Undoing the Liberal World Order 2022-01-18

in the decades following world war ii american liberals had a vision for the world their ambitions would not stop at the water s edge progressive internationalism they believed could help peoples everywhere achieve democracy prosperity and freedom chastened in part by the failures of these grand aspirations in recent years liberals and the left have retreated from such idealism today as a beleaguered united states confronts a series of crises does the postwar liberal tradition offer any useful lessons for american engagement with the world the historian leon fink examines key cases of progressive influence on postwar u s foreign policy tracing the tension between liberal aspirations and the political realities that stymie them from the reconstruction of post nazi west germany to the struggle against apartheid he shows how american liberals joined global allies in pursuit of an expansive political social and economic vision even as liberal internationalism brought such successes to the world it also stumbled against domestic politics or was blind to the contradictions in capitalist development and the power of competing nationalist identities a diplomatic history that emphasizes the roles of social class labor movements race and grassroots activism undoing the liberal world order suggests new directions for a progressive american foreign policy

A Liberal World Order in Crisis 2011-11-15

the collapse of the bipolar international system near the end of the twentieth century changed political liberalism from a regional system with aspirations of universality to global ideological dominance as the basic vision of how international life should be organized yet in the last two decades liberal democracies have not been able to create an effective and legitimate liberal world order in a liberal world order in crisis georg sorensen suggests that this is connected to major tensions between two strains of liberalism a liberalism of imposition affirms the universal validity of liberal values and is ready to use any means to secure the worldwide expansion of liberal principles a liberalism of restraint emphasizes nonintervention moderation and respect for others this book is the first comprehensive discussion of how tensions in liberalism create problems for the establishment of a liberal world order the book is also the first skeptical liberal statement to appear since the era of liberal optimism based in anticipation of the end of history in the 1990s sorensen identifies major competing analyses of world order and explains why their focus on balance of power competition civilizational conflict international terrorism and fragile states is insufficient

Liberal World Order and Its Critics 2018-11-30

liberals blame the retreat of the liberal world order on populists at home and authoritarian leaders abroad only liberalism so they claim can defend the rules based international system against

demagoguery corruption and nationalism this provocative book contends that the liberal world order is illiberal and undemocratic intolerant about the cultural values of ordinary people in the west and elsewhere while concentrating power in the hands of unaccountable western elites and western dominated institutions under the influence of contemporary liberalism the international system is fuelling economic injustice social fragmentation and a worldwide culture war between globalists and nationalists liberals far from defending rules have broken international law and imposed their version of market fundamentalism and democracy promotion by military means liberal civilisation has fuelled resentment across the world by imposing a narrow worldview that pits cultures against one another to avoid a descent into a violent culture clash this book proposes radical ideas for international order that take the form of cultural commonwealths social bonds and crossborder cultural ties on which international trust and cooperation depends the book's defence of an older order against both liberals and nationalists will speak to all readers trying to understand our age of anger this book will be of key interest to scholars students and readers of liberalism political theory and democracy and more broadly to comparative politics and international relations

The Crisis of Liberal Internationalism 2020-02-04

japan's challenges and opportunities in a new era of uncertainty henry kissinger wrote a few years ago that japan has been for seven decades an important anchor of asian stability and global peace and prosperity however japan has only played this anchoring role within an american led liberal international order built from the ashes of world war ii now that order itself is under siege not just from illiberal forces such as china and russia but from its very core the united states under donald trump the already evident damage to that order and even its possible collapse pose particular challenges for japan as explored in this book noted experts survey the difficult position that japan finds itself in both abroad and at home the weakening of the rules based order threatens the very basis of japan's trade based prosperity with the unreliability of u.s. protection leaving japan vulnerable to an economic and technological superpower in china and at heightened risk from a nuclear north korea japan's response to such challenges are complicated by controversies over constitutional revision and the dark aspects of its history that remain a source of tension with its neighbors the absence of virulent strains of populism have helped to provide japan with a stable platform from which to pursue its international agenda yet with a rapidly aging population widening intergenerational inequality and high levels of public debt the sources of japan's stability its welfare state and immigration policies are becoming increasingly difficult to sustain each of the book's chapters is written by a specialist in the field and the book benefits from interviews with more than 40 japanese policymakers and experts as well as a public opinion survey the book outlines today's challenges to the liberal international order proposes a role for japan to uphold reform and shape the order and examines japan's assets as well as constraints as it seeks to play the role of a proactive stabilizer in the

asia pacific

The Wrecking of the Liberal World Order 2021-07-01

the liberal world order lwo is today in crisis but what explains this crisis whereas its critics see it as the unmasking of western hypocrisy its longstanding proponents argue it is under threat by competing illiberal projects this book takes a different stance neither internal hypocrisy nor external attacks explain the decline of the lwo a deviation from its original lane does emerged as a project aiming to harmonize state sovereignty and the market through the promotion of liberal democracy domestically and free trade and economic cooperation internationally the lwo was hijacked in the 1980s market forces overshadowed democratic forces thus disfiguring the lwo into a neoliberal global order the book advocates for a revival of its original intellectual premises that in the aftermath of world war ii marked the zenith of political modernity

Interwar Modernism and the Liberal World Order 2019-08-29

articulates the interwar modernist response to the crisis of liberal world order after 1919

A World Safe for Democracy 2020-09-22

a sweeping account of the rise and evolution of liberal internationalism in the modern era for two hundred years the grand project of liberal internationalism has been to build a world order that is open loosely rules based and oriented toward progressive ideas today this project is in crisis threatened from the outside by illiberal challengers and from the inside by nationalist populist movements this timely book offers the first full account of liberal internationalism s long journey from its nineteenth century roots to today s fractured political moment creating an international space for liberal democracy preserving rights and protections within and between countries and balancing conflicting values such as liberty and equality openness and social solidarity and sovereignty and interdependence these are the guiding aims that have propelled liberal internationalism through the upheavals of the past two centuries g john ikenberry argues that in a twenty first century marked by rising economic and security interdependence liberal internationalism reformed and reimagined remains the most viable project to protect liberal democracy

Europe, Russia and the Liberal World Order 2021-08-30

this book analyses russia europe eu relations by exploring their practical essence and conceptualizing them in terms of the main categories of international relations research it argues that the liberal world

order established in cold war days whereby international relations are underpinned by a global balance of power and a highly institutionalized framework of international relations thereby balancing power and morality continued after the cold war with high hopes in the early 1990s for a new order of security and cooperation for all europe including russia it goes on to show how the liberal world order has broken down one manifestation of this being the new conflict between russia and europe in recent years a conflict resulting from the failure of european countries the eu to acknowledge the actual balance of military economic and political power the lack of limits on the policy of european countries in terms of infringing on russia's interests and russia's consequent revision after 1999 of its policy of co-operation overall the book provides huge insight into the nature of europe russia relations

The False Promise of Liberal Order 2020-05-11

in an age of demagogues hostile great powers and trade wars foreign policy traditionalists dream of restoring liberal international order this order they claim ushered in seventy years of peace and prosperity and saw post war america domesticate the world to its values the false promise of liberal order exposes the flaws in this nostalgic vision the world shaped by america came about as a result of coercion and sometimes brutal compromise liberal projects to spread capitalist democracy led inadvertently to illiberal results to make peace america made bargains with authoritarian forces even in the pax americana the gentlest order yet ordering was rough work as its power grew washington came to believe that its order was exceptional and even permanent a mentality that has led to spiralling deficits permanent war and trump romanticizing the liberal order makes it harder to adjust to today's global disorder only by confronting the false promise of liberal order and adapting to current realities can the united states survive as a constitutional republic in a plural world

Chaos in the Liberal Order 2018-07-17

donald trump's election has called into question many fundamental assumptions about politics and society should the forty fifth president of the united states make us reconsider the nature and future of the global order collecting a wide range of perspectives from leading political scientists historians and international relations scholars chaos in the liberal order explores the global trends that led to trump's stunning victory and the impact his presidency will have on the international political landscape contributors situate trump among past foreign policy upheavals and enduring models for global governance seeking to understand how and why he departs from precedents and norms the book considers key issues such as what trump means for america's role in the world the relationship between domestic and international politics and trump's place in the rise of the far right worldwide it poses challenging questions including does trump's election signal the downfall of the liberal order or

unveil its resilience what is the importance of individual leaders for the international system and to what extent is trump an outlier is there a trump doctrine or is america s president fundamentally impulsive and scattershot the book considers the effects of trump s presidency on trends in human rights international alliances and regional conflicts with provocative contributions from prominent figures such as stephen m walt andrew j bacevich and samuel moyn this timely collection brings much needed expert perspectives on our tumultuous era

A Liberal World Order in Crisis 2011-11-15

the collapse of the bipolar international system near the end of the twentieth century changed political liberalism from a regional system with aspirations of universality to global ideological dominance as the basic vision of how international life should be organized yet in the last two decades liberal democracies have not been able to create an effective and legitimate liberal world order in a liberal world order in crisis georg sorensen suggests that this is connected to major tensions between two strains of liberalism a liberalism of imposition affirms the universal validity of liberal values and is ready to use any means to secure the worldwide expansion of liberal principles a liberalism of restraint emphasizes nonintervention moderation and respect for others this book is the first comprehensive discussion of how tensions in liberalism create problems for the establishment of a liberal world order the book is also the first skeptical liberal statement to appear since the era of liberal optimism based in anticipation of the end of history in the 1990s sorensen identifies major competing analyses of world order and explains why their focus on balance of power competition civilizational conflict international terrorism and fragile states is insufficient

America vs the West 2018

the rules based international order is being challenged not by the usual suspects but by its main architect and guarantor the us european council president donald tusk 8 june 2018 under president donald trump the united states has burned like a wildfire through the goodwill it accrued in 70 years of propagating its liberal political values can western nations preserve the liberal world order against rising authoritarian powers without the united states or with washington working against them in america vs the west kori schake argues that the success of the liberal order is not preordained it will have to be fought for compromised for and rejuvenated can it be done without american leadership that will depend on the strengths of the major challengers russia and china but above all on whether the west s middle powers are prepared to band together

Liberal Leviathan 2012-08-26

in the second half of the twentieth century the united states engaged in the most ambitious and far reaching liberal order building the world had yet seen this liberal international order has been one of the most successful in providing security and prosperity to more people but in the last decade the american led order has been troubled some argue that the bush administration undermined it others argue that we are witnessing the end of the american era in liberal leviathan g john ikenberry argues that the crisis that besets the american led order is a crisis of authority the forces that have triggered this crisis have resulted from the successful functioning and expansion of the postwar liberal order not its breakdown

What It Took to Win 2022-03-01

a new york times book review editors choice one of kirkus reviews ten best us history books of 2022 a leading historian tells the story of the united states most enduring political party and its long imperfect and newly invigorated quest for moral capitalism from andrew jackson to joseph Biden one of kirkus reviews 40 most anticipated books of 2022 one of vulture's 49 books we can't wait to read in 2022 the democratic party is the world's oldest mass political organization since its inception in the early nineteenth century it has played a central role in defining american society whether it was exercising power or contesting it but what has the party stood for through the centuries and how has it managed to succeed in elections and govern in what it took to win the eminent historian michael kazin identifies and assesses the party's long running commitment to creating moral capitalism a system that mixed entrepreneurial freedom with the welfare of workers and consumers and yet the same party that championed the rights of the white working man also vigorously protected or advanced the causes of slavery segregation and indian removal as the party evolved towards a more inclusive egalitarian vision it won durable victories for americans of all backgrounds but it also struggled to hold together a majority coalition and advance a persuasive agenda for the use of government kazin traces the party's fortunes through vivid character sketches of its key thinkers and doers from martin van buren and william jennings bryan to the financier august belmont and reformers such as Eleanor Roosevelt Sidney Hillman and Jesse Jackson he also explores the records of presidents from andrew jackson and woodrow wilson to bill Clinton and Barack Obama throughout kazin reveals the rich interplay of personality belief strategy and policy that define the life of the party and outlines the core components of a political endeavor that may allow President Biden and his co-partisans to renew the american experiment

The End of the Liberal Order? *2017-11-02*

is it time to reaffirm our liberal values or are we seeing the birth pangs of a new era two great thinkers debate the question burning behind headlines across the world no civilization no matter how mighty it may appear to itself is indestructible niall ferguson we do not need to invent the world anew the international order established by the united states after world war ii is in need of expansion and repair but not reconception fareed zakaria fears of a globalized world are rampant across the west borders are being reasserted and old alliances tested to their limits could this be the end of the liberal order or will the major crises of the twenty first century strengthen our resolve

An Open World *2020-09-15*

two foreign policy experts chart a new american grand strategy to meet the greatest geopolitical challenges of the coming decade this ambitious and incisive book presents a new vision for american foreign policy and international order at a time of historic upheaval the united states global leadership crisis is not a passing shock created by the trump presidency or covid 19 but the product of forces that will endure for decades amidst political polarization technological transformation and major global power shifts lissner and rapp hooper convincingly argue only a grand strategy of openness can protect american security and prosperity despite diminished national strength disciplined and forward looking an openness strategy would counter authoritarian competitors by preventing the emergence of closed spheres of influence maintaining access to the global commons supporting democracies without promoting regime change and preserving economic interdependence the authors provide a roadmap for the next president who must rebuild strength at home while preparing for novel forms of international competition lucid trenchant and practical an open world is an essential guide to the future of geopolitics

Contestations of Liberal Order *2019-08-14*

this volume explores the western led liberal order that is claimed to be in crisis currently the west appears less as a modernizing or civilizing entity leading the way and more as being engulfed in a deep crisis simultaneously the west still appears to be needed in order to imagine the global order by promoters of liberal peace as well as its opponents this book asks how and why crisis is needed for constituting the west liberal and global order and how these three are conjoined and reinvented the book encompasses narratives endorsing and rejecting the west and the liberal international order as well as alternative visions for a post western world conceived within the rising and challenging powers the study is of interest to scholars and students of international relations critical security studies peace and conflict research and social sciences in general

After Liberalism? 2013-01-01

in this collection leading international scholars provide their perspectives on the continuing role of the liberal paradigm both as a theoretical approach to international relations and as an ordering principle of international politics

The Liberal Order and its Contestations 2018-08-09

the notion that we are experiencing a change in times whereby an old global order is giving way to a new one has been gaining legitimacy in international debates as us power is waning the argument goes so is the set of liberal norms rules and institutions around which the united states organised its global supremacy ideational contests power shifts regional fragmentation and socio economic turmoil paint a broad picture of complex and often inter related challenges that fuel contestation of the liberal order both as a normative project and as an emanation of us power major players china and india europe and russia and the united states itself are all engaged in a process of global repositioning most notably in areas where the liberal project has only fragile roots and order is contested eastern europe and the caucasus the asia pacific and the middle east this volume aims to provide critical frames of reference for understanding whether geopolitical and ideational contestations will eventually bring the us centred liberal order down or lead to a process of adjustment and transformation the chapters in this book were originally published in a special issue in the international spectator

Liberal Internationalism 2013-08-15

this study provides an original conception of liberalism that accounts for its internal contradictions and explains the current crisis of liberal internationalism examining the disjuncture between liberal theory and practice it offers a firmer grasp on the historical role of liberalism in world politics

The Liberal World Order and Beyond 2021

in this collection leading international scholars provide their perspectives on the continuing role of the liberal paradigm both as a theoretical approach to international relations and as an ordering principle of international politics

After Liberalism? 2013-09-12

this edited volume examines power in its different dimensions in global governance scholars tend to underestimate the importance of power in international relations because of a failure to see its

multiple forms to expand the conceptual aperture this book presents and employs a taxonomy that alerts scholars to the different kinds of power that are present in world politics a team of international scholars demonstrate how these different forms connect and intersect in global governance in a range of different issue areas bringing together a variety of theoretical perspectives this volume invites scholars to reconsider their conceptualization of power in world politics and how such a move can enliven and enrich their understanding of global governance

Power in Global Governance 2004-12-23

this handbook examines the theory and practice of international relations in asia building on an investigation of how various theoretical approaches to international relations can elucidate asia s empirical realities authors examine the foreign relations and policies of major countries or sets of countries

Oxford Handbook of the International Relations of Asia 2014

liberal world orders is a timely contribution to debates about the current world order in the face of declining us hegemony and rising new powers it examines the history and durability of liberal thought neo liberalism is criticised as a theoretical perspective ill equipped to understand the current crisis or possibilities for its amelioration

Liberal World Orders 2013-08-08

this brilliantly written look at the original meaning of the liberal philosophy has become a classic of political science american historical review winner of the woodrow wilson foundation award as the word liberal has been misused and its meaning diluted in recent decades this study of american political thought since the revolution is a valuable look at the liberal tradition that has been central to us history louis hartz who taught government at harvard shows how individual liberty equality and capitalism have been the values at the root of liberalism and offers enlightening historical context that reminds us of america s unique place and important role in the world lively and thought provoking fascinating reading the review of politics includes an introduction by tom wicker

The Liberal Tradition in America 1991-07-29

what does liberal order actually amount to outside the west where it has been most institutionalised contrary to the atlantic or pacific liberal hegemony is thin in the indian ocean world there are no equivalents of nato the eu or the us japan defence relationship yet what this book calls the global

indian ocean was the beating heart of earlier epochs of globalisation where experiments in international order market integration and cosmopolitanisms were pioneered moreover it is in this macro region that today's challenges will face their defining hour climate change pandemics and the geopolitical contest pitting china and pakistan against the usa and india the global indian ocean states represent the greatest range of political systems and ideologies in any region from hindu nationalist india and nascent democracy in indonesia and south africa to the gulf's mixture of tribal monarchy and high modernism these essays by leading scholars examine key aspects of political order and their roots in the colonial and pre colonial past through the lenses of state building nationalism international security religious identity and economic development the emergent lessons are of great importance for the world as the global liberal order fades and new alternatives struggle to be born

Beyond Liberal Order 2022-05-01

comprising essays by michael w doyle liberal peace examines the special significance of liberalism for international relations the volume begins by outlining the two legacies of liberalism in international relations how and why liberal states have maintained peace among themselves while at the same time being prone to making war against non liberal states exploring policy implications the author focuses on the strategic value of the inter liberal democratic community and how it can be protected preserved and enlarged and whether liberals can go beyond a separate peace to a more integrated global democracy finally the volume considers when force should and should not be used to promote national security and human security across borders and argues against president george w bush's policy of transformative interventions the concluding essay engages with scholarly critics of the liberal democratic peace this book will be of great interest to students of international relations foreign policy political philosophy and security studies

***Liberal Peace* 2011-08-05**

in pre publication book had the subtitle diversity and its discontents

Culture and Order in World Politics 2020-01-09

a panorama of the unravelling world order as riveting as any beach read new yorker read this book in the three hours it takes you will get a new bracing and brilliant understanding of the dangers we in the democratic west now face luce is one of the smartest journalists working today and his perceptions are priceless jane mayer staff writer on the new yorker no one was more prescient about the economic malaise and popular resentment that has hit the united states than ed luce in his previous book time to start thinking his new book retreat of western liberalism broadens that picture

to cover the western world it is a must read for anyone trying to make sense of the waves of populism and nationalism we face today liquat ahamed in his widely acclaimed book time to start thinking financial times columnist and commentator edward luce charted the course of american economic and geopolitical decline proving to be a prescient voice on our current social and political turmoil in the retreat of western liberalism luce makes a larger statement about the weakening of western hegemony and the crisis of democratic liberalism of which donald trump and his european counterparts are not the cause but a symptom luce argues that we are on a menacing trajectory brought about by ignorance of what it took to build the west arrogance towards society's losers and complacency about our system's durability attitudes that have been emerging since the fall of the berlin wall treated by the west as an absolute triumph over the east we cannot move forward without a clear diagnosis of what has gone wrong luce contrasts western democratic and economic ideals which rest on an assumption of linear progress with more cyclical views of economic strength symbolized by the nineteenth century fall and present day rise of the chinese and indian economies and with the dawn of a new multipolar age combining on the ground reporting with intelligent synthesis of the vast literature already available luce offers a detailed projection of the consequences of the trump administration and a forward thinking analysis of what those who believe in enlightenment values must do to defend them from the multiple onslaughts they face in the coming years

The Retreat of Western Liberalism *2017-04-21*

named one of the best books of 2020 by npr the financial times and gq the hidden story of the wanton slaughter in indonesia latin america and around the world backed by the united states in 1965 the u s government helped the indonesian military kill approximately one million innocent civilians this was one of the most important turning points of the twentieth century eliminating the largest communist party outside china and the soviet union and inspiring copycat terror programs in faraway countries like brazil and chile but these events remain widely overlooked precisely because the cia's secret interventions were so successful in this bold and comprehensive new history vincent bevins builds on his incisive reporting for the washington post using recently declassified documents archival research and eye witness testimony collected across twelve countries to reveal a shocking legacy that spans the globe for decades it's been believed that parts of the developing world passed peacefully into the u s led capitalist system the jakarta method demonstrates that the brutal extermination of unarmed leftists was a fundamental part of washington's final triumph in the cold war

The Jakarta Method 2020-05-19

the routledge handbook of eu russia relations offers a comprehensive overview of the changing dynamics in relations between the eu and russia provided by leading experts in the field coherently organised into seven parts the book provides a structure through which eu russia relations can be studied in a comprehensive yet manageable fashion it provides readers with the tools to deliver critical analysis of this sometimes volatile and polarising relationship so new events and facts can be conceptualised in an objective and critical manner informed by high quality academic research and key bilateral data statistics it further brings scope balance and depth with chapters contributed by a range of experts from the eu russia and beyond chapters deal with a wide range of policy areas and issues that are highly topical and fundamental to understanding the continuing development of eu russia relations such as political and security relations economic relations social relations and regional and global governance the routledge handbook of eu russia relations aims to promote dialogue between the different research agendas in eu russia relations as well as between russian and western scholars and hopefully also between civil societies as such it will be an essential reference for scholars students researchers policymakers and journalists interested and working in the fields of russian politics studies eu studies politics european politics studies post communist post soviet politics and international relations the routledge handbook of eu russia relations is part of a mini series europe in the world handbooks examining eu regional relations established by professor wei shen

The Routledge Handbook of EU-Russia Relations 2021-07-25

this book examines how the liberal international theory tradition evolved in europe it includes nine chapters focusing on both historical and contemporary branches of liberal ir theorizing the combined portrait of the prominent ir theory orientation shows a long and rich theoretical tradition but also a tradition that the scholarly community rarely fully recognize it is currently somewhat challenged and therefore in need of further advances concerning the historical branches the authors present a truly european tradition that thus was not only present in a few countries the contributors introduce examples of liberal theorizing that ir scholars tend to dismiss and they trace the boundaries between the liberal and other theoretical traditions given the prominence of the tradition the book is surprisingly among the first to present a transnational perspective on the development of the liberal international theory tradition in europe

The Liberal International Theory Tradition in Europe 2021-01-04

this book brings together some of the finest minds of social science to answer the great questions about the future of the liberal order with contributions from the world of economics sociology political

science management international relations and the humanities this book provides a unique series of insights chapters explore the great questions of our time as they relate to the future of the liberal international and domestic order contemporary issues such as populisms authoritarianism trust and social cohesion the future of global governance finance religion and citizenship are addressed along with geopolitical implications and with a balance between expert authority and open minded critique it will be essential reading for students scholars and reflective practitioners across the human and social sciences

The Future of the Liberal Order *2022-04-29*

this unique contribution to global studies advances a multidisciplinary theory that the governments of all human societies are the tenuous outcome of the competing solutions to the imperatives of order welfare and legitimacy owl

Global Governance *2021-11-30*

as a new administration takes office what are the biggest issues facing the country the brookings institution offers answers to that question in this volume which continues the brookings tradition of providing each incoming administration with a nonpartisan analysis of the major domestic and foreign questions confronting america on the domestic front brookings scholars tackle topics ranging from health care and improving economic opportunity to criminal justice reform lawful hacking and improving infrastructure the alliance system the relationship with china nuclear weapons terrorism and the ongoing conflicts in afghanistan and syria among the foreign policies issues addressed throughout brookings scholars share their individual ideas on how best to address the agenda that awaits the new administration

Brookings Big Ideas for America *2017*

current discussions of liberalism in world affairs tend to take a shortsighted view of the historical antecedents of the school of thought most jump directly from kant to wilson with little pause in between in this book clinton has selected three thinkers to exemplify developments in the liberal world all of whom were figures of real consequence in their own time yet altogether different in temperament and subsequent fashion clinton shows how their interests and concerns both complementary and divergent make sense of nineteenth century liberalism without turning it into the rigid doctrine it has never been and never can be by using their published works speeches and other correspondences clinton explores the way they applied their general insights on politics and society to the particular conditions of the international life in so doing he provides a comparative

study of the variants on a distinctively liberal approach to international relations of this period which may hold lessons for our own time

Tocqueville, Lieber, and Bagehot 2003-09-12

this close examination of kant's writings shows him to be both a conservative partisan of the international status quo of sovereign states and yet also the inspiration for radical global reform for democracy and universal rights the focus on kant's concept of justice provides insight into the contemporary evolution of liberal internationalism connecting kant's legacy to the post cold war policy agenda and the moral dilemmas that currently confront political leaders and the societies they represent franceschet forces a reconsideration of kant and a broadening of concern from democratic peace to cosmopolitan justice

Kant and Liberal Internationalism 2016-04-30

a seemingly never ending stream of observers claims that the populist emphasis on nationalism identity and popular sovereignty undermines international collaboration and contributes to the crisis of the liberal international order lio why then do populist governments continue to engage in regional and international institutions this element unpacks the counter intuitive inclination towards institutional cooperation in populist foreign policy and discusses its implications for the lio straddling western and non western contexts it compares the regional cooperation strategies of populist leaders from three continents hungarian prime minister viktor orbán former venezuelan president hugo chávez and philippine president rodrigo duterte the study identifies an emerging populist script of regional cooperation based on notions of popular sovereignty by embedding regional cooperation in their political strategies populist leaders are able to contest the lio and established international organisations without having to revert to unilateral nationalism

Contestations of the Liberal International Order 2021-09-23

if you feel like barfing every time you read about him marrying him or think we should abolish busing now that many of our schools are war zones but are afraid to say it in the liberal world we live in don't don't say anything until you hear what leften wright has to say he tells you what to say and not say what to do and not do and have a good time while doing or not doing it a little humor is a deadly thing to liberals global warming is a religion school vouchers are a greater threat than terrorism they see racism everywhere fracking is frankensteinian anything good for america is bad wright shares his strategies with you on how to make your way through that world and have a great time while doing it he suggests profiting like al jazeera gore from the unwinnable fight against

climate change and sneaking plastic bottles into your liberal neighbors paper only bin in the dead of night it would be prudent to slip this book into that jacket your child made at preschool if you are reading it on a tablet be prepared to press the bats endangered button if you sense someone peeking
