the four plays contained herein bring together aspects of american history and culture that dramatise the presence and contributions of africans and african americans in the shaping of the united states written for performance by junior and high school youth the plays introduce students to the middle passage the antebellum south slave revolts in 19th century america reconstruction and the jim crow era lynching folktales of the deep south and the harlem renaissance

## **African American Youth Discourse 2004**

examining how the discourses of youth race poverty and identity take shape when push is adapted to the big screen this book brings together valuable research to delve into representations of african american girlhood the book draws attention to how black girlhood takes shape in the film under the dominant white discourses that racialise non white bodies and examines how these discourses inform a critical reception of the film and precious as a black girl through a consideration of black culture and heritage it questions what narratives of girlhood growth and development are afforded to the main character in a film that is informed by neoliberal and colour blind discourses highlighting the social context in which precious was received the book draws attention to how a discussion of precious in the critical press gives insight into the racial politics that were dominant at the time of the film s release it considers whether race impacts how the film engages with reflects and moves beyond conventions within the genre of youth film concise and engaging this vital book sheds light on underrepresented areas of film studies that make it an invaluable resource for students and scholars of film race and youth cultures

## **Beauty in Black Performance 2006**

the main objective of this book is to afford readers a comprehensive view of the current state of the african american experience from the perspective of a child and youth oftentimes members within and outside the african american community fail to objectively critique this culture the worst of the culture is perpetuated due to the lack of understanding of the origins of african american history and how that history relates to the socialization process this book also explores the generational influence in socializing african american children beginning with the great depression generation to the hip hop and generation y generations the norms and values past down to african american children are examined as significant as passing down norms and values are most normally little stock is given by parents toward instilling a sense of honor for community environment and service to others from society's viewpoint most americans feel that only african americans can shape the development of black children and youth a great misconception there are many white native american hispanic and asian teachers involved in the development of african american children on average black children youth spend an average of seven hours in school with educators of all races and ethnicities however very few to none of these experiences are in institutional settings where their culture is at the center of learning is african american culture on a path towards extinction are african american parents and immediate caregivers preparing their children to effectively function in a global technological age is african american culture on a path towards extinction

are african american parents and immediate caregivers preparing their children to properly function in a global technological age these questions and more will be addressed in this book

## **Precious 2021-12-24**

offering motivational real life stories a strategy guide for african american parents show how to raise achievement expectations enforce the need for respect for authority and lessen the influence of music television and video games

## **The Socialization of the African American Child: 2010-08-05**

ginwright examines the role of community based organizations cbos in the lives and development of black urban youth the author argues that these organizations have the potential to provide a powerful influence in how young people choose to participate in schooling and civic life ginwright bases his observations on a five year study of a cbo he created in oakland california the book shows readers that the lives of poor black urban youth are not quite as determined by locale and income as more deterministic readings have

argued and that there is real hope for positive change in these urban communities

## **The Cultural Matrix 2015-02-09**

no matter how mathematics achievement and persistence are measured african americans seem to lag behind their peers this state of affairs is typically explained in terms of student ability family background differential treatment by teachers and biased curricula but what can explain disproportionately poor performance and persistence of african american students who clearly possess the ability to do well who come from varied family and socioeconomic backgrounds who are taught by caring and concerned teachers and who learn mathematics in the context of a reform oriented mathematics curriculum and why do some

african american students succeed in mathematics when underachievement is the norm among their fellow students danny martin addresses these questions in mathematics success and failure among african american youth the results of a year long ethnographic and observational study of african american students and their parents and teachers mathematics success and failure among african american youth goes beyond the conventional explanations of ability socioeconomic status differential treatment and biased curricula to consider the effects of history community and peers and the individual agency that allows some students to succeed despite these influences martin s analysis suggests that prior studies of mathematics achievement and persistence among african americans have failed to link sociohistorical community school and intrapersonal forces in sufficiently meaningful ways and that they suffer from theoretical and methodological limitations that hinder the ability of mathematics educators to reverse the negative achievement and persistence trends that continue to afflict african american students the analyses and findings offered in martin s book lead to exciting implications for future research and intervention efforts concerning african american students and other students for whom history and context play an important role this book will be useful and informative to many groups mathematics education researchers education researchers interested in the social context of learning and teaching policymakers preservice and in service teachers students parents and community advocates it will also be of interest to readers concerned with multicultural education cross cultural studies of mathematics learning sociology of education

black studies and issues of underrepresentation in science and mathematics

## **The Cultural Matrix 2015-02-09**

## ***I Have Risen* 2006-03-30**

the book is a how to create a community wide awareness from a multi cultural interdenominational holistic and theological perspective for at risk and troubled youth s it is based on my experiences as a christian educator youth counselor and pastor through personal witness of african american youths i have experienced first hand and swallowed the bitter pill of poverty violence victimization and homicide african american youth s are statistically the greatest perpetrators of crime in the communities and the lowest academic achievers it is my hope to create a greater community wide awareness at a time when society will see black youth s beyond the playing field and look for the real role models in

their respective communities such as teachers pastors mothers fathers and grandparents in my book i will place greater emphasis on the role of parenting and education in influencing youth s to partake in activities which will hone their abilities and create positive outlooks on life the active involvement of various organizations schools and individuals could hasten the achievement of these goals for unity leads to revolutionary reform interpersonal violence has a dramatic impact on the health of american youth s homicides the salient and easily measured impact account for one of every five deaths among youths ages fifteen to twenty four and 58 per cent of deaths among black males fifteen to nineteen from 1985 through 1990 firearm homicide rates increased 141 per cent for all fifteen to nineteen year olds and nearly tripled among black males in this age group positive adolescent choices training p a c t designed specifically for african american male and female adolescents applies cognitive training methods in small group settings in six skill areas elementary school teachers preferably select students for participation based on social skill deficiencies problems with aggressive behavior or history of victimization training is provided twice a week in fifty minute sessions for half of the school year pact volunteers will facilitate the training and are aided by a high quality video tape that demonstrates the skills in realistic situations

# **Investing in Our African American Youth (Revised)**

## **2010-10-01**

a bible study black history study for preteens and teens

## **Mathematics Success and Failure Among African-American Youth 2000**

how do young african americans approach their faith in god when continued violence and police brutality batters the news each day in the spiritual lives of young african americans almeda m wright argues that african american youth separate their everyday lives and their spirituality into mutually exclusive categories this results in a noticeable division between their experiences of systemic injustices and their religious beliefs and practices yet wright suggests that youth can and do teach the church and society myriad lessons through their theological reflections and actions giving special attention to the resources of african american religious and theological traditions wright creates a critical pedagogy for integrating spirituality into the lives of african american youth as well as confronting and navigating spiritual fragmentation and systemic injustice

## ***Libraries, Literacy, and African American Youth*** **2016-10-31**

this handbook fills major gaps in the child and adolescent mental health literature by focusing on the unique challenges and resiliencies of african american youth it combines a cultural perspective on the needs of the population with best practice approaches to interventions chapters provide expert insights into sociocultural factors that influence mental health the prevalence of particular disorders among african american adolescents ethnically salient assessment and diagnostic methods and the evidence base for specific models the information presented in this handbook helps bring the field closer to critical goals increasing access to treatment preventing misdiagnosis and over hospitalization and reducing and ending disparities in research and care topics featured in this book include the epidemiology of mental disorders in african american youth culturally relevant diagnosis and assessment of mental illness uses of dialectical behavioral therapy and interpersonal therapy community approaches to promoting positive mental health and psychosocial well being culturally relevant psychopharmacology future directions for the field the handbook of mental health in african american youth is a must have resource for researchers professors and graduate students as well as clinicians and related professionals in child and school psychology public health family studies child and adolescent psychiatry family medicine and social work

## **Responding to Crisis Situations Confronting Today's African-American Youth 2009-08-01**

no matter how mathematics achievement and persistence are measured african americans seem to lag behind their peers this state of affairs is typically explained in terms of student ability family background differential treatment by teachers and biased curricula but what can explain disproportionately poor performance and persistence of african american students who clearly possess the ability to do well who come from varied family and socioeconomic backgrounds who are taught by caring and concerned teachers and who learn mathematics in the context of a reform oriented mathematics curriculum and why do some african american students succeed in mathematics when underachievement is the norm among their fellow students danny martin addresses these questions in mathematics success and failure among african american youth the results of a year long ethnographic and observational study of african american students and their parents and teachers mathematics success and failure among african american youth goes beyond the conventional explanations of ability socioeconomic status differential treatment and biased curricula to consider the effects of history community and peers and the individual agency that allows some students to succeed despite these influences martin s analysis suggests that prior studies of mathematics achievement and persistence among african americans

have failed to link sociohistorical community school and intrapersonal forces in sufficiently meaningful ways and that they suffer from theoretical and methodological limitations that hinder the ability of mathematics educators to reverse the negative achievement and persistence trends that continue to afflict african american students the analyses and findings offered in martin s book lead to exciting implications for future research and intervention efforts concerning african american students and other students for whom history and context play an important role this book will be useful and informative to many groups mathematics education researchers education researchers interested in the social context of learning and teaching policymakers preservice and in service teachers students parents and community advocates it will also be of interest to readers concerned with multicultural education cross cultural studies of mathematics learning sociology of education black studies and issues of underrepresentation in science and mathematics

## **Royalty 2017-08-16**

discusses having the perception of no guidance racism i ll never get a chance peer pressure fear of selling out attitude

## ***The Black Church and African-American Youth 2002***

while black power activism on the coasts and in the midwest has attracted considerable scholarly attention much less has been written about the movement's impact outside these hot beds shirletta j kinchen helps redress that imbalance by examining how young memphis activists embraced black power ideology to confront gross disparities in housing education and employment as well as police brutality and harassment

## **The Spiritual Lives of Young African Americans 2017**

a rare 15 year ethnography this book follows the lives of individual low income african american youth from the beginning of high school into their early adult years levine shows how their interaction and experience with multiple institutions family school community and individuals parents friends teachers coaches strangers shape their hopes fears aspirations and worldviews the intersectionality of their social identities how race class and gender come together to influence how they come to think about who they are influences many behaviors that directly contradict their stated aspirations affected too by limited access to resources these youths often take a path profoundly different from their stated values and life goals levine explores the volatility and constraints underlying their decision making and behaviors the book reveals the critical junctures and turning points shaping life trajectories challenging

many long held assumptions about the persistence of racial inequality by offering new insights on the educational and occupational barriers facing young african americans

## **Educational and Psycho-social Factors that Influence African American Youth's Preferences for Social Change 2001**

this book discusses current research on identity formation family and peer influences risk and resilience factors and concepts of masculinity and sexuality in african american boys sorting out genuine findings from popular misconceptions and misleading headlines this concise and wide ranging reference covers the crucial adolescent years ages 11 16 acknowledging diversity of background and experience in the group and differences and similarities with african american girls as well as with other boys in addition the authors review strengths based school and community programs that harness evidence and insights to promote pro social behavior featured areas of coverage include the protective role of ethnic identity and racial socialization family management cohesion communication and well being development and importance of peer relationships health and well being theoretical perspectives on educational achievement factors that contribute to delinquency and victimization what works effective programs and practices african american boys is an essential resource for a wide

range of clinicians and practitioners as well as researchers and graduate students in school and clinical child psychology prevention and public health social work mental health therapy and counseling family therapy and criminal justice

## **Handbook of Mental Health in African American Youth** **2016-01-22**

this text aims to resolve the difficult issues of establishing new guidelines for foster care in the unique cases of so many african american children it consists of public domain documents which have been located gathered combined reformatted

## **Mathematics Success and Failure Among African-American Youth 2000-01-01**

a brilliant analysis of the foundations of racist policing in america the day to day brutalities largely hidden from public view endured by black youth growing up under constant police surveillance and the persistent threat of physical and psychological abuse storytelling that can make people understand the racial inequities of the legal system and restore the humanity this system has cruelly stripped from its victims new york times book review

drawing upon twenty five years of experience rep resenting black youth in washington d c s juve nile courts kristin henning confronts america s irrational manufactured fears of these young peo ple and makes a powerfully compelling case that the crisis in racist american policing begins with its relationship to black children henning explains how discriminatory and aggressive policing has socialized a generation of black teenagers to fear resent and resist the police and she details the long term consequences of rac ism that they experience at the hands of the police and their vigilante surrogates she makes clear that unlike white youth who are afforded the freedom to test boundaries experiment with sex and drugs and figure out who they are and who they want to be black youth are seen as a threat to white amer ica and are denied healthy adolescent development she examines the criminalization of black adoles cent play and sexuality and of black fashion hair and music she limns the effects of police presence in schools and the depth of police induced trauma in black adolescents especially in the wake of the recent unpre cedented worldwide outrage at racial injustice and inequality the rage of innocence is an essential book for our moment

## **African American Youth - Stop the Madness 2005-05**

discusses black children s experiences in and capacity to influence the physical environment of poor neighborhoods in the united states

## **Black Power in the Bluff City 2016**

in white kids mary bucholtz investigates how white teenagers use language to display identities based on race and youth culture focusing on three youth styles preppies hip hop fans and nerds bucholtz shows how white youth use a wealth of linguistic resources from social labels to slang from valley girl speech to african american english to position themselves in the school's racialized social order drawing on ethnographic fieldwork in a multiracial urban california high school the book also demonstrates how european american teenagers talk about race when discussing interracial friendship and difference narrating racialized fear and conflict and negotiating their own ethnoracial classification the first book to use techniques of linguistic analysis to examine the construction of diverse white identities it will be welcomed by researchers and students in linguistics anthropology ethnic studies and education
