

Free ebook Best used car guide [PDF]

provides information about secret warranties and confidential service bulletins related to a wide variety of cars and minivans covering model years from 1980 to 1997 and includes ratings for used vehicles and tips on how to get satisfaction from dealers and automakers this guide covers more than 200 domestic and foreign cars from 1985 1995 it includes specs and recall histories and contains a detailed compendium of up to the minute car information the most thorough and comprehensive used car guide on the market this new 2003 edition of complete guide to used cars profiles more than 300 of the most popular cars trucks suvs and minivans from 1990 2002 features photographs for all models ratings specifications retail prices driving impressions safety recalls trouble spots fuel estimates repair costs and much more do not buy a used vehicle until you have read this book introduction overview and what you will learn in this book be a winner in the car buying process and save thousands of dollars and or get a quality vehicle for less in this book are some simple and quick must know concepts for a car buyer to understand to be able to purchase a vehicle from a dealer and or private party seller and get the best price and or the best interest rates and or the best terms and or to insure a quality vehicle that will serve you well this very short book will give you the absolute confidence from the beginning to the end of the car buying process of how to go out and purchase a vehicle and save thousands of dollars and receive a quality vehicle that will serve you well this book is absolutely the way to minimize the price you pay for a vehicle and an absolute way to minimize the interest rate and an absolute way to get closer to the terms you want and an absolute way to insure a quality vehicle in any car buying deal if you do not know these concepts and car buying tips you will certainly pay more for the price of the vehicle and or the interest rate on the vehicle will be higher and or the other terms will certainly work against you and you could possibly buy a dud bad vehicle further this book is short and straight to the point this book is also very simple to follow and all the concepts are disclosed in a way that is manageable so you can master them easily and quickly and commit them to your memory or strategy and go into the car buying process with extreme confidence and get a great deal by now we all are aware that dealers dealerships sales people and sellers of vehicle s make more when they sale the vehicle at a higher price there is no secret that the seller s whole motivation is to sell you the vehicle at the highest price possible and or at the highest interest rates possible and or on the seller s terms it is a very common practice in dealerships that the higher the sales person sales the vehicle for the higher the sales person s commission the higher the interest rate the higher the sales person s commission the more the sales person can convince you to sign the contract closer to his terms the higher the sales person s commission therefore it should not be a surprise to you that you need to gain the most knowledge you can to offset the sales person s strategies and tactics and save yourself some money money that you can use for other things this is just common sense the concepts and the explanations of these concepts will certainly put you at a better advantage and keep the sales person from eating you alive these concepts are a must know this book entails a very concise and short but thorough straight to the point step by step guide on how to successfully get a good deal on a vehicle directly below are 12 simple and quick must know concepts to understand to be able to get the best price deal and or the best interest rates and or the best terms and or to insure you receive a quality used vehicle please read the concepts below then continue reading and the following pages will explain and expound on each concept and what each means in detail so you understand each 1 trusting the seller is a big key if at all possible make sure the seller is someone you can trust if the seller is someone you do not trust it may be in your best interest not to buy the used vehicle in some circumstances this is key 2 make sure the vehicle is what you need and or want in your own mind before starting the negotiating process 3 make sure the car is solid and in good mechanical condition before you start the negotiating process 4 have other vehicles that you are also comparing or at least act as though you have other vehicles that you are comparing 5 do not expose how much money or financing you have too soon this d his step by step process for buying a used car is clear concise and enjoyable to read whether you are someone who is intimidated by car salesmen or a veteran used car buyer you will benefit from this straightforward and honest advice so you will never be taken advantage of when making such a major purchase you will appreciate the author s conversational tone that makes the book very easy to read even though it is packed with practical information buying a used car is a greater risk than buying a new one but can also be the best automotive deal around this book a guide to buying

used cars will help anyone in the market get the best pricing and minimize risk when buying selling or trading in a used vehicle as it is best to be armed with as much information as possible before stepping onto a used car lot this book will provide everything needed including enjoy here is the smart shopper s guide to today s best used car values the authoritative ratings cover more than 200 domestic and foreign models included are current prices fuel economy estimates recall histories major specs and concise nononsense reviews by consumer guide magazine s automotive experts this revised edition of the book that helps car buyers get the best new and used car deals and not get burned includes even more information gleaned from the leons years of buying and selling experience plus detailed car buying checklists with the average new car costing 25 000 more people than ever are buying used and banking the difference this book written by the author of the car buyer s art is packed with secrets to guide readers through the entire car buying maze teaching them how to negotiate effectively by matching each sales tactic with a countermove 50 line drawings 20 tables everyone has heard of the blue book value of a car but until 1993 this invaluable resource was available only to auto dealers financial institutions and other businesses the consumer edition of the kelley blue book used car guide appearing twice a year gives current private party and trade in values along with retail value vehicle identification number vin original list price and much more for thousands of used cars trucks and vans it also contains easy to use equipment schedules with values for optional equipment and a table of acceptable mileage ranges by year no other source on the market can claim kelley s history the first guide was published in 1926 or reliability and no other source covers 15 years of values don t pay too much on your next vehicle purchase read this guide buying a car can be a daunting task there are many things to consider and salespeople can be intimidating this guide was designed to help eliminate many of the fears associated with car buying and can keep you from getting ripped off let s face it you work hard for your money so i want to help you keep more of it when you buy a car and get more back when you sell yours this guide will help make the search for your next vehicle less stressful with recommendations on what to consider and how to narrow down your search included are links to websites that can help you with buying and selling cars remember not knowing what to expect not doing your research and rushing through a transaction can be costly avoid those costs by learning from this guide real life examples included in this guide are real life examples of cars i have bought and sold myself i include exactly where i sold them and how i didn t pay anything for advertising to one of the largest audiences available today these examples also include things i did wrong so that you can learn from them what you will learn what to consider when preparing for a vehicle search things you will want to avoid how to locate the ideal vehicle for you how to negotiate the price with proper tools bogus fees what they are and how to avoid trading in your current vehicle vs selling private party best way to sell private party for the most money back my recent real life example of a purchase with walk through of the steps mentioned about the author i have personally been buying and selling used cars for over 24 years i was even a used car salesman myself and i know the ins and outs of the industry i love helping others and i know that this guide can help you save hundreds or even thousands on your next purchase scroll up and buy now now published quarterly the consumer edition of the kelley blue book used car guide includes current trade in values private party values and suggested retail values on more than 10 000 models of used cars trucks and vans covering 15 model years the book includes vins original list prices easy to use equipment schedules with values for optional equipment and a table of acceptable mileage ranges by year do not buy a used vehicle until you have read this very short and simple book these strategies and tactics are easy to remember and can be used for a lifetime introduction overview and what you will learn in this book get the best price and or the best payment terms and or the best interest rates and or the best contract terms and or a great warranty and or insure you get a quality vehicle that will serve you well for a long time in this book are some simple and quick must know concepts for a car buyer to understand to be able to purchase a vehicle from a dealer and or a private party seller to get the best price and or to get the best payment terms and or to get the best interest rates and or to get the best contract terms and or to get a great warranty and or to insure a quality
