when the objectives of public policy programmes have been formulated and decided upon implementation seems just a matter of following instructions however it is underway to the realization of those objectives that public policies get their final substance and form crucial is what happens in and around the encounter between public officials and individual citizens at the street level of government bureaucracy this research handbook addresses the state of the art while providing a systematic exploration of the theoretical and methodological issues apparent in the study of street level bureaucracy and how to deal with them with a new introduction by tayari jones author of an american marriage this is a wonderful novel the prose is clear the plot is page turning the characters are utterly believable chimamanda ngozi adichie ann petry s first novel the street was a literary event in 1946 praised and translated around the world the first book by a black woman to sell more than a million copies her work endures not merely because of the strength of its message but its artistry new york times my favorite type of novel literary with an astonishing plot insightful prescient and unputdownable tayari jones new york city 1940s in a crumbling tenement in harlem lutie johnson is determined to build a new life for herself and her eight year old boy bub a life that she can be proud of having left her unreliable husband lutie believes that with hard work and resolve she can begin again she has faith in the american dream but in her struggle to earn money and raise her son amid the violence poverty and racial dissonance of her surroundings lutie is soon trapped she is a woman alone too good looking to be decent with predators at every turn street outreach workers comb public places such as parks vacant lots and abandoned waterfronts to search for young people who are living out in public spaces if not always in the public eye street kids opens a window to the largely hidden world of street youth drawing on their detailed and compelling narratives to give new insight into the experiences of youth homelessness and youth outreach kristina gibson argues that the enforcement of quality of life ordinances in new york city has spurred hyper mobility amongst the city s street youth population and has serious implications for social work with homeless youth youth in motion have become socially invisible and marginalized from public spaces where social workers traditionally contact them jeopardizing their access to the already limited opportunities to escape street life the culmination of a multi year ethnographic investigation into the lives of street outreach workers and their kids on the streets of new york city street kids illustrates the critical role that public space regulations and policing play in shaping the experience of youth homelessness and the effectiveness of street outreach remembering popular music s past capitalizes on the growing interest globally in the preservation of popular music s material past and on scholarly explorations of the ways in which popular music as heritage is produced legitimized and conferred cultural and historical significance the chapters in this collection consider the spaces practices and representations that constitute popular music heritage to elucidate how popular music s past is lived in the present thus the focus is on the transformation of popular music into heritage and the role of history and memory in this process the cultural studies framework adopted in remembering popular music s past encompasses unique approaches to popular music historiography sociology film analysis and archival and museal work broadly the collection deals with the precarious nature of popular music heritage history and memory from living on the street to becoming a successful entrepreneur today nearing forty eder is a successful new york entrepreneur in the online media industry and ceo of a digital marketing company however as a kid in the mid 80s he fled a frightening home life and wound up living for years on the streets of medellin colombia it was a dicey existence in what was described during this era as the most dangerous place on earth where international drug lords like pablo escobar ruled where you could be shot for looking at the wrong guy the wrong way dreaming of hope street is the story of how he went from living in the streets to become a successful entrepreneur the book is in the classic coming of age tradition and proves that though life can be ugly and brutal even the most disadvantaged can overcome the odds and find happiness their own hope street the narrative steps along and rings with authenticity it s often sad shocking but ultimately uplifting and motivational scroll up and grab a copy today the complete streets concept and movement in urban planning and policy has been hailed by many as a revolution that aims to challenge the auto normative paradigm by reversing the broader effects of an urban form shaped by the logic of keeping automobiles moving by enabling safe access for all users complete streets promise to make cities more walkable and livable and at the same time more sustainable this book problematizes the complete streets concept by suggesting that streets should not be thought of as merely physical spaces but as symbolic and social spaces when important social and symbolic narratives are missing from the discourse and practice of complete streets what actually results are incomplete streets the volume questions whether the ways in which complete streets narratives policies plans and efforts are envisioned and implemented might be systematically reproducing many of the urban spatial and social inequalities and injustices that have characterized cities for the last century or more from critiques of a mobility bias rooted in the neoliberal foundations of the complete streets concept to concerns about resulting environmental gentrification the chapters in incomplete streets variously call for planning processes that give voice to the historically marginalized and more broadly that approach streets as dynamic fluid and public social places this interdisciplinary book is aimed at students researchers and professionals in the fields of urban geography environmental studies urban planning and policy transportation planning and urban sociology discretion has re emerged as an issue of central importance for welfare professionals over the last two decades in the face of an intensification of management culture across the public sector this book presents an innovative framework for the analysis of discretion offering three accounts of the managerial role the domination model the street level model and the author s alternative discursive perspective these different regimes of discretion are examined through a case study within a social services department comparing and contrasting social work discretion in an older persons team and a mental health team this innovative theoretical and empirical analysis will be of great interest to postgraduate students and researchers in social work and related disciplines including social policy public administration and organizational studies as well as

professionals in social work health and education this text examines the global nature of cities cities whose openness has shaped their dynamism and character it explores cities as sites of movement migration and settlement where different peoples cultures and environments combine unsettling cities explores the mix of proximity and difference that exists in the rich and diverse texture of city life the contributors reveal the association between the changing fortunes of cities and the power and influence of global networks explores how uk politicians and the press mobilise support for austerity through appealing to socially conservative conceptions of work and community it examines the techniques of anti austerity social movements in challenging the prevailing mood of guilt of support from one another but despite all the hardships along the way the three succeeded retold with the help of an award winning author this younger adaptation of the adult hit novel the pact is a hard hitting powerful and inspirational book that will speak to young readers everywhere this book is about the cultural and economic significance of street life ever since ancient athens and greece engwicht argues streets have been a major center of commerce socialization and cultural exchange but the advent of automobiles and suburbanization in the 20th century eroded the richness of american streetlife streets and sidewalks once filled with people and furniture are now filled with automobiles carrying citizens to those indoor streets malls using an abundance of drawings that detail urban traffic patterns engwicht prescribes a series of creative methods for returning vibrancy to the street everything from reducing traffic with more one way routes to making avenues more like living rooms with the addition of rugs television sets and bulletin boards volume contains recently a wall was built in eastern germany made of steel and cement blocks topped with razor barbed wire and reinforced with video monitors and movement sensors this wall was not put up to protect a prison or a military base but rather to guard a three day meeting of the finance ministers of the group of eight g8 the wall manifested a level of security that is increasingly commonplace at meetings regarding the global economy the authors of shutting down the streets have directly observed and participated in more than 20 mass actions against global in north america and europe beginning with the watershed 1999 wto meetings in seattle and including the 2007 g8 protests in heiligendamm shutting down the streets is the first book to conceptualize the social control of dissent in the era of alterglobalization based on direct observation of more than 20 global summits the book demonstrates that social control is not only global but also preemptive and that it relegates dissent to the realm of criminality the charge is insurrection but the accused have no weapons the authors document in detail how social control forecloses the spaces through which social movements nurture the development of dissent and effect disruptive challenges the book is based on a true story on how a father athur kingoina mistreats his youngest son maxwell ratemo who had just graduated from nairobi university with a b com degree his father occasionally receives some money from his other three children who are studying in the us and thinks that the one at home should have a job and may be in a position of giving him money too his girlfriend rosalina is not kind either she jilts him for another man whom he meets with her at uhuru park enjoying their time the good thing was that he didn t confront them this tough life makes him to run away from home to even a tougher life of being a street boy in nakuru town after searching for a job in vain a road accident one evening which nearly took his life changed everything when all these events were happening in the life of ratemo politicians were campaigning in preparation for the general elections which was scheduled to take place at the end of the year dec 27 2007 when the time reached and the electorates cast their votes chaos erupted after the tallying had been done and the incumbent president was declared the winner the results were disputed which sparked the violence a great destruction was done to both human lives and properties business operations were disrupted for two months this impacted negatively to jobs especially into those foreign companies which had ventured to do business in the country the majority of them wound up their business ventures and re located to other countries which were politically stable ratemo s company dima investment was no exception after the lull of the big storm of violence
