1815 Les naufragés de l'Empire 1959 in resistance and liberation douglas porch continues his epic history of france at war emerging from the débâcle of 1940 france faced the quandary of how to rebuild military power protect the empire and resuscitate its global influence while charles de gaulle rejected the armistice and launched his offshore crusade to reclaim french honor within the allied camp defeatists at vichy embraced cooperation with the victorious axis the book charts the emerging dynamics of la france libre and the alliance vichy collaboration and the swelling resistance to the axis occupation from the campaigns in tunisia and italy to liberation douglas porch traces how de gaulle sought to forge a french army and prevent civil war he captures the experiences of ordinary french men and women caught up in war and defeat the choices they made the trials they endured and how this has shaped france's memory of those traumatic years

Revue internationale d'histoire militaire 1938 une histoire accessible au grand public insistant sur la période d'après 1918 copyright electre

Histoire de l'armée française 2012 carl von clausewitz 1780 1831 is best known for his masterpiece of military theory on war yet that work formed only the first three of his ten volume published writings the others historical analyses of the wars that roiled europe from 1789 through 1815 informed and shaped clausewitz's military thought so they offer invaluable insight into his dialectical often difficult theoretical masterwork among these historical works one of the most important is *der feldzug von 1799 in italien und der schweiz* which covers an important phase of the french revolutionary wars napoleon's coalition ascendancy covers the period of napoleon's invasion of egypt and focuses on the second coalition's campaign in italy and their victories under suvorov's dynamic leadership that carried the tide of battle up against the french frontier moving from strategy to battle scene to analysis this

first english translation of volume 5 of clausewitz s collected works nimbly conveys the character of clausewitz s writing in all its registers the brisk often powerful description of events as they unfolded and the critical reflections on strategic theory and its implications napoleon absent coalition ascendant includes the major battles of trebbia and novi and will expand readers experience and understanding of not only this critical moment in european history but also the thought and writings of the modern master of military philosophy
