go to book for new teachers who need practical strategies not textbook theory are you a new teacher preparing to transition from college to the real world classroom first class teaching 10 lessons you don't learn in college will help you dodge the struggle and burnout that many new teachers face let's be real many of the strategies you learned in school are unrealistic and ineffective in a classroom when faced with this challenge what do you do instead pick up this book to bridge the gap and familiarize yourself with ways to prepare for stepping foot into the classroom you'll find relatable stories that will make you feel less alone and equip you with simple and effective strategies that you can implement immediately to make your first few teaching years a whole lot easier when you read first class teaching you'll feel like you're connecting with a teacher best friend skip the clichéd advice and discover how you can ignite your enthusiasm for the classroom get students engaged build relationships deal with a lack of planning time and more read relatable stories of real life teacher who overcame burnout poor student behaviors difficult administration and more learn strategies that you can implement right away to overcome the difficulties that often lead new teachers to burnout get excited about teaching with motivational insights and advice that's more what is learned in college courses hit the ground running as a new teacher thanks to these tried and true tips from experienced educator whether you're overwhelmed as a recent college graduate in your first k-12 teaching job or a veteran k-12 teacher looking to rediscover your passion for the profession first class teaching will give you novel ideas and strategies to implement in your a bold brain based teaching approach to culturally responsive instruction to close the achievement gap diverse classrooms need a proven framework for optimizing student engagement culturally responsive instruction has shown promise but many teachers have struggled with its implementation until now in this book zaretta hammond draws on cutting edge neuroscience research to offer an innovative approach for designing and implementing brain compatible culturally responsive instruction the book includes information on how one's culture programs the brain to process data and affects learning relationships ten key moves to build students learner operating systems and prepare them to become independent learners prompts for action and valuable self reflection with a focus on fostering democratic equitable education for young people ginsberg and glenn's engaging text showcases a wide variety of innovative critical classroom approaches that extend beyond traditional literary theories commonly used in k-12 and higher education classrooms and provides opportunities to explore young adult ya texts in new and essential ways the chapters pair ya texts with critical practices and perspectives for culturally affirming and sustaining teaching and include resources suggested titles and classroom strategies following a consistent structure each chapter provides foundational background on a key critical approach applies the approach to a focal ya text and connects the approach to classroom strategies designed to encourage students to think deeply and critically about texts themselves and the world offering a wealth of innovative pedagogical tools this comprehensive volume offers opportunities for students and their teachers to explore key and emerging topics including culture disability ethnicity gender immigration race sexual orientation and social class family isn't always your relatives it's the ones who accept you for who you are the ones who would do anything to see you smile and who love you no matter what unknown teachers do so much more than just teach academics they build a sense of community within their classrooms creating a home away from home where they make their students feel safe included and loved with its heartfelt message and colorfully whimsical illustrations our class is a family is a book that will help build and strengthen that class community kids learn that their classroom is a place where it's safe to be themselves it's okay to make mistakes and it's important to be a friend to others when hearing this story being read aloud by their teacher students are sure to feel like they are part of a special family and currently during such an unprecedented time when many teachers and students are not physically in the classroom due to covid-19 school closures it's more important than it's ever been to give kids the message that their class is a family even at a distance they still stick together this is an open access book we really appreciate the contributions to the success of the 18th asiacall from participants from the united states spain australia japan south korea austria indonesia india philippines thailand bangladesh taiwan saudi arabia and palestine and vietnam we also acknowledge

the efficient local organizers from hoa sen university who paid great efforts and time to run the 18th asiacall international conference online without you such effective colleagues asiacall could not
