*WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 2000* 1998-12 from the publishers of motorcycle consumer news shifting gears at 50 is a one of a kind motorcycling manual for returning and late entry riders essentially anyone 40 years old and up who s looking to hit the road on two wheels author philip buonpastore a motorcycle journalist and retired us air force photographer helps readers gear up to get back on a motorcycle or get on one for the first time in part 1 becoming a motorcyclist buonpastore discusses the basics of buying the right bike gear and equipment and getting the bike up to speed the book continues with a good overview of learning to ride the importance of taking a road course venturing out on the first ride and extending rides to long distance jaunts throughout part 1 are sidebars by riding safety instructor and expert walt fulton offering sound advice on safety precautions and execution for every leg of the new and returning rider s journey the author emphasizes what older riders should be aware of and which factors can affect their rides adding lots of great firsthand advice are humorous and helpful stories collected by the author and related by returning riders at various ages from their late 30s to 60s in part 2 buonpastore shares five of his favorite travelogues covering his long distance tours around the us from the american south to the west coasts this section is illustrated by over 100 of the author s breathtaking photographs of the various locations he toured on his bike the foreword to the book is provided by best selling motorcycle author david hough author of i 5 press s proficient motorcycling and mastering the ride hough writes if you re getting into today s motorcycling at an age your doctor would describe as middle aged or senior do you yourself a clever favor and read phil s book

*American Motorcyclist* 2012-01-24 the mental intruder by dr niki karavasilis many people have a tendency to ignore or exclude from their lives people who have dementia and alzheimer s they only include people who are suitable to their own lifestyle this after all is the social norm however have you ever thought what it is like to be taken over by alzheimer s when we pause and think about the above questions and try to find answers that cannot be found we can begin to understand the distorted world of alzheimer s victims their experiences and their feelings in their isolated world only then can we relate better to their environment only then we can understand the difficulties that are facing them daily as they strive to show others that they are still normal people by reading dr niki karavasilis book the mental intruder you will begin to understand the experiences of one person soula her dearest friend who taught her so much about her disease before she entered in her own world of alzheimer s dr karavasilis too was very ignorant of people with alzheimer s and ignored them dr karavasilis wrote this book to learn about alzheimer s and to inform others about this fast growing disease she would also like to inform others that the stigma attached to this disease is unjust we have stigmatized this disease as something bad and overpowering it is a disease that is growing very fast in all the corners of the world the clinical symptoms of alzheimer s are apparent but the cure is a long way from being discovered for now the only thing that we can do is to wait and show compassion and love to the persons who have alzheimer s and give support to the caregiver will the scientists find the cure for this horrific disease nobody knows but there is hope

Cycle World Magazine 1993-01 from one of america s most respected journalists and modern historians comes the highly acclaimed splendid the washington post biography of jimmy carter the thirty ninth president of the united states and nobel prize winning humanitarian jonathan alter tells the epic story of an enigmatic man of faith and his improbable journey from barefoot boy to global icon alter paints an intimate and surprising portrait of the only president since thomas jefferson who can fairly be called a renaissance man a complex figure ridiculed and later revered with a piercing intelligence prickly intensity and biting wit beneath the patented smile here is a moral exemplar for our times a flawed but underrated president of decency and vision who was committed to telling the truth to the american people growing up in one of the meanest counties in the jim crow south carter is the only american president who essentially lived in three centuries his early life on the farm in the 1920s without electricity or running water might as well have been in the nineteenth his presidency put him at the center of major events in the twentieth and his efforts on conflict resolution and global health set him on the cutting edge of the challenges of the twenty first one of the best in a celebrated genre of presidential biography the washington post his very best traces how carter evolved from a timid bookish child raised mostly by a black woman farmhand into an ambitious naval nuclear engineer writing passionate never before published love letters from sea to his wife and full partner rosalynn a peanut farmer and civic leader whose guilt over staying silent during the civil rights movement and not confronting the white terrorism around him helped power his quest for racial justice at home and abroad an obscure born again governor whose brilliant 1976 campaign demolished the racist wing of the democratic party and took him from zero percent to the presidency a stubborn outsider who failed politically amid the bad economy of the 1970s and the seizure of american hostages in iran but succeeded in engineering peace between israel and egypt amassing a historic environmental record moving the government from tokenism to diversity setting a new global standard for human rights and normalizing relations with china among other unheralded and far sighted achievements after leaving office carter eradicated diseases built houses for the poor and taught sunday school into his mid nineties this important fair minded highly readable contribution the new york times book review will change our understanding of perhaps the most misunderstood president in american history

**Cycle World Magazine** 2001-01 the present work contains a selection of research that is focused on the development of the kinematics in this way we can find the evolution of the kinematics in recent years like applications in navigation systems parallel robots manipulators and mobile robots this work also includes new methods for the analysis in different applications which are important in the proposal of new paradigms modeling is presented in applications oriented to a better understanding of biosystems on the other hand we also have applications of intelligent systems that enrich and complement the analysis of movement and position definitely we hope that the present research work enriches and contributes with ideas and elements of interest for each of our readers
