## **Warfare in the Roman World** **2020-09-17**

thematic treatment of the broader impact of warfare in the roman world integrating late antiquity alongside the republic and principate

## **Gardens of the Roman World 2004**

romans loved their gardens whether they were the grand gardens of imperial country estates or the small private spaces tucked behind city houses they treasured gardens both as places for relaxation and as plots to grow ornamental plants as well as fruits and vegetables the soothing sound of bubbling fountains often added further to the pleasures of life in the garden romans constructed gardens in every corner of their empire from britain to north africa and from portugal to asia minor long after their empire collapsed the gardens they had so carefully planted continued to exert influence in the farflung corners of their former

world this book describes the variety of roman gardens throughout the empire from the humblest to the most lavish including such well known places as hadrian s villa in tivoli and the gardens of pompeii and herculaneum the continued influence of roman gardens is traced though arabic medieval and renaissance gardens to the present day many of the lavish illustrations were commissioned for this book

## **Rome 2012-07-10**

woolf expertly recounts how the mammoth roman empire was created how it was sustained in crisis and how it shaped the world of its rulers and subjects a story spanning a millennium and a half of history

## **A Companion to the Roman Empire 2009-12-02**

in the first century bc lending and borrowing by the senators was the talk of rome and even provoked political crises during this same period the state tax farmers were handling enormous sums and exploiting the provinces of the empire until now no book has presented a synthetic view of roman banking and financial life as a whole from the time of the appearance of the first bankers shops in the forum between 318 and 310 bc down to the end of the principate in ad 284 professor andreaeu writes of the business deals of the elite and the professional bankers and also of the interventions of the state to what extent did the spirit of profit and enterprise predominate over the traditional values of the city of rome and what economic role did these financiers play how should we compare that role to that of their counterparts in later periods

## ***Banking and Business in the Roman World***

### **1999-10-14**

this book applies modern theories of globalisation to the ancient roman world creating new understandings of roman archaeology and history this is the first book to intensely scrutinize the subject through a team of international specialists studying a wide range of topics including imperialism economics migration urbanism and art

## **Who was who in the Roman World, 753 BC-AD 476**

### **1980**

this volume approaches three key concepts in roman history gender memory and identity and demonstrates the significance of their interaction in all social levels and during all periods of imperial rome when societies as well as individuals form their identities remembrance and references to the past play a significant role the aim of gender memory and identity in the roman world is to cast light on the constructing and the maintaining of both public and private identities in the roman empire through memory and to highlight in particular the role of gender in that process while approaching this subject the contributors to this volume scrutinise both the literature and material sources pointing out how widespread the close relationship between gender memory and identity was a major aim of gender memory and identity in the roman world as a whole is to point out the significance of the interaction between these three concepts in both the upper and lower levels of roman society and how it remained an important question through the period from augustus right into late antiquity

## **A History of the Roman World from A.D. 138 to 337**

### **1958**

the pax romana is famous for having provided a remarkable period of peace and stability rarely seen before or since yet the romans were first and foremost conquerors imperialists who took by force a vast empire stretching from the euphrates in the east to the atlantic coast in the west their peace meant roman victory and was brought about by strength and dominance rather than co existence with neighbours the romans were aggressive and ruthless and during the creation of their empire millions died or were enslaved but the pax romana was real not merely the boast of emperors and some of the regions in the empire have

never again lived for so many generations free from major wars so what exactly was the pax romana and what did it mean for the people who found themselves brought under roman rule acclaimed historian adrian goldsworthy tells the story of the creation of the empire revealing how and why the romans came to control so much of the world and asking whether the favourable image of the roman peace is a true one he chronicles the many rebellions by the conquered and describes why these broke out and why most failed at the same time he explains that hostility was only one reaction to the arrival of rome and from the start there was alliance collaboration and even enthusiasm for joining the invaders all of which increased as resistance movements faded away a ground breaking and comprehensive history of the roman peace pax romana takes the reader on a journey from the bloody conquests of an aggressive republic through the age of caesar and augustus to the golden age of peace and prosperity under diligent emperors like marcus aurelius offering a balanced and nuanced reappraisal of life in the roman empire

## **A History of the Roman World from 753-146 B.C. 1961**

this sweeping history of the roman empire from 44 bc to ad 235 has three purposes to describe what was happening in the central administration and in the entourage of the emperor to indicate how life went on in italy and the provinces in the towns in the countryside and in the army camps and to show how these two different worlds impinged on each other colin wells s vivid account is now available in an up to date second edition

## ***Globalisation and the Roman World 2015***

fergus millar is one of the most influential contemporary historians of the ancient world his essays and books including the emperor in the roman world and the roman near east have enriched our understanding of the greco roman world in fundamental ways in his writings millar has made the inhabitants of the roman empire central to our conception of how the empire functioned he also has shown how and why rabbinic judaism christianity and islam evolved from within the wider cultural context of the greco roman world opening this collection of sixteen essays is a new contribution by millar in which he defends the continuing significance of the study of classics and argues for expanding the definition of what constitutes that field in this volume he also questions the dominant scholarly interpretation of politics in the roman republic arguing that the roman people not the senate were the sovereign power in republican

rome in so doing he sheds new light on the establishment of a new regime by the first roman emperor caesar augustus

## ***Gender, Memory, and Identity in the Roman World*** **2019**

this volume looks at all these aspects of life in the roman empire

## ***A History of the Roman World from 30 B. C. to A. D. 138*** **1944**

## ***The Roman Empire*** **1995**

explores single men and women in the roman world their ways of life and their reasons for remaining unmarried

## ***Rome, the Greek World, and the East*** **2003-01-14**

the remains of roman roads are a powerful reminder of the travel and communications system that was needed to rule a vast and diverse empire yet few people have questioned just how the romans both military and civilians travelled or examined their geographical understanding in an era which offered a greatly increased potential for moving around and a much bigger choice of destinations this volume provides new perspectives on these issues and some controversial arguments for instance that travel was not limited to the elite and that maps as we know them did not exist in the empire the military importance of transport and communication networks is also a focus as is the imperial post system

cursus publicus and the logistics and significance of transport in both conquest and administration with more than forty photographs maps and illustrations this collection provides a new understanding of the role and importance of travel and of the nature of geographical knowledge in the roman world

## **The Old Roman World: The Grandeur and Failure of Its Civilization 1874**

originally published between 1920 70 the history of civilization was a landmark in early twentieth century publishing it was published at a formative time within the social sciences and during a period of decisive historical discovery the aim of the general editor c k ogden was to summarize the most up to date findings and theories of historians anthropologists archaeologists and sociologists this reprinted material is available as a set or in the following groupings prehistory and historical ethnography set of 12 0 415 15611 4 800 00 greek civilization set of 7 0 415 15612 2 450 00 roman civilization set of 6 0 415 15613 0 400 00 eastern civilizations set of 10 0 415 15614 9 650 00 judaeo christian civilization set of 4 0 415 15615 7 250 00 european civilization set of 11 0 415 15616 5 700 00

## ***Everyday Life in the Roman Empire 2010***

using a wide range of epigraphic archaeological numismatic and literary evidence northern italy in the roman world traces the evolution of northern italy from the bronze age to late antiquity and examines how the roman state dramatically changed the region this study on a much neglected part of the roman world uses northern italy as a case study for examining the impact of the roman empire on areas that it controlled the book finds that while levels of roman intervention varied considerably over time the roman state greatly influenced both local and transregional developments this influence is shown to be pervasive and reflected in material ranging from loom weights to social networks and from ritual horse burials to the careers of writers
