midwife wikipedia

Sep 08 2022

a midwife pl midwives is a health professional who cares for mothers and newborns around childbirth a specialization known as midwifery the education and training for a midwife concentrates extensively on the care of women throughout their lifespan concentrating on being experts in what is normal and identifying conditions that need further evaluation

holmes linda j 2023 safe in a midwife s springer

Aug 07 2022

safe in a midwife s hands makes clear the similarities found between midwife practices in africa and the southern united states the book starts with holmes detailing how she went from experiencing a traumatic birth to working as an administrative assistant at the university of medicine and dentistry of new jersey now merged with rutgers university in newark new jersey
