Understanding and Preventing Violence 2000-06-22

vietnam declassified is a detailed account of the cia s effort to help south vietnamese authorities win the loyalty of the vietnamese peasantry and suppress the viet cong covering the cia engagement from 1954 to mid 1972 it provides a thorough analysis of the agency and its partners retired cia operative and intelligence consultant thomas l ahern jr is the first to comprehensively document the cia s role in the rural pacification of south vietnam drawing from secret archives to which he had unrestricted access in addition to a chronology of operations the book explores the assumptions political values and cultural outlooks of not only the cia and other u s government agencies but also of the peasants viet cong and saigon government forces competing for their loyalty the depth of ahern s research combined with the timely relevance of his analysis to current events in the middle east makes this title an important addition to military literature

Vietnam Declassified 2009-12-18

the central intelligence agency cia is one of the most fascinating yet least understood intelligence gathering organizations in the world

Encyclopedia of the Central Intelligence Agency 2003

the central intelligence agency is essential in the fight to keep america safe from foreign attacks this two volume work traces through facts and documents the history of the cia from the people involved to the operations conducted for national security this two volume reference work offers both students and general interest readers a definitive resource that examines the impact the cia has had on world events throughout the cold war and beyond from its intervention in guatemala in 1954 through the bay of pigs the vietnam war the iran contra affair and its key role in afghanistan following the terrorist attacks of september 11th 2001 this objective apolitical work covers all of this controversial intelligence agency s most notable successes and failures the content focuses on describing how a u s government organization that is unlike any other conducts covert warfare surreptitiously collects information and

conducts espionage the work allows for easy reference of former cia operations and spies looking at the positive and negative aspects of each operation and the why and how of its execution the second volume provides documentation that supports and amplifies more than 200 cross referenced entries readers will be able to understand the reasons behind the cia s various actions perceive how the agency s role has evolved across its 75 year history and intelligently consider the viability and future of the cia

The Central Intelligence Agency [2 volumes] *2015-12-14*

the first book the u s government ever went to court to censor before publication published with lengthy blank spaces indicating the exact location and length of the 168 deletions demanded by the cia jacket

Death in Portugal *1983*

this second edition of rhodri jeffreys jones s engrossing history of the central intelligence agency includes a new preface that discusses the agency s fortunes since the end of the cold war describing the cia s adventures and misadventures from its founding in 1947 jeffreys jones contends that its successes have depended largely on the power of its directors to sell its image and ideas to washington policymakers

The CIA and the Cult of Intelligence *1974*

in this the first full length study of the directorate of science and technology jeffrey t richelson walks us down the corridors of cia headquarters in langley virginia and through the four decades of science scientists and managers that produced the cia we have today he tells a story of amazing technological innovation in service of intelligence gathering of bitter bureaucratic infighting and sometimes as in the case of its mind control adventure of stunning moral failure based on original interviews and extensive archival research the wizards of langley turns a piercing lamp on many of the agency s activities many never before made public

The CIA and American Democracy *1998*

eternal vigilance seeks to offer reinterpretations of some of the major established themes in cia history such as its origins foundations its treatment of the soviet threat the iranian revolution and the accountability of the agency the book also opens new areas of research such as foreign liaison relations with the scientific community use of scientific and technical research and economic intelligence the articles are both by well known scholars in the field and young researchers at the beginning of their academic careers contributors come almost equally from both sides

of the atlantic all draw to varying degrees on recently declassified documents and newly available archives and as the final chapter seeks to show all point the way to future research

The Wizards Of Langley 2008-11-10

in 1967 floyd paseman joined the central intelligence agency following successful service as an army officer in germany he was first stationed in the far east where he became fluent in chinese language and culture and then in germany at what was largely considered the agency s toughest cold war field posting over the years he rose from field spy to division chief and ultimately the top ranks in the operations directorate of the cia paseman details the behind the scenes intelligence gathering during the major events of eight presidential administrations from lyndon b johnson through george w bush

Eternal Vigilance? 2013-09-13

from the author s introduction let me start by saying what this book is not it is not an attack on the men and women of the clandestine service of the central intelligence agency the overwhelming majority of whom are dedicated patriotic americans working hard everyday on behalf of their fellow citizens god knows that they do not do it for the money nor do they do it for the recognition they do it because they believe in the work and because they know as i do that there really are monsters in the world and someone has to protect us from them it is also not an argument against the existence of a central human intelligence collection organization within the united states government we desperately needed a central intelligence agency in 1947 when the cia was created we even more desperately need such an entity today the threats facing us are multiplying and becoming more complex the time horizons in which threats are emerging are shortening technology is evolving at an astonishing rate and we really are fast approaching the day when there will be dozens of groups and nations on this planet capable of threatening us with biological chemical radiological and nuclear weapons this is not pulp fiction this is reality this book is an argument that the existing central intelligence agency is no longer capable of performing the task for which it was designed and must rapidly be replaced

A Spy's Journey 2010-11-10

as conceived this history was aimed at satisfying the need of employees of the central intelligence agency especially new or young professional ones for a comprehensive and detailed account of the agency s origin it was completed in 1975 classified secret and reproduced in sets of 2 volumes each the security classification has recently been reviewed and the manuscript shorn of no more than six typewritten pages of material is now declassified thus

released for leisurely reading outside the office and printed in one volume this history should better serve its original purpose preface

Beyond Repair 2011-10-04

the first edition of this book published in 1999 was well received but interest in it has surged in recent years it chronicles an early example of regime change that was based on a flawed interpretation of intelligence and proclaimed a success even as its mistakes were becoming clear since 1999 a number of documents relating to the cia's activities in guatemala have been declassified and a truth and reconciliation process has unearthed other reports speeches and writings that shed more light on the role of the united states for this edition the author has selected and annotated twenty one documents for a new documentary appendix including president clinton's apology to the people of guatemala

Donovan and the CIA 1981

nutter who has studied the subject for years argues that the us has become too enamored with covert action such as acts against saddam hussein and international terrorists secret afghan missions the overthrow of guatemalan leaders assassination plots against castro and others domestic and foreign narcotics conspiracies underground mafia relations and even plans to dupe top us officials his account is a public declassification of exploits and secrets annotation copyrighted by book news inc portland or

Secret History, Second Edition 2006-10-09

today diversity is the default not the exception minorities are already the majority in some of the biggest cities in the united states and demographers predict that the same will be true of the country as a whole before 2050 yet companies continue to address the general market as a separate audience from ethnic consumers rather than acknowledging that the new mainstream is itself multicultural in addition many who do target multicultural audiences still employ ad strategies that rely heavily on stereotypes and fail to resonate with minority communities here david burgos and ola mobolade look at the changed marketplace revealed in the new 2010 census data and show marketers how to develop integrated campaigns that effectively reach these culturally diverse consumer populations drawing on interviews with industry leaders and millward brown's vast database of consumer research this book will be a roadmap to the opportunities and challenges of marketing to the new mainstream in a way that feels natural respectful and inclusive

The CIA's Black Ops 2000

the cia a forgotten history tells the remarkable story of the cia interventions in more than fifty countries from the earliest actions in china to the present day campaign against nicaragua investigative writer william blum describes the grim role played by the agency in overthrowing governments preventing elections assassinating leaders suppressing revolutions manipulating trade unions and manufacturing news in detail that's never before appeared in one book blum also shows how the mainstream media have frequently not bothered to probe highlight or even report many of america's aggressive actions abroad effectively this has helped the us government camouflage its operations and intentions abroad ever since world war ii washington's deception and the media's laxity combine to leave us functionally illiterate about the history of modern us foreign policy and that the author believes is good neither for democracy nor for development and world peace this immensely readable account has been carefully pieced together from widely disparate sources and with a scrupulous eye to documentation

Marketing to the New Majority 2011-08-02

a lively account combines the derring do of old fashioned spycraft with thoughtful meditations on the future of warfare and intelligence work it deserves to be read the washington post offers an exceptionally deep glimpse into the cia's counterterrorism operations in the last decade of the twentieth century harper's a legendary cia spy and counterterrorism expert tells the spellbinding story of his high risk action packed career revelatory and groundbreaking the art of intelligence will change the way people view the cia domestic and foreign intelligence and international terrorism henry a hank crumpton a twenty four year veteran of the cia's clandestine service offers a thrilling account that delivers profound lessons about what it means to serve as an honorable spy from cia recruiting missions in africa to pioneering new programs like the uav predator from running post 9 11 missions in afghanistan to heading up all clandestine cia operations in the united states crumpton chronicles his role in the battlefield and in the oval office in transforming the way america wages war and sheds light on issues of domestic espionage
