Migration and Citizenship 2006 managing migration

UNITED KINGDOM VISAS WITHOUT TEARS 1970 the extension of border controls beyond a country's territory to regulate the flows of migrants before they arrive has become a popular and highly controversial policy practice today remote control policies are more visible complex and widespread than ever before raising various ethical political and legal issues for the governments promoting them the book examines the externalization of migration control from an interdisciplinary and comparative perspective focusing on remote control initiatives in

europe and north america with contributions from the fields of politics sociology law geography anthropology and history this book uses empirically rich analyses and compelling theoretical insights to trace the evolution of remote control initiatives and assesses their impact and policy implications it also explores competing theoretical models that might explain their emergence and diffusion individual chapters tackle some of the most puzzling questions underlying remote control policies such as the reasons why governments adopt these policies and what might be their impact on migrants and other actors involved

You and your passport 2016-06 the committee examines the work of the uk border agency ukba on a three monthly basis following the abolition of the agency it will continue to monitor the home office uk visa and immigration service on a three monthly basis the committee found a further backlog of 190 000 cases in the temporary and permanent migration pool that were never revealed to the committee before the total figure for the backlog has reached over half a million the committee feels it is unacceptable that new backlogs are revealed in committee evidence sessions the uk border agency had a troubled history many of its problems predate the establishment of the agency ministers must now explain how those problems will not outlive its demise to see a change in the culture in the new organisational structure and management it must be complemented by the ability for a wholesale restructuring of the employees of the organisation the newly appointed directors general must have the ability and resources necessary to implement this change the home office should outline exactly how they propose to bring about this change in culture in evidence the committee were told the immigration service would never be fixed this surprised the committee since reducing immigration is a priority of this government what the immigration service needs desperately is stability the resources necessary to clear the backlogs and a wholesale change in culture

Dark Night of the Soul 2017-11-17 This handbook is the latest version of a book that was last published in 2003 and has been completely revised to take account of the innumerable legal developments since then. The book contains 26 chapters on topics ranging across the full spectrum of civil, political, social, economic and environmental rights, with particular emphasis on the right not to be discriminated against. It is currently the most comprehensive and practical publication on the state of human rights in Northern Ireland. This is a part of the world where, as well as ongoing issues arising out of the conflict, emergency laws are still in place. For example, there are familiar questions concerning the rights of people with poor mental health, the law relating to family and sexual matters, children's rights, education rights, employment rights, housing rights and social security rights. The contributors to the book are all experts in their field, most of them with years of experience as human rights activists and advisers. The book provides precise information about relevant legislation and case law on which there are tables and is fully indexed.

The Rough Guide to First-Time Europe (Travel Guide eBook) 2011-02-07 Greetings and welcome to this guide book on how to get a UK visa for a Thai. My name is Owen Jones and my girlfriend's name is Neem, a Thai, and we struggled for months to get a visa for Neem to visit Great Britain. The purpose of this book is to make that job easier for you and hopefully save you at least 400-500 in the process. Too many make no mistake about it: there is no shortage of solicitors and advisors, even complete agencies who are willing to give you the benefit of their experience. Some promise a visa or no fee; others offer a 50 up-front non-refundable deposit option with the balance payable on successful completion; and others expect you to pay the whole fee regardless. This fee in Thailand is typically 30,000 Thai Baht, 600 or 1,000.

A Points-based System 2012 This is the report of an inquiry into the policy and practice of immigration control, examining entry clearance visa system, the granting or refusing of further leave in the UK and the enforcement of immigration control. It considers the degree to which the aims of the Immigration and Nationality Directorate and UK Visas are being met, the progress in implementing recommendations from recent reports and lessons to be learnt from the operation of the current system. Although it is recognised that staff are working hard and diligently, there are a number of problems especially related to fragmentation and lack of communication. The committee makes a number of recommendations, including the establishment of a cabinet committee and an independent immigration inspectorate, a redrafting of the immigration rules and a greater focus on the quality of decision making as opposed to speed.

Know Your State West Bengal 2015-02-26 This volume examines the law and system of control which govern immigration and asylum in the UK.
