happiness project or dan harris 10 happier talk radio host dennis prager shows us that happiness isn t
just a value it s a moral obligation when you ask people about their most cherished values happiness is
always at the top of the list in this enduring happiness manifesto prager examines how happiness not
only makes us better people but has an effect on the lives of everyone around us providing them with a
positive environment in which to thrive and be happy themselves achieving that happiness won t be easy
though to prager it requires a continuing process of counting your blessings and giving up any
expectations that life is supposed to be wonderful can we decide to be satisfied with what we have he
asks a poor man who can make himself satisfied with his portion will be happier than a wealthy man who
does not allow himself to be satisfied prager echoes other political commentators in complaining that
too many people today see themselves as victims he submits that the only way to achieve your desires is
to take responsibility for your life rather than blaming others if you re willing to put some thought
into achieving a happier outlook you will find plenty to mull over in happiness is a serious problem
