Energy Research Abstracts 1994-12 found a few kilometres from stonehenge the graves of the amesbury archer and the boscombe bowmen date to the 24th century bc and are two of the earliest bell beaker graves in britain the boscombe bowmen is a collective burial and the amesbury archer is a single burial but isotope analyses suggest that both were the graves of incomers to wessex the objects placed in both graves have strong continental connections and the metalworking tool found in the grave of the amesbury archer may explain why his mourners afforded him one of the most well furnished burials yet found in europe this excavation report contains a series of wide ranging studies and scientific analyses by an array of experts and a discussion of the graves within their british and continental european contexts

Message of the President of the United States Transmitting the Budget for the Service of the Fiscal Year Ending ... 1948 the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

The Budget of the United States Government 1948 includes history of bills and resolutions

The Amesbury Archer and the Boscombe Bowmen 2013-11-01 this book brings together selective and specific chapters on nanoscale carbon and applications thus making it unique due to its thematic content it provides access to the contemporary developments in carbon nanomaterial research in electronic applications written by professionals with thorough expertise in similar broad area the book is intended to address multiple aspects of carbon research in a single compiled edition it targets professors scientists and researchers belonging to the areas of physics chemistry engineering biology and medicine and working on theory experiment and applications of carbon nanomaterials
