international journal of computers and applications vol 46 international journal of computers and applications taylor international journal of computer applications ijca international journal of logistics research and applications expert systems with applications journal sciencedirect international journal of circuit theory and applications expert systems with applications an international journal international journal of circuit theory and applications international journal of computers and applications list of international journal of intelligent robotics and applications international journal of circuit theory and applications applications and applied mathematics an international international journal of computational intelligence and international journal of intelligent systems and applications international journal of computational geometry applications applications and applied mathematics an international artificial intelligence applications in supply chain machine learning and applications an international journal scientific academic publishing aims and scope

international journal of computers and applications vol 46 Mar 27 2024

et al article published online 15 apr 2024 explore the current issue of international journal of computers and applications volume 46 issue 5 2024

international journal of computers and applications taylor Feb 26 2024

the international journal of computers and applications ijca is a unique platform for publishing novel ideas research outcomes and fundamental advances in most of the aspects of computer science computer engineering and computer applications

international journal of computer applications ijca Jan 25 2024

international journal of computer applications ijca issn 0975 8887 is a peer reviewed journal published by foundation of computer science fcs the journal publishes original papers at the forefront of applied information systems that advance the field and that enhance exchange of innovative ideas between academicians and industrialists

international journal of logistics research and applications Dec 24 2023

international journal of logistics research and applications vol 27 no 6 current issue international journal of logistics research and applications volume 27 issue 6 2024 see all volumes and issues

expert systems with applications journal sciencedirect Nov 23 2023

about the journal expert systems with applications is a refereed international journal whose focus is on exchanging information relating to expert and intelligent systems applied in industry government and universities worldwide

international journal of circuit theory and applications Oct 22 2023

international journal of circuit theory and applications author guidelines sections submission and peer review process article types after acceptance submission and peer review process new submissions should be made via the research exchange submission portal wiley atyponrex com dashboard journalcode cta

expert systems with applications an international journal Sep 21 2023

expert systems with applications an international journal pergamon press inc 395 saw mill river road elmsford ny united states

international journal of circuit theory and applications Aug 20 2023

international journal of circuit theory and applications wiley online library the international journal of circuit theory and applications uses circuit theoretic principles and techniques to solve interdisciplinary engineering problems with a focus on electrical engineering problems

international journal of computers and applications list of Jul 19 2023

browse the list of issues and latest articles from international journal of computers and applications all issues special issues latest articles volume 46 2024 volume 45 2023 volume 44 2022 volume 43 2021 volume 42 2020 volume 41 2019 volume 40 2018 volume 39 2017 volume 38 2016 volume 37 2015 volume 36 2014 volume 35 2013

international journal of intelligent robotics and applications Jun 18 2023

international journal of intelligent robotics and applications ijira is a platform for the dissemination of advancements in robotics and their extensive applications covers all aspects of robotics including automation mechatronics robotic design and manufacturing

international journal of circuit theory and applications May 17 2023

international journal of circuit theory and applications wiley online library edited by ahmed el wakil impact factor 1 581 2019 journal citation reports clarivate analytics 174 266 engineering electrical electronic 2020 scopus ranking 123 548 applied mathematics online issn 1097 007x john wiley sons ltd latest issue

applications and applied mathematics an international Apr 16 2023

applications and applied mathematics an international journal aam prairie view a m university home aam follow published issues the journal is now published online under the name of applications and applied mathematics an international journal aam two times per year june and december

international journal of computational intelligence and Mar 15 2023

international journal of computational intelligence and applications issn print 1469 0268 issn online 1757 5885 supports open access tools share recommend to library submit an article subscribe online ready current issue available issues about the journal do you have a special issue proposal send us your ideas

international journal of intelligent systems and applications Feb 14 2023

international journal of intelligent systems and applications in engineering ijisae is an international and interdisciplinary journal for both invited and contributed peer reviewed articles that intelligent systems and applications in engineering at all levels

international journal of computational geometry applications Jan 13 2023

international journal of computational geometry applications issn print 0218 1959 issn online 1793 6357 editors in chief der tsai d t lee academia sinica taiwan jinhui xu state university of new york at buffalo usa

applications and applied mathematics an international Dec 12 2022

appl appl math issn 1932 9466 established 2004 first issue posted 2006 co founder and editor in chief dr aliakbar montazer haghghi professor

artificial intelligence applications in supply chain Nov 11 2022

international journal of production economics volume 241 november 2021 108250 review artificial intelligence applications in supply chain management mehrdokht pournader a hadi ghaderi b amir hassanzadegan a behnam fahimnia c show more add to mendeley doi org 10 1016 j ijpe 2021 108250 get rights and content

machine learning and applications an international journal Oct 10 2022

machine learning and applications an international journal mlaij is a quarterly open access peer reviewed journal that publishes articles which contribute new results in all areas of the machine learning

scientific academic publishing aims and scope Sep 09 2022

international journal of statistics and applications is a fully refereed international journal which publishes original research papers and survey articles in all areas of statistics and applications
