spanish and native tribes until the modern day the first such historical overview available in english john frederick schwaller looks broadly at the forces which formed the church in latin america and which caused it to develop in the unique manner in which it did while the church is often characterized as monolithic the author carefully showcases its constituent parts often in tension with one another as well as its economic function

and its role in the political conflicts within the latin america republics organized in a chronological manner the volume traces the changing dynamics within the church as it moved from the period of the reformation up through twentieth century arguments over liberation theology offering a solid framework to approaching the massive literature on the catholic church in latin america through his accessible prose schwaller offers a set of guideposts to lead the reader through this complex and fascinating history

Salt of the Earth

1997

this volume is intended to meet a widely felt need for an up to date and concise source book on the principal teachings of the catholic church since the close of the second vatican council there has been such an accumulation of ecclesiastical constitutions and decrees and so many changes they introduced in catholic practice that few people have been able to keep up with all that has happened a parallel purpose of this volume is to offer those who use it a handy guidebook of the catholic tradition whether formally documented in ecclesiastical sources or implicitly accepted by the faithful under the aegis of the church s hierarchial leaders the method followed in presenting the church s doctrine is a combination of history and logic doctrines are placed into a historical framework by tracing their origins to the old and new testaments and placing their development within the context of persons places and times the doctrine thus becomes more intelligible because it is viewed in the setting of its vital growth over the centuries the intended reading audience of this catholic catechism are all those priests religious and laity and above all parents and teachers who are looking for a concise statement of the faith they profess the conduct they practice and the worship they give to the lord from the catholic catechism by john a hardon s j

Compendium of the Catechism of the Catholic Church

2006

document from the year 2019 in the subject didactics theology religion pedagogy grade 1 0 university of calabar language english abstract this book tries to give an overview over the pillars of catholic faith and tries to introduce and explain those foundations of faith from several points of view this book is not a specialized theological work rather it is a lucid explanation of the catholic faith capable of reviving spiritually dead and dying catholics to full realization of the richness of the heritage they are entrusted with it starts with a explanation of the roman catholic church itself before moving on to the topic of virgin mary the sacred images of the roman catholic church and its saints subsequently the holy rosary and the doctrin eof purgatory as well as the eucharist are explained before trying to answer some of the most pressing questions in connenction with the catholic church finally the book closes by discussing the way of the mass and the holy spirit

The History of the Catholic Church in Latin America

2011-02-14

that the true religion made by honored and loved by all men the first requisite is that it be made clearly known to all many persons are aliens to catholicity because they do not understand it as it is many members of the church do not love it as they should and do not live up to its laws because their knowledge of it is very imperfect the conviction is general among educated catholics that a more thorough study of our holy religion is just now a special desideratum in this country this study must be promoted chiefly among the young on whose proper education the future of religion principally depends aeterna press

The Glories of the Catholic Church

2023-07-18

many catholics blame vatican ii for the woes of the catholic church in america traditionalists claim that changes in the mass brought on the decline while liberals say it was caused by failure of the church to bring its theology in step with the times in this groundbreaking study david carlin challenges both views the roots of the crisis in america are not theological he says they re cultural forty years ago the church in america unwittingly sailed into a perfect storm spawned by the unprecedented confluence of three powerful social forces changes introduced by vatican ii unsettled the self identity of american catholics just as their improved social status began to draw them from their catholic enclaves into full communion with american culture then as they struggled to adjust to unfamiliar roles in the church and in society american culture shifted out from under them abandoning its traditional protestant character to become openly secularist libertine and boldly anti authoritarian american catholicism might have withstood one of these transformations says carlin or perhaps even two but together the three combined into a perfect storm that capsized the church in america demoralized and adrift american catholics forged a compromise with their new secular culture they downplayed specifically catholic elements of their faith they stopped seeing catholicism as the one true church to which all are called and came to think of it as just another denomination among many that led to a widespread loss of catholic identity in america a general weakening of fidelity to catholic doctrine and the exodus of many from the church carlin shows that it has taken more than bad priests weak bishops and liturgical abuses to cripple this once formidable institution it will take more than good priests strong bishops and a reverent liturgy to save it fundamental changes must be made unfortunately carlin s diagnosis leaves little reason to hope the american church can make those changes soon enough to save itself the decline and fall of the catholic church in america takes you past the lurid headlines to reveal the fundamental reasons for the collapse of catholicism in america it s essential reading for anyone who hopes to rebuild the church

The Truth About Roman Catholicism

2014-08-29

in 1563 the council of trent published its decrees calling for significant reforms of the catholic church in response to criticism from both protestants and catholics alike bishops according to the decrees would take the lead in implementing these reforms they were tasked with creating a church in which priests and laity were well educated morally upright and focused on worshipping god unfortunately for these bishops the decrees provided few practical suggestions for achieving the wide ranging changes demanded reform was therefore an arduous and complex process which many bishops struggled to accomplish or even refused to undertake fully the bishop s burden argues that reforming bishops were forced to be creative and resourceful to accomplish meaningful change including creating strong diocesan governments reforming clerical and lay behavior educating priests and parishioners and converting non believers the book explores this issue through a detailed case study of the episcopacy of cardinal bishop gregorio barbarigo of padua bp 1664 1697 asking how a dedicated bishop formulated a reform program that sought to achieve the church s goals barbarigo like other reforming bishops borrowed strategies from a variety of sources in the absence of clear guidance from rome he looked to both pre and post tridentine bishops the society of jesus the venetian government and the propaganda fide which he selectively emulated to address the problems he discovered in padua the book is based primarily on the detailed records of barbarigo s visitations of rural parishes and captures the rarely heard voices of seventeenth century italian peasants the bishop s burden helps us understand not only the changes experienced by early modern catholics but also how even the most sophisticated plans of central authorities could be frustrated by practical realities which in turn complicates our understanding of state building and social control

Faith and Reason: or, the philosophy of the Catholic Catechism [of the Council of Trent]. ... Translated from the French
