michael grew up under the crushing hand of an abusive alcoholic father as an altar boy he suffered mental and emotional abuse at the hands of the clergy soon michael turned his back on the church and god for over 20 years unfortunately god s presence took a back seat to his anger resentment and disappointment it was during this period he indulged in many self destructive behaviors but he never forgot the god of his youth and a relationship that nourished and protected him when he was very young twenty years go by and michael is married and fully invested in his chosen profession yet still angry at god it was in the rooms of al anon where michael rediscovered his faith in a god that cares and began the challenging journey back to the god of his youth but god wasn t through with michael in 1985 having a profound spiritual experience he rededicated his life to the lord accepting god s forgiveness mercy and grace for his past indiscretions the scriptures became alive to him he devoured the scriptures at every opportunity since then he has been in leadership in various churches but god had more blessings for michael he hit another bottom when his attorney job ended shortly after that he attended sierra tucson for treatment of his codependency grief and other unresolved issues this was another turning point in his life michael uses his experience as a lawyer and christian life coach to be of greater service to others since 1998 michael runs the serenity shack a sober living home for men michael lives in long beach ca taking his australian shepherd oreo for her run is the favorite part of his and her day he can be contacted at hisbagofgold jun0 com

given the resurgence of eschatological thought in contemporary theology and the continued relevance of phenomenology in philosophy this book brings together leading thinkers such as lacoste romano kearney and hart to explore the ways in which these two seemingly unrelated disciplines illuminate each other through a series of phenomenological analyses of key eschatological concepts and detailed readings in some of the key figures of both disciplines this text reveals that phenomenology and eschatology are fundamentally inter related and that neither can be fully understood without the other without eschatology phenomenology would not have developed the ethical and temporal aspects that characterize it today without phenomenology eschatology would remain relegated to the sidelines of serious theological discourse along the way such diverse themes as time death parousia and the call are re examined and redefined
