to end his life while amy sat with him and held his hand brian was terminally ill and for the last year of his life amy had struggled to find a way to support his wish to take control of his death to not submerge into the darkness of an expiring existence written with piercing insight and wit in love is bloom s intimate authentic and startling account of losing brian first slowly to the disease of alzheimer s and then on becoming a widow it charts the anxiety and pain of the process that led them to dignitas while never avoiding the complex ethical problems that are raised by assisted death a poignant love letter to bloom s husband and a passionate outpouring of grief in love reaffirms the power and value of human relationships His and Hers 2021-10-21 exploring territory seldom visited by feminist scholars ann messenger in this new book presents eight studies of literary relationships between men and women writers ranging from the restoration to the end of the eighteenth century the essays show men and women working together praising and criticizing each other s work borrowing and changing each other s plots and characters recording their different perceptions of their common world from dryden s praise of anne killigrew through gay s and lady mary wortley montagu s collaboration on a town eclogue thomas southerne s dramatizations of novels by aphra behn and eliza haywood s version of the spectator to cornelia knight s sequel to rasselas these relationships demonstrate that men and women writers inhabited the same literary world shared the traditions of the mainstream of english

literature most of the women have since faded from view but messenger suggests the time has come to rediscover them to reassess their work and to revise the commonly accepted canon of literature accordingly although most of the studies deal with the way women s writing responds to writing by men the afterword combats the charge that the women s work is derivative free of critical jargon and ideological strait jacketing his and hers makes some little known writers available and interesting to specialists and nonspecialists feminists and traditionalists alike while it sheds new light on some of the most familiar figures of the period the appendix reprints some of the shorter works which have been analyzed in detail and summaries in the text help to compensate for the unavailability of some of the women s books the comparative approach suggests a wide and rich field for further research

HIS LOVE. HER FANTASY 2019-02-01 his love her fantasy understanding what love is about as friends as a man but also as a woman we try to define the undefined from a love story dreaming about love and being in love the path from the fantasy to the love story itself is just a matter of luck or maybe where you find yourself on the timeline of your own life maybe is the perfect time for you to

explore what love is about or maybe other things are important at the moment and the love story can only be a future project exploring what love is about in our minds as a fantasy or in the real life as a real love story is depending only and only if we are ready or not but what is the difference between fantasy and reality when even the bible is saying that everything we see is just an illusion well i believe that the fantasy is only the begining of defining what we want and the love story is the experiment itself is it too much to name a love story an experiment well exploring as a fantasy or as reality is letting your soul understand what love is about and sometimes is even a life lesson the moment when you jump into the fairy tale the real fantasy and you understand the meaning of love the fact that love is about giving and not about receiving that is the moment when you also understand what life is about accepting your partner just as he she is just as accepting all the people from our lives is the moment of awakening me adrian and my dear annie are only trying to define the unseen path from fantasy to the love story itself and also let you know that this path is leading you to point when your thinking will be totally redefined life itself is about love seeing what love is about is understanding the meaning of life if the love chapter started for you even if it s just a fantasy of reality you should be happy the awakening will come to you

Her Heart His Soul 2011-07-15 sometimes people do not communicate emotions

and feelings perhaps their personality is emotionally detached because somewhere in their life they had to put up a wall to protect their heart this was my situation god showed me how to overcome living with a person who was emotionally detached when we hear what god has to say and obey it in dealing with our spouses he will change the other person for our benefit and in this process we are the better person too i m glad god knew exactly what he was getting when he made me when we get married it s only what we think we are getting that we get i m so glad my god is big enough to fix anything where there is silence so is god you see sometimes when family and friends are around all the time the noise keeps us from hearing god it is so easy to pick up the phone and say guess what and tell someone about our day or ask their opinion about something perhaps just to have somebody listen just like women do not want to share their husbands so is our god we have a jealous god he wants us to talk to him every day even about the smallest things and he has been so good to me i know he certainly deserves my guess what because he s always listening even when we re not
