as the number of people of color rapidly grows within the us population health providers in these communities have become increasingly aware of the need to address the concerns and problems particular to each group it s also become clear that as the delivery of our health care systems evolve a new approach must be summoned to build systems both cost effective and socially responsible community health psychology offers a new and different perspective for redressing the gaps in our systems of care the authors contend that in order to begin an attempt at eradicating the more intractable societal problems health providers need to tailor themselves to a more culturally competent approach which addresses all members of a community they claim to serve

Capitation in California 1997

health care reform has dominated public discourse over the past several years and the recent passage of the affordable care act rather than quell the rhetoric has sparked even more debate donald a barr reviews the current structure of the american health care system describing the historical and political contexts in which it developed and the core policy issues that continue to confront us today this comprehensive analysis introduces the various organizations and institutions that make the u s health care system work or fail to work as the case may be a principal message of the book is the seeming paradox of the quality of health care in this country on the one hand it is the best medical care system in the world on the other

it is one of the worst among developed countries because of how it is organized barr introduces readers to broad cultural issues surrounding health care policy such as access affordability and quality he discusses specific elements of u s health care including insurance especially medicare and medicaid the shift to for profit managed care the pharmaceutical industry issues of long term care the plight of the uninsured medical errors and nursing shortages the latest edition of this widely adopted text updates the description and discussion of key sectors of america s health care system in light of the affordable care act
