24th 1915 chicago commuters were horrified as they watched the ss eastland a tourism boat taking passengers across lake michigan flip over while tied to the dock and drown 835 passengers including 21 entire families rockefeller morgan and carnegie had bought into the ship business in the midwest creating a boom market and a demand for ships that were bigger longer faster the pressure filled and greedy climate that resulted would be directly responsible for the eastland disaster and others as dramatic as the disaster was the subsequent trial was even more so the public demanded justice when the immigrant engineer who was being scapegoated for the accident was left out to dry by the ship's owners penniless and down on his luck clarence darrow decided to take his case the defense he mounted which he was too ashamed to even mention in his memoirs would be even more shocking offers readers studying the english language exercises to achieve a higher level of proficiency to become effective communicators in this deeply learned book poet and translator robert bly offers nothing less than a new vision of what it is to be a man bly's vision is based on his ongoing work with men and reflections on his own life he addresses the devastating effects of remote fathers and mourns the disappearance of male initiation rites in our culture finding rich meaning in ancient stories and legends bly uses the grimm fairy tale iron john in which the narrator or wild man guides a young man through eight stages of male growth to remind us of archetypes long forgotten images of vigorous masculinity both protective and emotionally centered simultaneously poetic and down to earth combining the grandeur of myth with the practical and often painful lessons of our own histories iron john is a rare work that will continue to guide and inspire men and women for years to come touchstone together with viewpoint is a six level english program based on research from the cambridge english
