The Yahoo! Style Guide 2010-07-06 this style guide is intended primarily for english language authors and translators both in house and freelance working for the european commission but now that so many texts in and around the eu institutions are drafted in english by native and non native speakers alike its rules reminders and handy references aim to serve a wider readership as well the guide is divided into two clearly distinct parts the first dealing with linguistic conventions applicable in all contexts and the second with the workings of the european union and with how those workings are expressed and reflected in english this should not be taken to imply that eu english is different from real english it is simply a reflection of the fact that the european union as a unique body has had to invent a terminology to describe itself however the overriding aim in both parts of the guide is to facilitate and encourage the writing of clear and reader friendly english
