resources and in the implementation of differing political strategies this volume brings together the research presented at the first neu-med workshop held in Siena on 11-12 April 2017. The aim of the workshop was to draw up an initial survey of research and related work on the project one and a half years after its inception. The project is composed of several research units each unit covers an aspect of the interdisciplinary research underpinning the neu-med project each with their own methodology. For this first volume of results it was decided not to give an account of all the work carried out within all the units but to select those lines of investigation which at the end of the first year and a half have made it possible to articulate and develop an interdisciplinary research strategy.

politica all economia e al diritto si tratta di un testo utile per due motivi
in particolare da un lato per capire meglio il pensiero di leoni poiché in
queste recensioni i suoi riferimenti culturali vengono esplicitati e si
chiarisce bene quale fosse la sua concezione della politica della filosofia e
della società dall altro esso consente di farsi un idea sugli argomenti di
cui non si discuteva in italia negli anni cinquanta il politico fondato dallo
stesso leoni nel 1950 fu infatti un mirabile tentativo di innovare la cultura
italiana e in queste recensioni che sono per la maggior parte di libri
stranieri l autore suggerisce traduzioni e propone idee e argomenti in italia
allora poco conosciuti o spesso conosciuti male le recensioni non sono mai
banali e anzi vi emerge con chiarezza quali siano le valutazioni le idee e in
generale il pensiero di leoni fare esplorazioni in campi così diversi e

apparivano intimamente connesse e solo da una loro trattazione comune era
convinto di poter trovare la soluzione ai problemi sociali
