roger lam thought he was done with writing after pouring 46 years worth of his life lessons into his first book lost and found money vs riches that was almost certainly the case until multimedia messages from god led him to liquidate his entire equity portfolio in early february 2018 followed by an unbelievably supernatural confirmation the following morning immediately deep in roger lam's heart he knew this was a story that had to be told for the glory of god but little did he know that this dramatic conclusion to his pledge for church premises pales in comparison to what god had planned ahead for him in the rest of 2018 lose to find change of control reads like a christ follower's diary of wrestling with surrender despite constantly feeling like the most unlikely spokesperson and champion for stewardship and generosity it became clear to roger lam that god was not satisfied to leave the other areas of his life besides money remaining in his control his vocation safety and purpose continuing in the same authenticity and conversational tone for which readers around the world have shown appreciation in his first book roger lam humorously shares his continued god ordained spiritual transformation going beyond the area of money which he thought he had already mastered this new leg of his spirit filled journey entails unimaginable interlinked supernatural adventures starting in hong kong followed by divine appointments in beijing tel aviv jerusalem south india shanghai and washington d c all within a calendar year

explores how the emotional experience of gratitude has been enlisted in neoliberal governance through the language of debt in the art of gratitude jeremy david engels sketches a genealogy of gratitude from the ancient greeks to the contemporary self help movement one of the most striking things about gratitude engels finds is how consistently it is described using the language of indebtedness a chief purpose of this he contends is to make us more comfortable living lives in debt with the nefarious effect of pacifying the citizenry so we are less likely to speak out about social and economic injustice to counteract this he proposes an alternative art of gratitude as thanksgiving that is inspired by indian philosophy particularly the yoga philosophy of the bhagavad gita and patanjali s yoga sutras he argues that this art of gratitude can challenge neoliberalism by reorienting our politics away from resentment anger and guilt and toward a democratic ethic of thanksgiving and the common good jeremy david engels is the sherwin early career professor in the rock ethics institute and associate professor of communication arts and sciences at penn state university he is the author of the politics of resentment a genealogy and enemyship democracy and counter revolution in the early republic
