most people outside italy know pier paolo pasolini for his films

many of which began as literary works arabian nights the gospel according to matthew the decameron and the canterbury tales among them what most people are not aware of is that he was primarily a poet publishing nineteen books of poems during his lifetime as well as a visual artist novelist playwright and journalist half a dozen of these books have been excerpted and published in english over the years but even if one were to read all of those the wide range of poetic styles and subjects that occupied pasolini during his lifetime would still elude the english language reader for the first time anglophones will now be able to discover the many facets of this singular poet avoiding the tactics of the slim idiosyncratic and aesthetically or politically motivated volumes currently available in english stephen sartarelli has chosen poems from every period of pasolini s poetic oeuvre in doing so he gives english language readers a more complete picture of the poet whose verse ranged from short lyrics to longer poems and extended sequences and whose themes ran not only to the moral spiritual and social spheres but also to the aesthetic and sexual for which he is most known in the united states today this volume shows how central poetry was to pasolini no matter what else he was doing in his creative life and how poetry informed all of his work from the visual arts to his political essays to his films pier paolo pasolini was a poet of the cinema as james ivory says in the book s foreword who left a trove of words on paper that can live on as the fast deteriorating images he created on celluloid cannot this generous selection of poems will be welcomed by poetry lovers and film buffs alike and will be an event in american letters

shipwreck modernity engages early modern representations of maritime disaster in order to describe the global experience of

ecological crisis in the wet chaos of catastrophe sailors sought temporary security as their worlds were turned upside down similarly writers poets and other thinkers searched for stability amid the cultural shifts that resulted from global expansion the ancient master plot of shipwreck provided a literary language for their dislocation and uncertainty steve mentz identifies three paradigms that expose the cultural meanings of shipwreck in historical and imaginative texts from the mid sixteenth through the early eighteenth centuries wet globalization blue ecology and shipwreck modernity the years during which the english nation and its emerging colonies began to define themselves through oceangoing expansion were also a time when maritime disaster occupied sailors poets playwrights sermon makers and many others through coming to terms with shipwreck these figures adapted to disruptive change traces of shipwreck ecology appear in canonical literature from shakespeare to donne to defoe and also in sermons tales of survival amateur poetry and the diaries of seventeenth century english sailors the isolated islands of bermuda and the perils of divine anger hold central places modern sailor poets including herman melville serve as valuable touchstones in the effort to parse the reality and understandings of global shipwreck offering the first ecocritical account of early modern shipwreck narratives shipwreck modernity reveals the surprisingly modern truths to be found in these early stories of ecological collapse

headline a study of how italian films re envisage male identity in response to sexual liberationblurb italian cinema has traditionally used the trope of an inadequate man in crisis to reflect on the country s many social and political upheavals masculinity and

italian cinema examines how this preoccupation with male identity becomes especially acute in the 1970s when a set of more diverse and inclusive images of men emerge in response to the rise of feminism and gay liberation through an analysis of the way italian films explore anxieties about male sexuality and femininity the book shows how such anxieties also intersect with particular preoccupations about national identity and political engagement this is an essential study tool to understand the multiple constructions of masculinity in italian cinema helping students and researchers to understand the work of some of italy s most provocative filmmakers key features re examines key italian films including bernardo bertolucci s the conformist ettoe scola s a special day pier paolo pasolini s theorem and lina wertmuller s the seduction of mimi in the light of gender and queer theory covers the major thematic concerns genres and stylistic traits of 1970s italian political cinema analyses the broader cultural context of 1970s italy including sections on italian feminism gay liberation and the post 68 social movements key words gender queer body gay feminism pier paolo pasolini bernardo bertolucci lina wertmuller nanni moretti federico fellini ettoe scola marco ferreri

written between 1963 and 1967 the divine mimesis pasolini s imitation of the early cantos of the inferno offers a searing critique of italian society and the intelligentsia of the 1960s it is also a self critique by the author of the ashes of gramsci 1957 who saw the civic world evoked by that book fading absolutely from view by the mid 1960s pasolini theorized the italian language had sacrificed its connotative expressiveness for the sake of a denuded technological language of pure communication in this context he projects a rewrite of dante s commedia in which two historical embodiments of pasolini himself occupy the roles of the pilgrim and guide in their underworld journey densely layered with poetic and philological allusions and illuminated by a parallel text of photographs that juxtapose the world of the italian literati to the simple reality of rural italian life this narrative was curtailed by pasolini several years before he sent it to his publisher a few months prior to his murder in 1975 yet many of pasolini s projects took the provisional form of notes toward an eventual work such as sopralluoghi in palestina location scouting in palestine appunti per una oresteide africana notes for an african oresteia and appunti per un film sull india notes for a film on india the divine mimesis has a kinship to these filmic works as pasolini himself ruled it complete though still in a partial form written at a turning point in his life when he was wrestling with his poetic demons the true center of gravity of pasolini s dantean project is the potential of poetry to teach and probe ethically and aesthetically in reality i wanted to make something seething and magmatic pasolini declared even if in prose in this first english translation of pasolini s la divina mimesis italianist thomas e peterson offers historical

linguistic and cultural analyses that aim to expand the discourse about an enigmatic author considered by many to be the greatest italian poet after montale published by contra mundum press one year in advance of the 40th anniversary of pasolini s death in the history of twentieth century poetry there is no other poet besides pasolini who has more tenaciously interrogated his own i more persistently contemplated it admired it examined it analyzed it and dissected it in order then to show its suffering entrails to the world as they beg for understanding affection and pity giorgio barberi squarotti

ostentation of the subject is a practice that is asserting itself ever more in today s world consequently criticism by philosophers psychologists sociologists and anthropologists has been to little effect considering that they are not immune to such practices themselves the question of subjectivity concerns the close and the

distant the self and the other the other from self and the other of self it is thus connected to the question of the sign it calls for a semiotic approach because the self is itself a sign its very own relation with itself is a relation among signs this book commits to developing a critique of subjectivity in terms of the material that the self is made of that is the material of signs susan petrilli highlights the scholarship of charles peirce mikhail bakhtin roland barthes mary boole jacques derrida michael foucault emmanuel levinas claude levi strauss maurice merleau ponty charles morris thomas sebeok thomas szasz and victoria welby included are american and european theories and theorists evidencing the relationships interconnecting american italian french and german scholarship petrilli covers topics from identity issues that are part of semiotic views to the corporeal self as well as responsibility reason and freedom her book should be read by philosophers semioticians and other social scientists

it is time for philosophy to return to the city in today s crisis ridden world of globalised capitalism increasingly closed in on itself it may seem harder than ever to think of ways out philosophy runs the risk of becoming the handmaiden of science and of a hollowed out democracy donatella di cesare calls on philosophy instead to

return to the political fray and to the city the global pólis from which it was banished after the death of socrates suggesting a radical existentialism and a new anarchism di cesare shows that western philosophy has been characterised by a political vocation ever since its origins in ancient greece and argues that the separation of philosophy from its political roots robs it of its most valuable and enlightening potential but critique and dissent are no longer enough mindful of a defeated exile and an inner emigration philosophers should return to politics and forge an alliance with the poor and the downtrodden this passionate defence of the political relevance of philosophy and its radical potential in our globalised world will be of great interest to students and scholars of philosophy and to a wide general readership

the major italian filmmaker pier paolo pasolini was also a poet novelist essayist and iconoclastic political commentator naomi greene reveals to english speaking readers the diverse talents that made him one of the most controversial european intellectuals of the postwar era at the center of political and cultural debates still vital to our time greene presents pasolini s films to the english speaking world in full detail and in a rich critical context using them to trace the evolution of his ideas and the details of his troubled personal life from 1950 when he settled in rome to 1975

the year of his brutal murder apparently at the hands of a young male prostitute in her concise and sympathetic book greene intelligently explicates the political and social context within which pasolini became both a leading figure and a significant heretic he was an atheist who directed one of the few genuinely profound biblical films in the cinema a communist who severely criticized many of the radical movements of modern italy though he publicly acknowledged his homosexuality he privately referred to it as his sickness as the book well documents pasolini was not a rebel but rather an authentic heretic who worked in contradiction to both his medium and milieu choice originally published in 1990 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

ideology has become increasingly central to work in translation studies to date however most studies have focused on literary and religious texts thus limiting wider understanding of how ideological clashes and encounters pervade any context where power inequalities are present this special edition of the translator deliberately focuses on ideology in the translation of a rich variety of lesser studied genres namely academic writing cultural journals legal and scientific texts political interviews advertisements language policy and european parliament discourse in all of which translation as a social practice can be seen to shape maintain and at times also resist and challenge the asymmetrical nature of exchanges between parties engaged in or subjected to hegemonic practices the volume opens with two ground breaking papers that investigate the nature and representation of truth and knowledge in the translation of the sciences followed by two contributions which approach the issue of shifts in the translation of ideology from the standpoint of critical linguistics and critical discourse analysis using data from political speeches and interviews and from english and korean versions of newswire other contributions discuss the role that translation scholars can play in raising public awareness of the manipulative devices used in advertising the way in which potentially competing institutional and individual ideologies are negotiated in the context of interpreting in the european union the role translation plays in shaping the politics of a multilingual nation state with reference to belgium and the extent to which the concepts of norms and polysystems may be productive in investigating the link between translation and ideology with reference to chinese data
