A Manual for Writers of Dissertations 1945

foreword sgml is misunderstood and underestimated i have always wanted to write this book i am pleased that two people with whom i have had the pleasure to work were finally able to do so since i have always been a bit of an evangelist i feel pride when my students become recognized teachers in the early years of sgml we struggled to define a language that would bring the information to its rightful place we succeeded then we had to explain these idea to technical adoptors again i think we have succeeded we have learned much about sgml in the process of implementing it these experiences must now also be shared along with comprehensible information on the lan guage itself the word must move out of the lab and the computer center and reach the

business people the users the movers and shakers the next generation will do things with sgml that we can't even imagine yet it is that versatile

Guide to Chicago Manual of Style 2020-01-27
