My First Sixty Years in Advertising

1970-01-01

in this comprehensive 860 page hardcover resource scott yanow traces the history of jazz through its recordings most live performances from this 60 year period 1895 to 1976 are lost forever but jazz fans can still experience a rich legacy of recorded work painstakingly sorting through and colorfully commenting on thousands of cds and lps yanow points out which performances are the most representative of the great 20th century artists and which recordings are essential to jazz fans collections along the way he takes readers on a journey through the golden ages of jazz covering styles such as new orleans jazz swing bebop cool jazz dixieland hard bop soul jazz the avant garde and fusion and showing how these forms diverge develop and continue to flourish a must for jazz fans scholars and serious collectors

Jazz on Record

2003

people from a dozen modern states were directly involved in the 1942 fall of singapore the united kingdom japan australia india pakistan nepal new zealand the netherlands indonesia china and above all malaysia and singapore to commemorate its 60th anniversary the department of history at the national university of singapore organised an international conference of historians students and war veterans on the theme sixty years on the fall of singapore revisited this book presents a selection of the papers presented at the conference revised for publication it is not meant to be the last word on all aspects relating to the malayan campaign and the fall of singapore but rather an attempt to pull together reassessments of arguments of very long standing about major issues such as the singapore strategy with fresh contributions to our knowledge such as a discussion of how japanese soldiers experienced the fighting on singapore island both conference and volume aimed to provide a well rounded state of the art discussion of the central issues and some of the shadows relating to the fall of singapore readership university lecturers researchers undergraduate students academicians and those interested in history

The First Sixty Years

1965

the author of these memoirs spent the last ten years of his working life as a lay vicar of westminster abbey he sang at princess diana s funeral and gives an insider s account of the events surrounding the dismissal of martin neary organist and master of the choristers in 1998 he writes too about hsi time as a choral scholar of king s college cambridge and with the choirs of winchester and guildford cathedrals his chapter on composing explains the genesis of his well known responses he has also been a poet translator and the author of a book on a e houseman he taught english for twenty seven years and has a life long love of cricket he writes with perception and humour about a great number of people he writes as he says to preserve things and to try and make sense of it all

The First Sixty Years

1970

raytheon s history is one of the great american success stories launched in 1922 the cambridge based company quickly moved to the forefront of innovation in the electronics industry during world war ii thousands of raytheon workers contributed to the war effort supplying eighty percent of the magnetron tubes vital components for u s and british radars developing miniature tubes for the crucial proximity fuse in antiaircraft shells and providing entire radar systems although government contracts slowed after world war ii raytheon continued to develop military

components including leading edge radars and missiles for america s defenses in the cold war but it also began to offer a host of civilian products the famous radarange the world s first microwave oven televisions marine radars transistors miniature hearing aids and medical equipment

Vogue Book of fashion photography

1980

it first surfaced in the gripes of gis during world war ii and was captured early on by the typewriter of a young norman mailer within a generation it had become a basic notion of our everyday moral life replacing older reproaches like lout and heel with a single inclusive category a staple of country outlaw songs neil simon plays and woody allen movies feminists made it their stock rebuke for male insensitivity the est movement used it for those who didn t get it and dirty harry applied it evenhandedly to both his officious superiors and the punks he manhandled the asshole has become a focus of collective fascination for us just as the phony was for holden caulfield and the cad was for anthony trollope from donald trump to ann coulter from mel gibson to anthony weiner from the reality tv prima donnas to the internet trolls and flammers assholism has become the characteristic form of modern incivility which implicitly expresses our deepest values about class relationships authenticity and fairness we have conflicting attitudes about the a word when a presidential candidate unwittingly uttered it on a live mic in 2000 it confirmed to some that he was a man of the people and to others that he was a boor but considering how much the word does for us and to us it hasn t gotten nearly the attention it deserves at least until now

by the author of the multiple award winning the boy in the moon and sixty comes the story of a father searching for a home for his disabled son and his conversations with jean vanier one of our great moral thinkers about the value of every human and where each of us can find our place in 2008 ian brown began a correspondence with canadian philosopher and humanitarian jean vanier in which ian asked him questions such as what is our human value are you afraid of death and how have you managed the crises in your own faith jean vanier wrote back with unfailing humility patience and acceptance to ian who was searching for answers about where his profoundly disabled son walker fit in the world this is a book for both secular readers and spiritual seekers for people who are looking for deeper meaning if not happiness and ways to make sense of the world both ian brown and jean vanier show us how we might take risks to move beyond our comfort zones and place ourselves among other humans who are conventionally judged as weaker than the rest of us and what they and we can gain by an even playing field between the normal and the broken

My First Sixty Years

1965

we ve heard it said many times when life hands you a bunch of lemons just make lemonade my question would be what if you don t have any sugar on the outside he looked like just another little scrawny kid in the neighborhood who couldn t run as fast or keep up with the rest of the boys in their games on the inside he had a dreadful disease that neither he nor his family fully understood which one day would put him on a deathbed on the outside he looked like any other child playing in sunday school and not giving his full attention when the preacher was preaching on the inside of his mind were questions prompted by a picture being painted in front of him on a life size canvas over the years questions that would put his life on a journey from which few have safely returned little did he know he had a travel agent and his travel plans had already been booked from birth they would take him places and let him experience things that he would later write about in a book called from atheist to ambassador come and travel with the author as he shows you how god took one who was hopeless and turned him into one who now preaches hope from one who spent countless days racked in pain from a disease the doctors said could not be cured to one who is healed from the disease and now lays hands on the sick and watches god heal them what do you do when life gives you a bunch of lemons you wait until god gives you honey from the rock and then you make a refreshing drink for all to enjoy

Sixty Years

1911

william heath davis 1822 1909 was the son of a boston ship captain engaged in the hawaiian trade and a polynesian mother after visiting california twice on trading voyages that took him all around south and north america he settled in monterey to work with his merchant uncle in 1838 in 1845 he settled permanently in san francisco becoming one of the city s leading merchants his marriage to maría de jesus estudillo tied him to the hispanic community in his adopted region davis loved the easy life of the californios the descendants of the mexicans who had arrived in alta california in the late 1770s he found them the happiest and most contented people he had ever known davis managed to meet almost every prominent man and woman who lived in or passed through california he was one of the founders of new town now downtown san diego he served on san francisco s first city council he built san francisco s first brick building and cofounded san leandro
