is the money running out faster than it comes in somehow the old saying work hard and the money will follow has not yet panned out for you you work hard and exhaust yourself but the money runs out as fast or faster than it comes in suddenly you discover that half of your working life has nothing to show for except debt and the recognition of a hard worker each month you are terrified angry and maybe even ashamed to look at your bank balance you wonder where does all the money go or maybe you re in the other camp you earn enough but barely enough and each month you spend a little more than you have you know it s unsustainable but you cannot figure out the things you need to do to have the financial breakthrough that you deserve from a distance it looks as if the problem is not having enough money the age old thinking says the more money you have the less problems you ll have as well so it makes sense to just make more money you can try and get rich but

it won't solve your problems they will actually get worse why because money is a magnifier for the type of person you are what good is money going to do for you when the same feelings of terror insecurity and scarcity were present before you had enough money the real problem how do you cure the insecurity and struggle of having enough money and earn plenty of it too you know there has to be another way to feel safe secure and have plenty of money without the hard work and stress you're not asking for much only to meet your needs and have enough money left over to do what you like and like what you do it is possible to have a nourishing relationship with money that reflects abundance safety and ease this may not look like a million dollar investment portfolio but you'll be able to talk about money with confidence have expenses that feel good and true to the heart earn an income doing what you enjoy and lighten the weight of debt or completely erase it introducing a unique book that deals with creating a healthy and sustainable relationship with money opening the flow of money the

purpose of opening the flow of money is for you to embody truth love and power so you can have a consistent healthy relationship with money this relationship manifests uniquely for each person but the main outcome is the same abundance relief and sacredness with money with this type of relationship the income potential is unlimited and your expenses are aligned with your heart and values there s no fluff n stuff of ask believe and receive this book is down to earth practical and nourishing for the heart and soul when you read this book expect to receive these outcomes the truth to money so earning it is simple and enjoyable abundance and ease that gives you relief in your finances confidence to live your fullest because you understand the matching vibe for financial success get unstuck in your current money situation and heal its surrounding issues play money like a game so life becomes fun and adventurous with new challenges and successes form empowering beliefs for a healthy and whole attitude to move you forward in creating your ideal financial reality by the end of the book you will feel
