in 1917 it was still possible for the university of oklahoma s annual catalogue to include a roster of every student s name and hometown a compact and close knit community those 2 500 students and their 130 professors studied and taught at a respectable though small relatively uncomplicated and rather insular regional university during the following third of a century the school underwent changes so profound that their cumulative effect amounted to a transformation this second volume in david levy s projected three part history chronicles these changes charting the university s course through one of the most dramatic periods in american history following oklahoma s flagship school through decades that saw six u s presidents eleven state governors and five university presidents volume 2 of the university of oklahoma a history documents the institution s evolution into a complex diverse and multifaceted seat of learning by 1950 enrollment had increased fivefold and by every measure the number of colleges and campus buildings degrees awarded and programs offered volumes in the library faculty publications out of state and foreign students in attendance the university was on its way to becoming a world class educational institution levy weaves together human and institutional history as he describes the school s remarkable sometimes remarkably difficult development in response to unprecedented factors two world wars the cultural shifts of the 1920s the great depression the rise of the petroleum industry the farm crisis and dust bowl the emergence of new technologies and new political and social forces such as those promoting and resisting racial justice national and international

state politics campus leadership the ever changing student body in triumph and defeat in small successes and grand accomplishments all come to varied and vibrant life in this second installment of the definitive history of oklahoma s storied center of learning this book the first in a projected three volume definitive history traces the university s progress from territorial days to 1917 david w levy examines the people and events surrounding the school s formation and development chronicling the determined ambition of pioneers to transform a seemingly barren landscape into a place where a worthy institution of higher education could thrive the university of oklahoma was established by the territorial legislature in 1890 with that act norman became the educational center of the future state levy captures the many factors academic political financial religious that shaped the university drawing on a great depth of research in primary documents he depicts the university s struggles to meet its goals as it confronted political interference financial uncertainty and troubles ranging from disastrous fires to populist witch hunts yet he also portrays determined teachers and optimistic students who understood the value of a college education written in an engaging style and enhanced by an array of historical photographs this volume is a testimony to the citizens who overcame formidable obstacles to build a school that satisfied their ambitions and embodied their hopes for the future david ross boyd stepped off the train in norman oklahoma on august 6 1892 and looked toward the southwest there was not a tree or shrub in sight wrote the former kansas school superintendent just hired to serve as the university of oklahoma s first president behind me was a crude little town of 1 500 people and before me was a stretch of prairie on which my helpers and i were to build an institution of culture by 1895 five years after the university s official founding the school boasted four faculty members three men and one woman and 100 students today the campus is home to more than 30 000 students and 2 700 full time faculty and is one of the most respected univer-

universities in the nation with twenty one colleges offering hundreds of majors at the bachelor s master s and doctoral level ou s remarkable journey from that treeless prairie to its present standing as a world class institution of learning unfolds in the sooner story arriving upon the university s 125th anniversary the book updates a history that last left off in 1980 when william slater banowsky was at the helm author anne barajas harp examines the school s history through the lens of each presidential administration from the beginning of david ross boyd s tenure to the present moment in david lyle boren s presidency now in its third decade in describing what each president encountered in his turn she captures the unique character challenges and accomplishments of each administration as these reflect the university s growth and progress through the twentieth and early twenty first centuries discouraged boyd wrote at his arrival in 1892 not a bit the sight was a challenge the sooner story conveys the inspiration and excitement of meeting and renewing that challenge over the past 125 years provides a look at university of oklahoma from the students viewpoint at the end of world war ii the top ten college football teams were largely the same as they are today with one exception oklahoma in 1947 bud wilkinson was named ou s head football coach and became the architect of oklahoma s meteoric rise from mediocrity to its present status as a perennial powerhouse based on interviews with wilkinson former ou president george l cross and numerous former players author john scott gives us the behind the scenes story of wilkinson s years at the university of oklahoma scott takes us through the teams wilkinson directed from 1947 to 1963 revealing the philosophies and tactics wilkinson used to turn ou into one of college football s elite programs a close up view of games from strategy to execution brings ou football and its cast of colorful characters to life scott details the sooners 47 game winning streak as well as thrilling games against notre dame army usc and others he also provides details of wilkinson s breaking of the color barrier in 2

ou athletics and the infamous food poisoning incident in chicago in 1959 before his death in 1994 wilkinson reviewed the first draft of the book and wrote in a letter to the author the explanations of football strategies are concise and clear they rank among the best i have ever read including vignettes of wilkinson s closest coaching friends royal bryant leahy sanders blaik tatum bud wilkinson and the rise of oklahoma football captures all the drama of oklahoma s ascendance and serves as an authoritative and entertaining history of the sport that will appeal to all college football fans provides a look at the university of oklahoma from the students viewpoint medical education in oklahoma volume iii chronicles the development of the university of oklahoma health sciences center from 1964 1996 a tempestuous period at the university of oklahoma school of medicine during these three decades college and hospital administrators and physicians witnessed conflicts challenges and restructuring based on newspaper accounts interviews regents meetings minutes and the authors personal recollections the book traces the metamorphosis of the university of oklahoma college of medicine and health sciences center from an enterprise dedicated solely to scholarship and education into a multi million dollar medical and research complex published in celebration of the university s quasiquicentennial path to excellence is a stunning photographic history of ou s 125 years of remarkable growth and revitalization originally published middletown conn wesleyan university press 1973 in 1967 george henderson the son of uneducated alabama sharecroppers accepted a full time professorship at the university of oklahoma despite his mentor s warning to avoid the redneck school in a backward state henderson became the university s third african american professor a hire that seemed to suggest the dissolving of racial divides however when real estate agents in the university town of norman denied the henderson family their first three choices of homes the sociologist and educator realized he still faced some formidable challenges in this stirring memoir

henderson recounts his formative years at the university of oklahoma during the late 1960s and early 1970s he describes in graphic detail the obstacles that he and other african americans faced within the university community a place of white privilege black separatism and campus wide indifference to bigotry as an adviser and mentor to young black students who wanted to do something about these conditions henderson found himself at the forefront of collective efforts to improve race relations at the university henderson is quick to acknowledge that he and his fellow activists did not abolish all vestiges of racial oppression but they set in motion a host of institutional changes that continue to this day in henderson s words we were ordinary people who sometimes did extraordinary things capturing what was perhaps the most tumultuous era in the history of american higher education race and the university includes valuable recollections of former student activists who helped transform the university of oklahoma into one of the nation s most diverse college campuses when george lynn cross arrived to teach botany at the university of oklahoma in the summer of 1934 racial segregation was so strong in norman that no african american dared remain within the city limits after sundown almost ten years later when cross became president of the university the full extent of oklahoma s segregation laws came sharply into focus this book is president cross s story of the events leading to the desegregation of the university of oklahoma in 1948 with the admission of george w mclaurin to the graduate school of education earlier a young black woman ada lois sipuel fisher had applied to the ou school of law and been denied admission because of her race with the help of attorneys from the naacp she took her case to the u s supreme court the high court equivocated and a separate but equal law school was hastily established in oklahoma city as a branch of all black langston university it was not until three years later and then only after the intervention of president cross who personally overrode the law s delay that ms fisher was able to enroll

you tells the story of one of the most successful political
movements of the twentieth century the grassroots campaign
against legalized abortion while americans have rapidly changed
their minds about sex education pornography arts funding gay
teachers and ultimately gay marriage opposition to legalized
abortion has only grown as other socially conservative movements
have lost young activists the pro life movement has successfully
recruited more young people to their cause jennifer l holland
explores why abortion dominates conservative politics like no
other cultural issue looking at anti abortion movements in four
western states since the 1960s turning to the fetal tissue issue

around church services the graphic images exchanged between friends and the fetus dolls given to children in school she argues that activists made fetal life feel personal to many americans pro life activists persuaded people to see themselves in the pins images and dolls they held in their hands and made the fight against abortion the primary bread and butter issue for social conservatives holland ultimately demonstrates that the success of the pro life movement lies in the borrowed logic and emotional power of leftist activism like america itself the architecture of the united states is an amalgam an imitation or an importation of foreign forms adapted to the natural or engineered landscape of the new world so can there be an american school of architecture the most legitimate claim to the title emerged in the 1950s and 1960s at the gibbs college of architecture at the university of oklahoma where under the leadership of bruce goff herb greene mendel glickman and others an authentically american approach to design found its purest expression teachable in its coherence and logic followers of this first truly american school eschewed the forms most in fashion in american architectural education at the time those such as the french beaux arts or german bauhaus schools in favor of the vernacular and the organic the result was a style distinctly experimental resourceful and contextual challenging not only established architectural norms in form and function but also traditional approaches to instructing and inspiring young architects edited by luca guido stephanie pilat and angela person this volume explores the fraught history of this distinctively american movement born on the oklahoma prairie renegades features essays by leading scholars and includes a wide range of images including rare never before published sketches and models together these essays and illustrations map the contours of an american architecture that combines this country s landscape and technology through experimentation and invention assembling the diversity of the united states into structures of true beauty renegades for the first time fully captures the essence of

conveys the importance of the american school of architecture

Bud Wilkinson and the Rise of Oklahoma Football 1922

in 1967 george henderson the son of uneducated alabama sharecroppers accepted a full time professorship at the university of oklahoma despite his mentor s warning to avoid the redneck school in a backward state henderson became the university s third african american professor a hire that seemed to suggest the dissolving of racial divides however when real estate agents in the university town of norman denied the henderson family their first three choices of homes the sociologist and educator realized he still faced some formidable challenges in this stirring memoir henderson recounts his formative years at the university of oklahoma during the late 1960s and early 1970s he describes in graphic detail the obstacles that he and other african americans faced within the university community a place of white privilege

black separatism and campus wide indifference to bigotry as an adviser and mentor to young black students who wanted to do something about these conditions henderson found himself at the forefront of collective efforts to improve race relations at the university henderson is quick to acknowledge that he and his fellow activists did not abolish all vestiges of racial oppression but they set in motion a host of institutional changes that continue to this day in henderson s words we were ordinary people who sometimes did extraordinary things capturing what was perhaps the most tumultuous era in the history of american higher education race and the university includes valuable recollections of former student activists who helped transform the university of oklahoma into one of the nation s most diverse college campuses

General Information and **Announcements 2005-12**

when george lynn cross arrived to teach botany at the university of oklahoma in the summer of 1934 racial segregation was so strong in norman that no african american dared remain within the city limits after sundown almost ten years later when cross became president of the university the full extent of oklahoma s segregation laws came sharply into focus this book is president cross s story of the events leading to the desegregation of the university of oklahoma in 1948 with the admission of george w mclaurin to the graduate school of education earlier a young black woman ada lois sipuel fisher had applied to the ou school of law and been denied admission because of her race with the help of attorneys from the naacp she took her case to the u s supreme court the high court equivocated and a separate but equal law school was hastily established in oklahoma city as a branch of all black langston university it was not until three years later and then only after the intervention of president cross who personally

overrode the law's delay that Ms. Fisher was able to study at the University of Oklahoma from which she later graduated with honors. Cross places these momentous events in historical context: the story of desegregation at the University of Oklahoma, a landmark in the continuing struggle for racial equality in the United States, makes for an engrossing book.
