when joanne k rowling published her first harry potter novel in 1997 probably nobody expected the tremendous success her writing debut was going to bring her the huge popularity of the seven book series led not only to an equally successful series of film adaptations but also to a variety of well selling merchandise children and adults alike are enchanted by the wizarding world that rowling so meticulously created however rowling s story does not only serve as a source for our entertainment she also uses her fantasy world as a metaphor for our own world depicting rights and wrongs in many different fields one of the main themes is even a very controversial one discrimination and rowling did not just invent a world in black and white she does not simply tell the reader that prejudice is a reprehensible trait in our society rather she created a world for the readers to explore and find things out for themselves as the story continued in this paper the author claims that the representation of discrimination in the harry potter series influences the readers in a positive way and that they are likely less prejudiced against stigmatised groups after reading the books

j k rowling has drawn deeply from classical sources to inform and color her harry potter novels with allusions ranging from the obvious to the obscure fluffy the vicious three headed dog in harry potter and the sorcerer s stone is clearly a repackaging of cerberus the hellhound of greek and roman mythology but the significance of rowling s quotation from aeschylus at the front of harry

potter and the deathly hallows is a matter of speculation her use of classical material is often presented with irony and humor this extensive analysis of the harry potter series examines rowling s wide range of allusion to classical characters and themes and her varied use of classical languages chapters discuss harry and narcissus dumbledore s many classical predecessors lord voldemort s likeness to mythical figures and magic in harry potter and classical antiquity among many topics
