whispers you must have heard that closer now clearer things i must repeat amplify my head's full of them so are these whispers about people places and myself that have taken shape and floated to the surface of my consciousness in a collection of poems which will move you to uncomfortable extremes at times grant you space to think and may even if you are lucky turn back into whispers for you to keep these are no shapeless dreams which have wandered past they have been nurtured and guided such that every word has been placed carefully in a mosaic to not just tell a story but give itself generously to the reader as a gift the challenge does not come in reading or even in understanding these whispers the challenge comes in the willingness of the reader to hold them engage them and keep them close enough to take them forward the question mark will be who the reader might become if they accept the whispers as their own things i must repeat amplify my head's full of them

when i was fourteen i got drunk for the first time champagne drunk my mouth was stretched in a smile so wide that my jaw hurt the sky had the colours of a bruise when nick johnstone got drunk for the first time at the age of fourteen he discovered a cure for the depression and anxiety that had been humming in his head since childhood over the next ten years he drank to overcome shyness to make the world bearable to get through the days and to get through the nights he also began to cut himself and he began to lie intelligent sensitive from a loving family neither he nor his countless doctors psychiatrists counsellors and therapists could understand where his disorders came from then when he was twenty four he was admitted into hospital

stripped of his cure nick johnstone painfully began the process of recovery although love proves to be the strongest cure of all this is a story with no tidy or happy endings honest and gripping by turns stark and lyrical a head full of blue powerfully evokes the often unfathomable psychology and behaviour that drives addiction examining self harm as a coping mechanism rather than a taboo it is an unusual moving and thought provoking memoir
