*International Coal Trade* 1951 the high north is a groundbreaking collection of essays that shakes up widely accepted narratives about marijuana legalization in canada featuring contributions from cannabis scholars and practitioners activists and advocates these pieces examine public policy on cannabis assess consumer perceptions and revisit the history of the legalization movement from the first appearance of cannabis in canada and the advent of current day dispensaries to the mental health implications of legal weed and the plight of workers in the cannabis economy the high north offers a comprehensive critique of the many aspects of legalization

**Highway Design and Construction** 1988 the legal position of visiting forces transcends domestic and international law and is of growing importance in our increasingly globalized and insecure world in area and out of area operations both for the purpose of establishing and maintaining peace and in connection with the conduct of other military operations and training are likely to become more frequent for a variety of reasons finding where the applicable law places the balance between the interests sensitivities and needs of the host state and the requirements often practical in nature of the visiting force is a key objective in ensuring that the relationship between hosts and guests is and remains harmonious all of this must be achieved in an increasingly complex legal environment this fully updated second edition of the handbook of the law of visiting forces addresses the issues surrounding visiting forces and provides a full overview of the legal framework in which they operate through an analysis of jurisprudence and historical developments it offers a comparative commentary to the un nato and other sofa rules the handbook then continues its analysis through cases studies of visiting forces in key countries including a fully updated chapter on afghanistan that considers the various stages of the conflict before offering conclusions on the current state of the law and its likely future development

Acts of the Honourable Commission of Government of Newfoundland 1911 long before confederation created a nation state in northern north america indigenous people were establishing vast networks and trade routes volcanic eruptions pushed the ancestors of the dene to undertake a trek from the present day northwest territories to arizona inuit migrated across the arctic from siberia reaching southern labrador where they met basque fishers from northern spain as early as the fifteenth century fishing ships from western europe were coming to newfoundland for cod creating the greatest transatlantic maritime link in the early modern world later fur traders would take capitalism across the continent using cheap rum to lubricate their transactions the contributors to before canada reveal the latest findings of archaeological and historical research on this fascinating period along the way they reframe the story of the canadian past extending its limits across time and space and challenging us to reconsider our assumptions about this supposedly young country innovative and multidisciplinary before canada inspires interest in the deep history of northern north america

**Wild Plant Culture** 2022-11-22 lessons from the arctic the role of regional government in international affairs is a collection of articles written by twenty six leading and emerging scholars from across the circumpolar region each author assesses and explores the processes of regional governance in the arctic from an interdisciplinary perspective the topics include indigenous internationalism paradiplomacy federalism global institution building and more

**A Year Book and Almanac of Newfoundland for ...** 1921 from the first recorded mention of british ships protecting of fishing vessels in the late fourteenth century through to recent controversies over the change in emphasis to border patrols and overseas deployments the story of the royal navy s cinderella fleet involves many dramatic incidents until now however there has never been a book dedicated to the subject naval historian jon wise s new work will rectify this omission historically there have been two main reasons why protecting fishing vessels was so important first fish have always constituted an essential part of the nation s diet while secondly fishermen have been an important source of skilled personnel for the royal navy itself it is claimed that the fishery protection squadron fps is the oldest in the fleet pre dating the formal creation of the navy itself in the early part of the sixteenth century yet it still remains comparatively little known the squadron s most famous operations were the cod wars of 1958 76 but for six centuries it has been engaged in the many important tasks of protection and policing of fishing fleets though more recently it has turned its attention to patrolling oil and gas fields overseeing quotas and sustainability and policing the ongoing disagreements over who can fish where and when the author covers subjects as diverse as the battles with the dutch for dominance in the north sea the protection of fishing on the eastern seaboard of america and the role of the squadron in the two world wars containing many first hand accounts this thought provoking narrative will be of particular interest to all those rn

personnel who have served in the squadron and is set to become the definitive account of this vital but often unsung component of Britain's naval forces and its impact on national life

*Bay of Hope* 2018-04-17 this book intends to inform the key participants in extractive projects namely the communities the host governments and the investors about good practice for effective community engagement based on analysis of international standards and expectations lessons from selected case studies and innovations in public participation the extent of extractive industries varies widely around the Arctic as do governmental and social attitudes towards resource development whilst most Arctic communities are united in seeking investment to fund education healthcare housing transport and other essential services as well as wanting to benefit from improved employment and business opportunities they have different views as to the role that extractive industries should play in this within each community there are multiple perspectives and the goal of public participation is to draw out these perspectives and seek consensus part i of the book analyses the international standards that have emerged in recent years regarding public participation in particular in respect of indigenous peoples part ii presents six case studies that aim to identify both good and bad practices and to reflect upon the distinct conditions needs expectations strategies and results for each community examined part iii explores the importance of meaningful participation from a corporate perspective and identifies some common themes that require consideration if Arctic voices are to shape extractive industries in Arctic communities in drawing together international law and standards case studies and examples of good practice this anthology is a timely and invaluable resource for academics legal advisors and those working in resource development and public policy

*Ethical and Legal Issues in Canadian Nursing E-Book* 2019-08-01 very little research has been conducted on how parliamentary oversight is undertaken in small countries and jurisdictions or across the southern African region excluding South Africa this groundbreaking book fills that void providing rich insights into how oversight works in these countries featuring an expert group of scholars and practitioners the book builds off previous research projects to offer detailed case study examinations of oversight across various global regions including various Australian and Canadian jurisdictions UK Crown and overseas dependencies Caribbean islands autonomous Nordic territories southern Africa and several Pacific island states contributors present the most recent data on current developments in the world including sub-national parliaments drawing on primary research and first-hand experiences to offer greater theoretical and practical understanding into practices that could be adapted to improve oversight and governance reduce corruption and boost economic development enhanced parliamentary oversight will be an important book for practitioners governments and both scholars and students of legislative studies international relations and public administration

*The High North* 2022-05-01 in an era where government transparency and accountability are considered fundamental values does cabinet secrecy still have a place behind closed doors is the first comprehensive exploration of the legal and political rules protecting the confidentiality of collective decision making at the highest executive level of the Canadian state Yan Campagnolo defends cabinet secrecy as essential to the proper functioning of responsible government while criticizing its associated statutory provisions as excessively broad and possibly unconstitutional comparing Canada the United Kingdom Australia and New Zealand this meticulous work proposes feasible specific reforms that would achieve a better balance between transparency and confidentiality

*The Handbook of the Law of Visiting Forces* 2018-04-12 international authors describe class action procedure in this concise comparative and empirical perspective on aggregate litigation

*Before Canada* 2024-01-15 1876 1891 include reports on the internal commerce of the United States referred to in letters of transmittal as the volume on commerce and navigation

*Lessons From The Arctic* 2020-08-06 historians typically regard the British Empire as a state project aided by corporations Philip Stern turns this view on its head arguing that corporations drove colonial expansion and governance creating an overlap between sovereign and commercial power that continues to shape the relationship between nations and corporations to this day

*The Royal Navy and Fishery Protection* 2023-10-12 the new novel from the acclaimed author of *The House Between Tides* winner of the Waterstones Scottish Book of the Year 2018 Sarah Maine is a master of Scottish historical fiction Sunday Post it is the women who are keepers of tales atmospheric intoxicating and filled with intrigue this sweeping novel is an epic story spanning the centuries that links three women together across history Libby Snow spent her childhood hearing stories and legends from long ago now an archaeologist her job is to dig deeper into the past but her excavation at Ullaness on Scotland's west coast has a very personal resonance for the headland of Ullaness holds not only the secrets of the legend of Ulla the Norsewoman but also begins the strange story of Ellen Libby's grandmother passed on these tales of love betrayal and loss but the more Libby learns at

ullaness the more twisted the threads become when human remains are discovered in the dunes it becomes clear that time and intention have distorted accounts of what happened there is it too late to uncover the truth or is libby herself in danger of being caught up in this tangled web of fable and deceit praise for sarah maine an echo of daphne du maurier independent maine adroitly weaves together the three strands of her novel sunday times maine writes beautifully about the wilderness the times maine skillfully balances a daphne du maurier atmosphere with a barbara vine like psychological mystery kirkus

**Regulation of Extractive Industries** 2020-02-28 how does a highly successful business man who doesnt like anything about the american political system become president of the united states against his better judgement in this alternate future history henderson francis west the forty fifth president of the united states looks back upon this significant time in his life for the first time now after thirty years since taking the oath of office on january 20th 2017 west recounts how he came to be president and reflects upon his accomplishments during his two terms 2017 2025 west credits his success in guiding america to retaking its leadership position in the modern world to his groundbreaking and unifying thinking his nonpartisan approach and his ability to modernize the institutions of the united states most notably the now obsolete representative democratic system some of his accomplishments include the refocusing of the legal system the purchase of eastern canada the 7 1 2 year marriage license and his now celebrated new freedom initiative west shares how his inspiration imagination ideology and tenacity led to a new and superlative attitude and perspective for americans one that ultimately gave birth to our modern era of engaged democracy as the guiding principle for effective government and american freedom west who is commonly known as the founding father of the twenty first century narrates the story of how his insight and vision changed america forever and has inspired the spirit and enthusiasm we now embrace at the mid point of the century

**Enhanced Parliamentary Oversight** 2023-07-24 canadian public schools have long been entrusted with socializing children yet this duty can rest uneasily alongside religious diversity questions grounding its analysis in three seminal supreme court cases religious diversity in canadian public schools reveals complex legal processes that compress multidimensional conversations into an oppositional format and exclude the voices of children themselves dia dabby contends that schools are in fact microsystems with the power to construct their own rules and relationships this compelling work encourages a deeper conversation about how religion is mediated through public schools inviting a critical reassessment of the role of law in education

*Behind Closed Doors* 2021-10-15 world oceans a reference handbook offers an in depth discussion of the world s oceans it discusses the marine life that is dependent on the sea as well as the problems threatening the health of the ocean and its wildlife world oceans a reference handbook opens with an overview of the history of human knowledge and understanding of the oceans and cryosphere along with related scientific technological social political and other factors the second chapter presents and discusses about a dozen major problems facing the earth s oceans today along with possible solutions the third chapter provides interested individuals with an opportunity to express their thoughts and ideas on today s ocean issues and remaining chapters provide additional resources such as a bibliography a chronology and a glossary to assist the reader in her or his further study of the issue where most books for young adults learning about world oceans take a purely expository treatment this book provides readers with additional information as well as resources allowing them to learn more and inform further study of the subject
