Year-Round Scavenger Hunt!

turning everyday moments into adventures for years i ve designed custom scavenger hunts for my children whenever we go for walks car rides to the museum or even driving around looking at halloween decorations i ve found that giving my children a scavenger hunt helps them to stay focused in the moment and engaged with the outside world and turns everyday moments into adventures this book is intended to be a yearlong adventure for children it s unlikely they ll find everything in the book quickly and that s part of the goal i want this book to be a long term experience encouraging children to connect with their outside world i hope this book inspires kids to search explore and observe their worlds throughout the year even during routine activities like driving to school or walking around the block for children learning to read i also hope that the pages help reinforce vocabulary words for some of the places and things they see every day the goal isn t to find every single item in the book although that would be a fun achievement but rather to keep a log of all the amazing things children see throughout the year i hope the pages spur discussions between children and their caregivers questions like mom is that a suspension bridge dad is that a welder or grandma can you show me the big dipper constellation in the back of the book you ll find journal pages where your children can add their own discoveries snap a photo anytime they notice something interesting in their environment it could be a mural a statue a bug a stormy night or any other remarkable observations then print the photo 2 x2 and tape or glue it onto the grey squares and if your child is able to write ask them to label their discovery or write the label for them alternatively your child can draw a picture of their discoveries on the last page they can personalize the discoveries they ve made by answering some questions about their favorite season weather food more to mark the boxes you can use markers or pens or you can pick up stickers sized 5 x 5 and attach them with a paperclip to the book so they are always on hand to mark the boxes use a permanent marker for each child to write their name on the top of their book so the books don t get mixed up between siblings or friends keep the scavenger hunt with you everyday however you travel in the car in the stroller or in a backpack so that kids have access to their scavenger hunt whenever they spot something new i hope this book turns everyday activities into adventures conversations and opportunities for learning if you take any photos with your book along the way please share with me on instagram dianalevine i can t wait to see where your book takes you with gratitude diana
