The Great Streets of the World 1892 carol milford grows up in a mid sized town in minnesota before moving to chicago for college after her education during which she s exposed to big city life and culture she moves to minneapolis to work as a librarian she soon meets will kennicott a small town doctor and the two get married and move to gopher prairie kennicott s home town carol inspired by big city ideas soon begins chafing at the seeming quaintness and even backwardness of the townsfolk and their conservative self satisfied way of life she struggles to try to reform the town in her image while finding meaning in the seeming cultural desert she s found herself in and in her increasingly cold marriage gopher prairie is a detailed satirical take on small town american life modeled after sauk centre the town in

which lewis himself grew up the town is fully realized with generations of inhabitants interacting in a complex web of village society its biting satirical portrayal made main street highly acclaimed by its contemporaries though many thought the satirical take was perhaps a bit too dark and hopeless the book's celebration and condemnation of small town life make it a candidate for the title of the great american novel main street was awarded the 1921 pulitzer prize but the decision was overturned by the prize's board of trustees and awarded instead to edith wharton for the age of innocence when lewis went on to win the 1926 pulitzer for arrowsmith he declined it with the new york times reporting that he did so because he was still angry at the pulitzers for being denied the prize for main street despite the book's snub at the pulitzers lewis went on to win the nobel prize in literature in 1930 with main street being cited as one of the reasons for his win

The House on Mango Street 2013-04-30 donald shoup brilliantly overcame the challenge of writing about parking without being boring in his iconoclastic 800 page book the high cost of free parking easy to read and often entertaining the book showed that city parking policies subsidize cars encourage sprawl degrade urban design prohibit walkability damage the economy raise housing costs and penalize people who cannot afford or choose not to own a car using careful analysis and creative thinking shoup recommended three parking reforms 1 remove off street parking requirements 2 charge the right prices for on street parking and 3 spend the meter revenue to improve public services on the metered streets parking and the city reports on the progress that cities have made in adopting these three reforms the successful outcomes provide convincing evidence that shoup's policy proposals are not theoretical and idealistic but instead are practical and realistic the good news about our decades of bad planning for parking is that the damage we have done will be far cheaper to repair than to ignore the 51 chapters by 46 authors in parking and the city show how reforming our misguided and wrongheaded parking policies can do a world of good read more about parking benefit districts with a free download of chapter 51 by copying the link below into your browser routledge.com/posts/13972
