## **Energy Law in Australia 2021-09-20**

a central puzzle in jurisprudence has been the role of custom in law custom is simply the practices and usages of distinctive communities but are such customs legally binding can custom be law even before it is recognized by authoritative legislation or precedent and assuming that custom is a source of law what are its constituent elements is proof of a consistent and long standing practice sufficient or must there be an extra ingredient that the usage is pursued out of a sense of legal obligation or at

least that the custom is reasonable and efficacious and most tantalizing of all is custom a source of law that we should embrace in modern sophisticated legal systems or is the notion of law from below outdated or even dangerous today this volume answers these questions through a rigorous multidisciplinary historical and comparative approach offering a fresh perspective on custom s enduring place in both domestic and international law

## **Administrative Law and Judicial Review in Papua New Guinea 2014**

the concept of customary international law although differently formulated is already present in early modern european debates on natural law and the law of nations however no scholarly monograph has until now addressed the relationship between custom and the european natural law and ius gentium tradition this book tells that neglected story and offers a solid conceptual framework to contextualize and understand the problematic of custom namely how to identify its normative content natural law doctrines and the different ways in which they help construct human reason provided custom with

such normative content this normative content consists of a set of fundamental moral values that help identify the status of custom as either a fundamental feature or an original source of ius gentium this book explores what cultural values and practices facilitated the emergence of custom and rendered it into as a source of the law of nations and how they did so two crucial issues form the core of the book s analysis firstly it qualifies the nature of the interrelation between natural law and ius gentium explaining why it matters in relation to our understanding of the idea of custom second the book claims that the process of custom formation as a source of law calls into question the role of the authority of history the interpretation of the past through this approach can thus be described as one of invention

## ***Companies Act 2014: 2018 Edition 2021-12-02***

this monograph looks at how tax is intertwined with constitutional law and the state in the uk it looks at a variety of topics including tax devolution scrutiny and reform of tax legislation the protection of taxpayers and the domestic legal processing of international rules and problems tax law state building and the constitution presents and interrogates five key claims first there is a clear overlap between the concerns of tax and constitutional lawyers secondly the tax system is being deeply

affected by the fast pace of constitutional change thirdly decisions taken in the tax field are likely to have a reverse influence on the evolution of the constitution fourthly these relationships are heavily context dependent with tax making all the difference to some ongoing constitutional controversies whilst having very little to do with others fifthly by acknowledging tax as an important moving part within the contemporary constitution we might understand both tax and constitutional law a little better the book therefore contributes to deeper theoretical debates on the identity of tax law as a discipline the relevance of tax to public lawyers the meaning of state building in the recent history of a developed country and the importance of public finances to a wider sense of what is going on these are questions that ought to command the attention of tax and constitutional law academics as well as policy makers and reformers runner up of the 2022 SLS Peter Birks Prize for Outstanding Legal Scholarship

## **GST And Custom Law 2021-22 2013-05-31**
