of ritual and ceremonial but the emphasis is squarely on the side of art and beauty in worship he was the author of books and pamphlets on church art and history and editor of the hymnbook songs of praise in 1931 the parson s handbook ran into many editions and he devised the english hymnal to which composers ralph vaughan williams and gustav holst contributed in the parson s handbook dearmer states in the introduction that his goal is to help in remedying the lamentable confusion lawlessness and vulgarity which are conspicuous in the church at this time what follows is an exhaustive delineation sparing no detail of the young priest s ideas on how liturgy can be conducted in a proper catholic and english manner
