no one can change your life like jesus can however in the last century and a half christians have portrayed themselves to society as good people who come from good families but this is not what our message to the world is supposed to be jesus didn't come to save good people from good families he came to save sinners the testimonies from the darkside series was written for the purpose of reminding the world and the church that god's main purpose for coming to this world and dying on the cross was to save people from their sins and to deliver them from the power of satan into the kingdom of god the greatest evidence of jesus christ being alive and well today is the testimony of people who have come out of darkness and into the marvelous light in this is our god most glorified

howard marks s story has passed into hippie

folklore at one time the world's then most wanted man had 43 aliases 89 phone lines and 25 registered companies thanks to the technical brilliance of his networking skills it was estimated that he was trafficking as much as a tenth of all the marijuana smoked in the world but this is only half the story intimately involved throughout was marks's wife judy now for the first time she tells her own side of the tale judy was already involved in the hippie drug underworld before she met howard rather than the shrinking wife at home judy was involved with the drug running scams and often had to act as money courier and go between abroad when howard was stuck without a passport or identity as if his absences were not difficult enough for the family judy spent eighteen months in jail herself from living the high life hobnobbing with movie stars and euro trash to mixing it with the ira and cia then the long increasingly desperate years on the run mr nice and mrs marks is about the exhilaration of their criminal life and the hell of not knowing what's happening when your husband stops telling you the truth and your life is steaming out of control it is also a love story and together judy and howard come across like a hippie bonnie and clyde far more than a retelling of howard's story this is a warm touching and often funny account of judy's unique role in an extraordinary husband and wife double act that spanned over three decades

1 new york times bestseller more than one million copies sold a today show read with jenna book club pick a new york times notable book and chosen by oprah daily time npr the washington post bill gates and barack obama as a best book of the year wise and wildly entertaining permeated with light wit youth the new york times book review a classic that we will read for years to come jenna bush hager read with jenna book club fantastic set in 1954 towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope bill gates a real joyride elegantly constructed and compulsively readable npr the bestselling author of a gentleman in moscow and rules of civility and master of absorbing sophisticated fiction returns with a stylish and propulsive novel set in 1950s america in june 1954 eighteen year old emmett watson is driven home to nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter his mother long gone his father recently deceased and the family farm foreclosed upon by the bank emmett s intention is to pick up his eight year old brother billy and head to california where they can start their lives anew but when the warden drives away emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden s car together they have hatched an altogether different plan for emmett s future one that will take them all on a fateful journey in the opposite direction to the city of new york spanning just ten days and told from multiple points of view towles s third novel will satisfy

fans of his multi layered literary styling while providing them an array of new and richly imagined settings characters and themes once again i was wowed by towles s writing especially because the lincoln highway is so different from a gentleman in moscow in terms of setting plot and themes towles is not a one trick pony like all the best storytellers he has range he takes inspiration from famous hero s journeys including the iliad the odyssey hamlet huckleberry finn and of mice and men he seems to be saying that our personal journeys are never as linear or predictable as an interstate highway but he suggests when something or someone tries to steer us off course it is possible to take the wheel bill gates
