**The Story of the Greeks** 1896 originally published in 1901 this book was intended as a history of the greeks and an outline of the continuing influence of ancient greek culture

*The Story of the Greeks* 2020-05-12 what do we mean when we speak of ancient greeks a person from the archaic period the war hero celebrated by homer or the fourth century political animal described by aristotle in this book leading scholars show what it meant to be greek during the classical period of greek civilization the greeks offers the most complete portraits available of typical greek personages from athens to sparta arcadia thessaly and epirus to the city states of asia minor to the colonies of the black sea southern italy and sicily looking at the citizen the religious believer the soldier the servant the peasant and others they show what in the greek relationships with the divine with nature with others and with the self made him different in his ways of acting thinking and feeling the contributors to this volume are jean pierre vernant claude mosse yvon garlan giuseppe cambiano luciano canfora james redfield charles segal oswyn murray mario vegetti and philippe borgeaud

*The Greeks* 2012-11-12 originally published in germany fifty years ago the gods of the greeks has remained an enduring work influential scholar erika simon was one of the first to emphasize the importance of analyzing visual culture alongside literature to better understand how ancient greeks perceived their gods giving due consideration to cult ritual and the phenomenon of genealogical relationships between mortals and immortals this pioneering volume remains one of the few to approach the greek gods from an archaeological perspective from zeus to hermes each of the major deities is considered in turn with simon s insights on their nature and attributes guiding the reader to a fuller understanding of how their followers perceived and worshipped them in the ancient world this careful and fluid translation finally makes simon s landmark edition accessible to english language readers with an abundance of beautiful illustrations the book examines portrayals of the thirteen major gods in art over the course of two millennia scholars who study the lives and practices of those living in ancient greece will value this newest contribution

**The Way of the Greeks** 1971 this book provides an original and challenging answer to the question who

were the classical greeks paul cartledge one of the most theoretically alert widely read and prolific of contemporary ancient historians tls here examines the greeks and their achievements in terms of their own self image mainly as it was presented by the supposedly objective historians herodotus thucydides and xenophon many of our modern concepts as we understand them were invented by the greeks for example democracy theatre philosophy and history yet despite being our cultural ancestors in many ways their legacy remains rooted in myth and the mental and material contexts of many of their achievements are deeply alien to our own ways of thinking and acting the greeks aims to explore in depth how the dominant group adult male citizen attempted with limited success to define themselves unambiguously in polar opposition to a whole series of others non greeks women non citizens slaves and gods this new edition contains an updated bibliography a new chapter entitled entr acte others in images and images of others and a new afterword

*A Short History of the Greeks* 2013-07-04 reconstructs the mythological histories of the divinities and the origin and destiny of mankind from ancient writings and artifacts

*Manners and Customs of the Greeks* 1849 discusses the everyday life of the gods of the iliad including what their bodies were made of how they received nourishment their social life on olympus and among humans and their loves festivities and disputes

**The Greeks** 1995-05 this fully revised new edition of the greeks is a concise but wide ranging introduction to the culture of ancient greece providing a comprehensive survey that covers all the key elements of ancient greek civilization from the age of homer to the hellenistic period it opens with an overview of ancient historical sources and their authors and perspectives before delving into early history legends and excavations and the famed age of classical greece chapters follow on politics religion daily life literature philosophy and art and architecture with a concluding chapter on the greek world following the death of alexander the great and during the roman era this new edition features greater discussion of underrepresented groups especially women and slaves a chapter on ancient politics that provides a comparison of an ancient aristocracy democracy and monarchy in sparta athens and macedon new and revised images all now with detailed captions to merge the artifacts and texts more fully and bring the narrative to life for every reader new translations of all ancient passages revised for accuracy and clarity clearly written with generous references to original source material the greeks places ancient greek culture firmly in its political social and historical context the fourth edition of the greeks remains an invaluable introduction for all students of classics and an indispensable guide for students of other disciplines who require grounding in ancient greek civilization and history

**The Gods of the Greeks** 2021-02-09 ancient greek history is full of fascinating events and adventures with the refined culture and many gods of olden greece a highlight this history aimed at younger readers summarizes the great civilization experienced historian and author helene guerber tells her history as a series of short and poignant stories we hear of the founding of early cities such as athens and thebes and the famous myths that would gradually grow to form the pantheon of greek gods and legends the artistic and cultural styles introduced by ancient greek artisans and craftsmen the pioneering philosophies of plato and socrates and the settlers who colonized southern italy are all mentioned we also hear about the wars and conflicts which were frequent in ancient greece becoming part of its literature and mythos the siege

and conquest of troy the peloponnesian war and the battles between the rival athenian city states and the spartans are described greece was innovative in war being among the first civilizations to have organized units such as the hoplites and companion cavalry and bringing the earliest artillery to the battlefield

**The Greeks** 2002-10-10 a history of the ancient greek world greek religion the ancient olympic games greek thought athenian society athenian democracy athenian drama sparta appendices greek currency values the greek calendar greek musical instruments timeline of the archaic and classical periods glossary

**The Gods of the Greeks** 1960 in 1872 jacob burckhardt one of the preeminent historians of classical and renaissance culture presented this revolutionary work which portrays ancient greek culture as an

aristocratic world based on a ruthless competition for honor a competition that led in turn to a tyrannous state with minimal personal freedoms burckhardt s landmark project the culmination of thirty years of scholarship by leading oxford historian oswyn murray offers a rich cultural history of a fascinating society

*The Daily Life of the Greek Gods* 2000 charles freeman s the greek achievement traces the entire course of ancient greek history across thousands of years from the mycenaean and minoan civilizations of the bronze age through the archaic classical hellenistic and roman periods this brilliant account celebrates the incredible range of greek achievement the architectural marvels of the athenian acropolis the birth of drama and the timeless tragedies of aeschylus euripides and sophocles homer s epics the philosophical revolutions of plato and aristotle and the conquests of alexander the great lavishly illustrated with photographs and maps the greek achievement paints a sweeping panorama of the ancient greeks world and provides a rich contemporary overview of their enduring contribution to world civilization

*The Greeks* 2024-09-12 g m a richter s monumental three volume work the portraits of the greeks was published in 1965 and quickly became the standard reference in the field shortly before her death richter prepared a one volume edition of that classic work which has now been revised and updated by the oxford scholar r r r smith

The Story of the Greeks 2020-05-30 in arms and armor of the greeks a m snodgrass uses literary archaeological and artistic evidence to piece together a picture of ancient greek armory from the mycenaean period through the campaigns of alexander the great ancient greece was neither populous nor rich in natural resources snodgrass explains so it is remarkable that the greeks succeeded in battle as often as they did a new afterword written for this edition comments on recent research and discoveries in the field

In Search of the Greeks (Second Edition) 2015-12-03 a well grounded study of the greek contribution to law

The Greeks and Greek Civilization 1999-10-21 myths of the greeks and romans is an essential guide to ancient literature the myths told by the greeks and romans are as important as their history for our understanding of what they believed thought and felt and of what they expressed in writing and visual art mythology was inextricably interwoven with the entire fabric of their public and private lives this book discusses not only the purely fictional myths fairy tales and folk tales but the sagas and legends which have some historical grounding this is not a dictionary of stories rather a personal selection of the most important and memorable michael grant re tells these marvellous tales and then explores the different ways in which they have appeared throughout literature it is an inspiring study filled with quotations from

literary sources which gives the reader a fascinating exposition of ancient culture as well as an understanding of how vital the classical world has been in shaping the western culture of today

The Greeks 2012-10-01 they gave us democracy philosophy poetry rational science the joke they built the parthenon and the library of alexandria they wrote the timeless myths of odysseus and oedipus and the histories of leonidas s three hundred spartans and alexander the great but who were the ancient greeks and what was it that enabled them to achieve so much here edith hall gives us a revelatory way of viewing this geographically scattered people visiting different communities at various key moments during twenty centuries of ancient history identifying ten unique traits central to the widespread ancient greeks hall unveils a civilization of incomparable richness and a people of astounding complexity and explains how they made us who we are today a thoroughly readable and illuminating account of this fascinating people this excellent book makes us admire and like the ancient greeks equally independent a worthy and lively introduction to one of the two groups of ancient peoples who really formed the western world sunday times throughout hall exemplifies her subjects spirit of inquiry their originality and their open mindedness daily telegraph a book that is both erudite and splendidly entertaining financial times

**Gods and Heroes of the Greeks** 1976 the human race is all too pre disposed to think in terms of us and them europeans have always laid claim to the ancient greeks they are our greeks our ancestors but their legacy reaches further than we could ever imagine their influence stretches from the japanese to the cossacks from ancient rome to indonesia in this path breaking new volume the great french historian marcel detienne focuses on eurocentric approaches which have trumpeted the greeks and their democratic practices as our ancestors and the superiority of the western tradition to which they gave rise he argues that such approaches can be seen as narrow minded and often covertly nationalistic detienne advocates what he calls comparative anthropology which sets out to illuminate the comparisons and contrasts between the beliefs practices and institutions of different ancient and modern societies detienne aims to put the greeks in perspective among other civilisations and also to look afresh at questions of political structure literacy nationhood intellect and mythology the work of marcel detienne has made an enormous impact on our thinking about the greeks in areas such as rationality literacy and mythology and in this new volume he challenges once again our conception of the greeks and their impact on the modern world

*The Greek Achievement* 2000-09-01 this book provides a comprehensive overview of the ancient greek art including sculpture painting and architecture the author examines the influence of greek art not only on its contemporaries but also on the following civilizations throughout history with a wide range of illustrations accompanying the text this book will be of interest to art lovers and students alike this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

The Portraits of the Greeks 1984 the understanding of the soul in the west has been profoundly shaped by christianity and its influence can be seen in certain assumptions often made about the soul that for example if it does exist it is separable from the body free immortal and potentially pure the ancient greeks however conceived of the soul quite differently in this ambitious new work michael davis analyzes works by homer herodotus euripides plato and aristotle to reveal how the ancient greeks portrayed and understood what he calls the fully human soul beginning with homer s iliad davis lays out the tension within the soul of achilles between immortality and life he then turns to aristotle s de anima and nicomachean ethics to explore the consequences of the problem of achilles across the whole range of the soul s activity moving to herodotus and euripides davis considers the former s portrayal of the two extremes of culture one rooted in stability and tradition the other in freedom and motion and explores how they mark the limits of character davis then shows how helen and iphigeneia among the taurians serve to provide dramatic examples of herodotus s extreme cultures and their consequences for the soul the book returns to philosophy in the final part plumbing several platonic dialogues the republic cleitophon hipparchus phaedrus euthyphro and symposium to understand the soul s imperfection in relation to law justice tyranny eros the gods and philosophy itself davis concludes with plato s presentation of the soul of socrates as self aware and nontragic even if it is necessarily alienated and divided against itself the soul of the greeks thus begins with the imperfect soul as it is manifested in achilles heroic but tragic longing and concludes with its nontragic and fuller philosophic expression in the soul of socrates but far from being a historical survey it is instead a brilliant meditation on what lies at the heart of being human

*Arms and Armor of the Greeks* 1999 in this philosophy classic which was first published in 1951 e r dodds takes on the traditional view of greek culture as a triumph of rationalism using the analytical tools of modern anthropology and psychology dodds asks why should we attribute to the ancient greeks an immunity from primitive modes of thought which we do not find in any society open to our direct observation praised by reviewers as an event in modern greek scholarship and a book which it would be difficult to over praise the greeks and the irrational was volume 25 of the sather classical lectures series
