Quick Review Series for B.Sc. Nursing: 2nd Year - E-Book

2019-11

salient features content presented in well classified sections compliant with the revised inc curriculum all question types asked in university exams addressed long essays short essays and short notes clearly describes how to attempt a question in the exam suitable number of tables and flow charts provided according to the need of the question

Quick Review Series For B.Sc. Nursing: Semester I and II - E-Book

2015-11-14

quick review series qrs for bsc nursing semester i and ii 2nd edition is an extremely exam oriented book the content has been developed and arranged in a manner so the entire inc syllabus has been covered the subject content has been

divided unit wise and according to the weightage of marks in each unit it is well illustrated with simple reproducible diagrams and flow charts to aid in quick learning before examinations memory aides and mnemonics have also been added the book will serve the requirements of bsc nursing semester i and ii students to prepare for their examinations content presented in well classified sections compliant to the revised inc curriculum all question types asked in the university exams are addressed long essays short essays and short notes clearly describes how to attempt a question in the exam suitable number of tables and flow charts according to the need of the questions reproducible diagrams in anatomy and physiology sections

PLANT LIFE AND UTILIZATION--II [2 Credits]

2024-04-01

this book plant life and utilization ii for semester ii paper i is written strictly as per the new syllabus by referring the standard reference books so that the students will be able to understand the subject very easily this will make their concepts very clear

Contributions to Nonlinear Elliptic Equations and Systems

2012-02-29

this volume of contributions pays tribute to the life and work of djairo guedes de figueiredo on the occasion of his 80th

birthday the articles it contains were born out of the icmc summer meeting on differential equations 2014 chapter also dedicated to de figueiredo and held at the universidade de são paulo at são carlos brazil from february 3 7 2014 the contributing authors represent a group of international experts in the field and discuss recent trends and new directions in nonlinear elliptic partial differential equations and systems djairo guedes de figueiredo has had a very active scientific career publishing 29 monographs and over one hundred research articles his influence on brazilian mathematics has made him one of the pillars of the subject in that country he had a major impact on the development of analysis especially in its application to nonlinear elliptic partial differential equations and systems throughout the entire world the articles collected here pay tribute to him and his legacy and are intended for graduate students and researchers in mathematics and related areas who are interested in nonlinear elliptic partial differential equations and systems

Botany (Paper 1) Cytogenetics, Plant Breeding & Nanotechnology

2002-01-04

Technological Change and Societal Growth: Analyzing the Future

2000

this book provides a practical and comprehensive forum for exchanging research ideas and down to earth practices which bridge the social and technical gap within organizations and society at large provided by publisher

TV Living

2019-08-17

tv living presents the findings of the bfi audience tracking study in which 500 participants completed detailed questionnaire diaries on their lives their television watching and the relationship between the two over a five year period gauntlett and hill use this extensive data to explore some of the most fundamental questions in media and cultural studies focusing on issues of gender identity the impact of new technologies and life changes opening up new areas of debate the study sheds new light on audiences and their responses to issues such as sex and violence on television a unique study of contemporary tv audience behaviour and attitudes tv living offers a fascinating insight into the complex relationship between mass media and people s lives today

Mathematics-II (Calculus, Ordinary Differential Equations and Complex Variable)

1991

mathematics ii calculus ordinary differential equations and complex variable for the paper bsc 104 of the latest aicte syllabus has been written for the second semester engineering students of indian universities paper bsc 104 is common for all streams except cs e students the book has been planned with utmost care in the exposition of concepts choice of illustrative examples and also in sequencing of topics the language is simple yet accurate a large number of worked out problems have been included to familiarize the students with the techniques to solving them and to instil confidence authors long experience of teaching various grades of students has helped in laying proper emphasis on various techniques of solving difficult problems

Commonwealth Universities Yearbook 2000

2011

the 75th edition of the acu yearbook is published at a time of global expansion in higher education from australia to zimbabwe this internationally acclaimed title keeps you up to date with the changes taking place in the 600 universities of the commonwealth the 2000 edition has over 2 500 pages of fully updated facts about these institutions

their academic structure senior staff degree programmes and research activities much of this data is unique to the yearbook

Redirecting Science: Niels Bohr, Philanthropy, and the Rise of Nuclear Physics

2023-10-10

how and why do complex scientific disciplines such as physics change emphasis from one sub discipline to another do such transitions stem entirely from developments within the discipline itself or also from external factors this book addresses these questions by examining the transition from atomic to nuclear physics theoretically and experimentally at niels bohr s institute for theoretical physics in copenhagen in the 1930s on the basis of extensive archival research finn aaserud shows that the copenhagen spirit the playful research atmosphere under bohr s fatherly guidance that permeated the institute thrived because of extra scientific circumstances that bohr exploited to the fullest such as the need to help jewish physicists out of hitler s germany and the changing funding policies of private foundations notably those of the rockefeller foundation which made it opportune to introduce research in experimental biology at the institute a clear carefully developed and substantially convincing argument aaserud gives a detailed and impressively documented account of the direction of bohr s scientific interests aaserud is to be congratulated for his original clear indeed didactic work of scholarship and enlightenment paul forman physics today a professional historian s study of the happenings at the niels bohr institute in the decisive years 1930 to 1940 in particular the support of the

institute by danish and other foundations mainly the rockefeller foundation are treated in great detail revealing many interesting aspects of these relationships the detailed accounts of bohr s negotiations are a testimony to bohr s uncanny ability to get what he wanted from the various foundations aaserud s book is an invaluable source of information showing that bohr was not only an inspiring physicist and philosopher but also a cunning negotiator who knew how to make use of his great reputation for the benefit of science victor f weisskopf science aaserud elucidates bohr s skills not only as mentor and guiding hand behind the copenhagen spirit but also as financial negotiator neil wasserman isis a journal of the history of science society this book teaches us that running such a truly elite institution required entrepreneurial skills as well as scientific genius bohr had an abundance of both jeremy bernstein nature redirecting science is the history of bohr s institute during the 1930s when it experienced a drastic change in its research priorities from a laissez faire mode of work and lack of clearly defined research programme to a concerted research effort in nuclear physics and experimental biology aaserud gives a highly interesting account of the interaction between physics and biology aaserud s carefully documented work is an excellent example of how institutional history may transcend social and institutional limitations and integrate also conceptual history of science helge kragh centaurus by showing that a new research programme at one of the most important scientific institutes in the world was triggered and pushed forward by social and financial considerations this book delivers yet another blow to the tired old idea that scientific knowledge is driven by its own internal inexorable logic it also throws valuable light on bohr s activities and strategies as a fundraiser and institution builder john krige the british journal for the history of science

the field of information systems has been shifting from an immersion view which relies on the immersion of information technology it as part of the business environment to a fusion view in which it is fused within the business environment forming a unified fabric that integrates work and personal life as well as personal and public information

in the context of this fusion view decision support systems should achieve a total alignment with the context and the personal preferences of users the advantage of such a view is an opportunity of seamless integration between enterprise environments and decision support system components thus researchers and practitioners have to address the challenges of dealing with this shift in viewpoint and its consequences for decision making and decision support systems theories and applications this book presents the latest innovations and advances in decision support systems with a special focus on the fusion view these achievements will be of interest to all those involved and interested in decision making practice and research as well as more generally in the fusion view of modern information systems the book covers a wide range of topical themes including a fusion view of business intelligence and data warehousing applications of multi criteria decision analysis intelligent models and technologies for decision making knowledge management decision support approaches and models for emergency management and medical and other specific domains

Fusing Decision Support Systems Into the Fabric of the Context

1970

this textbook has been designed to meet the needs of b sc second semester students of chemistry as per the ugc choice based credit system cbcs with its traditional approach to the subject this textbook lucidly explains principles of chemistry important topics such as chemical energetics chemical ionic equilibrium aromatic hydrocarbons alkyl aryl halides alcohols phenols ethers aldehydes and ketones are aptly discussed to give an overview of physical and organic chemistry laboratory work has also been included to help students achieve solid conceptual understanding and learn

experimental procedures

Which Degree?

2013-11-11

in 1997 the two hottest topics in information technology are the internet and mobile communications each one has the enthusiastic attention of the consuming public investors and the technical community in a time of rapid expansion they both face technical obstacles to meeting the public s high expectations this situation stimulates a high volume of research in both areas to bring the internet into the twenty first century the research community focuses on multimedia communications in which integrated systems store transport and process many types of information simultaneously a major challenge is to meet the of each information service this problem is separate performance requirements especially challenging when a system has to deliver broadband real time services such as full motion video meanwhile the mobile communications research community continues its long term struggle against the triple challenge of mobility ether and energy mobility refers to the changing locations of terminals when terminals are mobile networks have to determine their locations and dynamically establish routes for information the networks also have to rearrange themselves in order to maintain links to terminals with active communications sessions ether refers to the problems of wireless communications including limited bandwidth rapidly changing radio propagation conditions mutual interference of radio signals and vulnerability of systems to eavesdropping and unauthorized access energy refers to the fact that portable information devices carry their own power sources the rate at which the batteries of cellular telephones and portable computers drain their energy has a strong effect on their utility
